MEMORANDUM

TO: Opelika City Council

FROM: Lennie Squiers, President, Lee County Autism Resource & Advocacy

RE: A-Day Autism 5K

Lee County Autism Resource & Advocacy is an all-volunteer non-profit benefitting the families of Lee County and surrounding areas with educational meetings, resources, outreach and family involvement. We are members of the Opelika Chamber of Commerce and members of Family Resource Center and Envision Opelika.

We were very pleased with the venue for our event last year and the participants expressed that they liked the course in downtown Opelika. April is National Autism Month and we would like to have our A-Day Autism 5K in Opelika on April 9, 2016. We have filled out paperwork with Pam Powers-Smith of Main Street Opelika and she has cleared the date.

Attached you will find a copy of the routes for the 5K and our 1 mile fun run, which will be held at the same time. This is the same route and time that we had last year, the only difference being that the event will be earlier in April than last year. A.O.R.T.A. will be conducting the timing and running event. The event will begin at 7:00 a.m. and end at 11:00 a.m. (the run should be finished by 9:00 am.) We will have volunteers stationed at strategic points throughout the race to direct runners.

If any further information is needed, please feel free to contact me at 742-2694.

According to the real property records of Lee County, Alabama, The Buryl C. Jones Revocable Trust is the owner, or a mortgagee, or a lienholder of the real property described in this notice. The building is located on the following described real property, to-wit, which is described hereinafter as the "Subject Property":

Street Address: 600 Meadow Avenue, Opelika, AL 36801

Legal Description: Lot 12 in Meadow Park Subdivision, Unit No. One, in the City of Opelika, Alabama, according to and as shown by a plat of Meadow Park Subdivision, Unit No. One, as the same appears of record in the Office of the Judge of Probate of Lee County, Alabama, in Town Plat Book 3 at Page 39; together with all improvements thereon, and appurtenances thereunto appertaining.

Parcel Identification Number: 43-10-04-18-3-001-001.000

As the Building Official of the City of Opelika, the undersigned inspected the building on the Subject Property on November 23, 2015. Based upon said inspection, the building located on the Subject Property is deemed to be a "dangerous building" within the meaning of Ordinance No. 116-15 because of the following conditions and/or defects:

(Check all that apply)

- ☐ (1) The interior walls or other vertical structure members of the building list, lean or buckle to such an extent that a plumb line passing through the center of gravity falls outside the middle third of its base.
- ☐ (2) Exclusive of foundation, the building shows thirty-three (33) percent or more of damage or deterioration of one (1) or more supporting members or fifty (50) percent of damage or deterioration of the non-supporting enclosing or outside walls or covering.
- ☐ (3) The building has improperly distributed loads upon the floors or roofs, or, in which the same are overloaded or which has insufficient strength to be reasonably safe for the purpose used.
- X (4) The building has been damaged by fire, wind, earthquake, flood, sinkhole, deterioration, neglect, abandonment, vandalism or other cause so as to become dangerous to life, health, property, morals, safety or general welfare of the public or the occupants.
- X (5) The building has become or is so damaged, dilapidated, decayed, unsafe, unsanitary, lacking in maintenance, vermin or rat-infested, containing filth or contamination, lacking proper ventilation, lacking sufficient illumination, or which so utterly fails to provide the amenities essential to decent living that it is unfit for human habitation, or is likely to cause sickness or disease, so as to work injury to the life, health, property, morals, safety or general welfare of the public or the occupants.
- X (6) The building has light, air, heating, cooling and sanitation facilities which are inadequate to protect the life, health, property, morals, safety or general welfare of the public or the occupants.
- ☐ (7) The building has inadequate facilities for egress in case of fire or panic, or has insufficient stairways, elevators, fire escapes or other means of ingress and egress to and from said building.
- ☐ (8) The building does not provide minimum safeguards to protect or warn occupants in the event of fire.

- X (9) The building contains unsafe equipment, including any boiler, heating equipment, elevator, moving stairway, electrical wiring or device, flammable liquid containers, or other equipment on the premises, or within the structure which is in such disrepair or condition that such equipment is a hazard to life, health, property, morals, safety or general welfare of the public or the occupants.
- ☐ (10) The building is so damaged, decayed, dilapidated, structurally unsafe, or is of such faulty construction or unstable foundation that partial or complete collapse is possible.
- ☐ (11) The building has parts thereof which are so attached that they may fall and damage property or injure the public or the occupants.
- ☐ (12) The building, or any portion thereof, is clearly unsafe for its use or occupancy.
- X (13) The building is neglected, damaged, dilapidated, unsecured, or abandoned so as to become an attractive nuisance to children who might play in or on the building, structure, part of building or structure, party wall, or foundation to their danger, has become a harbor for vagrants, criminals, or immoral persons, or enables persons to resort to the building, structure, part of building or structure, party wall, or foundation for committing a nuisance or an unlawful act.
- ☐ (14) The building has any portion remaining on a site after the demolition or destruction of the same or whenever the building, structure, part of building or structure, party wall, or foundation is abandoned so as to constitute such building, structure, part of building or structure, party wall, or foundation as an attractive nuisance or hazard to the public.
- X (15) The building is, because of its condition, unsafe, unsanitary, or dangerous to the life, health, property, morals, safety, or general welfare of the public or the occupants.

Attached hereto is a report which outlines the findings from said inspection and identifies specific code violations.

The Building Official further finds and determines that the building on the Subject Property is substantially damaged or decayed, or deteriorated from its original value or structure

(not including the value of the land). The Building Official further finds and determines that the building on the Subject Property cannot be reasonably repaired so that it will no longer exist in violation of the terms of Ordinance No. 116-15 governing unsafe structures and dangerous buildings. The Building Official further finds that the building on the Subject Property is a fire hazard existing in violation of the terms of Ordinance No. 116-15, governing unsafe structures and dangerous buildings. The Building Official further finds that the building on the Subject Property is unsafe to the extent that it is a public nuisance.

NOTICE is hereby given to remedy the unsafe or dangerous condition by demolition of the building on the Subject Property within forty-five (45) days of this Notice to the Building Official's satisfaction. In the event that the owner does not comply within the time specified herein to the Building Official's satisfaction, the demolition shall be accomplished by the City and the cost thereof assessed against the Subject Property and such cost shall constitute a lien against the Subject Property.

The Building Official finds that the building on the Subject Property is in such condition as to make it dangerous to the life, health, property, morals, safety or general welfare of the public or the occupants. Therefore, the undersigned Building Official orders that the building on the Subject Property shall be and remain vacant until demolished.

Notice is hereby given that the City Council of the City of Opelika, Alabama, will hold a public hearing on Tuesday, February 16, 2016, at 7:00 p.m. in the City Council Chambers of the municipal building, 204 South 7th Street, Opelika, Lee County, Alabama, to discuss the findings of the Building Official. At that time, the City Council will consider the adoption of a resolution ordering the demolition of the building located on the Subject Property. At the public hearing, the City Council will receive any objections to the finding by the Building Official that the building or structure is unsafe to the extent of becoming a public nuisance. A written request for a public hearing is not necessary. At the public hearing, the City Council shall also receive any written objections to the findings by the Building Official. Any such written objection must be submitted to the City Clerk prior to the meeting of the City Council. All interested persons are invited to appear before the City Council in person or through his or her representative to show cause, if any, why his or her objection to the demolition of the building or structure should be sustained. No action shall be taken on the finding of the Building Official until determination is made thereon by the City Council. Upon the holding of the hearing, the City Council shall determine whether or not the building or structure is unsafe to the extent that it is a public nuisance. If it is determined by the City Council that the building or structure is unsafe to the extent that it is a public nuisance, the City Council shall order the demolition of the building or structure at the expense of the City and assess the expenses of the demolition against the land on which the building or structure stands or to which it is attached. Any person aggrieved by the decision of the City Council may, within ten (10) days thereafter, appeal to the Circuit Court of Lee County, Alabama, upon the filing with the Clerk of the Circuit Court of Lee County, Alabama, notice of appeal and bond for security of costs in the form and amount to be approved by the Circuit Court. For further particulars, see Ordinance No. 116-15 and Section 5-227 of the *Code of Ordinances*. Anyone interested in the status of these

proceedings may inquire with the Opelika City Clerk at 334-705-5110 or in person at the City Clerk's office located on the second floor of City Hall, 204 South 7th Street, Opelika, Alabama.

(4) It is unlawful for any person who has received this "Notice of Dangerous Building, Finding of Public Nuisance and Order to Remedy" to sell, transfer, mortgage, lease, encumber or otherwise dispose of the building on the Subject Property to another until such person shall first furnish the grantee, transferee, mortgagee or lessee a true copy of this "Notice of Dangerous Building, Finding of Public Nuisance and Order to Remedy" and shall furnish to the Building Official a signed and notarized statement from the grantee, transferee, mortgagee or lessee acknowledging the receipt of this "Notice of Dangerous Building, Finding of Public Nuisance and Order to Remedy" and fully accepting the responsibility without condition for making the corrections, repairs or demolitions required by this "Notice of Dangerous Building, Finding of Public Nuisance and Order to Remedy".

RE: Emergency Repair SW Truck #840

The CAT engine on Solid Waste truck #840 needs replacing soon as possible. Without this truck in operation, Solid Waste will not be able to pick up trash in a timely manner which is important to the health and safety of the citizens of Opelika. To protect the public health and safety of the citizens of Opelika, I am declaring this repair an emergency.

Date: February 8, 2016

Re: CAT Engine for Truck 840

We need to replace the CAT engine on Truck 840 as soon as possible and request this be handled as an emergency purchase. This is necessary because we will not be able to pick up the trash in a timely manner without this truck operating. If we are not able to pick up the trash in a timely manner it could result in a health and safety issue for our residents.

We have received 3 quotes and would like to have the engine replaced by Caterpillar with their Option 2. Caterpillar has an Opelika location. Their price is higher than the other quotes, but Caterpillar will use factory parts and Freight Liner and Kenworth will use after market parts. Using Caterpillar parts should make the engine last longer plus Caterpillar offers a 2-year warranty and the others only offer a 1-year warranty.
