**RESOLUTION ADOPTING TRANSPORTATION PLAN
PURSUANT TO THE REBUILD ALABAMA ACT**

WHEREAS, the Alabama Legislature adopted Act No. 2019-2 (the “Act”) known as the Rebuild Alabama Act to levy additional excise tax on gas; and

WHEREAS, the Rebuild Alabama Act provides for an allocation among the municipalities of the state on the basis of the ratio of population of each municipality to the total population of the state a portion of the additional taxes levied under the Act to be used for transportation and infrastructure, improvement, preservation and maintenance; and

WHEREAS, the Act provides that the municipal governing body of the City of Opelika (the “City”) shall adopt an annual Transportation Plan no later than August 31st which shall provide a detailed list of projects for which expenditures are intended to be made in the next fiscal year and shall be based upon an estimate of the revenues anticipated from the fund in which the additional revenue is deposited during the next fiscal year; and

WHEREAS, the Act further provides that any such funds received from the Rebuild Alabama Act shall be used only for the following:

Grade, Drain, Base and Pave Hi Pack Roadway Extension and Roundabout at Cunningham Drive. This contract has been awarded to EAC Enterprises, LLC dba AGX Siteworx.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Opelika, Alabama, as follows:

1. That the City Council of the City of Opelika hereby passes this Resolution as its Transportation Plan for the fiscal year 2026-2027 beginning October 1, 2026, and ending September 30, 2027, submitted in compliance with the Rebuild Act, Act No. 2019-2.
2. Pursuant to the Act, the City estimates that its anticipated allocation from the

Rebuild Alabama Act fund for the fiscal year 2026-2027 will be approximately \$2,820,262, with increasing allocations for each fiscal year thereafter.

3. Pursuant to the Act, the City anticipates expending funds received pursuant to the Act, in part or in whole, to fund any of the projects listed on the attached list. The list may be updated by the City on a yearly or as needed basis.

4. That the City Clerk is hereby authorized and instructed to post a copy of this Resolution as its Transportation Plan which must be at all times posted at City Hall and on the City of Opelika website.

5. That the Treasurer is hereby authorized and directed to establish a separate fund maintained by the City for receipt and deposit of funds received pursuant to the Act, the proceeds of which shall be expended solely for the maintenance, improvement, replacement and construction of roads and bridges maintained by the City and such other uses as are authorized by the Act.

6. That this Resolution shall take effect upon its passage and adoption by the City Council.

CDBG ANNUAL ACTION PLAN

Submitted to:

October 1, 2026-September 31, 2027

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Opelika is an entitlement community and grantee of the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant (CDBG) Program. Funding available under this program is provided for activities within the city limits to address community development needs including those for housing rehabilitation, public services, public facilities, infrastructure, job creation and much more for low to moderate income (LMI) families and individuals.

The Action Plan coordinates the City's housing and community development efforts with those of other public, private and nonprofit housing providers and non-housing service agencies. The resulting plan provides a unified vision for community development and housing actions with the primary goals of providing affordable housing and supportive services to LMI families, homeless persons, and populations with special needs (.e.g., elderly, disabled, etc.), improving public facilities and/or infrastructure, and eliminating slums and blight. The Year 2 Action Plan (PY2026) of the five-year planning period lays out the proposed use of funds for the second program year (October 1, 2026 – September 30, 2027).

This Action Plan is submitted to HUD to fulfill the requirements for the Annual Action Plan set forth in 24.CFR§91.200 (c) and §91.220 (b).

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Five goals have been established for the five-year consolidated planning period. They are:

Goal 1: Provide decent and affordable housing for LMI families including populations with a disability and/or elderly

Goal 2: Provide supportive services for LMI families including populations with a disability and/or elderly

Goal 3: Provide support for non-profit public services that benefit LMI persons

Goal 4: Revitalization and providing economic opportunities that benefit LMI persons

Goal 5: Eliminate slums and blight

Goals 1, 2, and 5 will be accomplished through the city's Emergency Home Repair program, the Homeownership Loan program, and through the Building Inspection Division with the demolition of neglected and unsafe properties. The Emergency Home Repair Program provides home repairs to low- and moderate-income (LMI) individuals and families, which include those with a disability and/or elderly. This program has been expanded to include accessibility ramps for manufactured home owners. Our goal is to assist 10 homeowners per year with repairs.

The Homeownership Loan Program assists LMI individuals and families with down payment and closing cost expenses so they can purchase a home. This allows a first-time home buyer with good credit but limited savings to afford home ownership. This program has been extended to include loan discount points to further assure affordability. Our goal is to assist five (5) buyers per year to purchase a home.

Goal 3 will be accomplished by supporting the East Alabama Food Bank's Community Market and Lee Russell Council of Government Utility Assistance Program.

The Community Market distributes food in a friendly, grocery store environment for families in need. It is a client-choice food pantry that allows people to select the food that best fits their needs. The Community Market of the Food Bank of East Alabama mission is to increase access to healthy food for all people that are in need and serves in ways that cultivate dignity, self-sufficiency, empowerment, and provide for a strong community.

Support will also be provided for Lee Russell Council of Government Utility Assistance program. This program aids with utility costs for low- and moderate-income at a time when they cannot afford to pay for an electrical, water, or gas bill. Assistance is available once annually.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The success of our Emergency Home Repair program and the number of people we can serve each year has made it impossible NOT to continue this activity each year. To date the City of Opelika has

assisted three (3) homeowners with home repairs during PY2025 representing senior citizen, disabled, and female head of households. Many seniors and disabled are living on a very limited income that simply cannot afford to do the repairs that are needed on their homes. They must choose between eating, medical expenses, or home repairs. Home repairs are often a last priority. Due to the increased cost of materials and labor, we were unable to repair as many homes as we have in the past. The City of Opelika will continue to concentrate on improving the living conditions and providing affordable housing for our low-moderate income citizens.

The City of Opelika has closed on two (2) Home Ownership Loans and has two (2) pending that will close in June. Higher interest rates and housing costs continue to be contributing factors to the decrease in closings. This program is essential for first time home buyers who have good credit but need assistance covering expenses to realize the dream of home ownership.

Four (4) downtown businesses have benefited from Opelika Main Street Facade Program and completed renovations this program year. There are two blocks currently being redeveloped and interested in this program. Opelika's Historic Downtown Business District is an economic driver bringing continued jobs and tax revenue. This program is integral in maintaining our historic inventory of properties currently listed on the National Register of Historic Properties.

Our most recently conducted annual timeliness report, pulled on June 9, 2026, indicated the city had a 1.78 draw ratio for its current (PY2025) grant cycle in the Line of Credit. This is higher than the threshold of 1.5 times of the current grant amount. We have worked diligently providing public services, housing services, providing sidewalks, and facade improvements to benefit all our citizens and moved activities quickly. Both the Emergency Home Repair and Homeownership Loan programs have expanded services offered.

The city will continue to work to meet and exceed our Consolidated Plan goals during PY2026.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

As the grantee for CDBG, the city conducted a consolidated citizen participation process, which combined public hearings and agency consultation meetings. Input is also sought and received from non-profits, community stakeholders, faith-based organizations, and the public. The Community Development department works closely with other City departments.

Public hearings were held on April 27, 2026 to provide Notice of Funding and receive public input. A second public hearing was held on June 22, 2026 for public comments on the draft Action Plan. Notices were published in the Opelika Observer newspaper and posted at City Hall, Public Works, Cooper Memorial Library, and the SportsPlex. A copy of the publication is attached. Staff are very receptive to the thoughts and desires of our citizens and their needs and open to all suggestions.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

APRIL 27, 2026 NOTICE OF FUNDING AVAILABILITY AND OPEN APPLICATIONS

A hearing was held to announce the City of Opelika anticipated receiving federal CDBG funding from the U. S. Department of Housing and Urban Development (HUD) for activities such as commercial revitalization, housing rehabilitation, and neighborhood revitalization projects. A portion of this funding is planned for public service sub-recipients such as community groups and non-profits. Applications for funding are available. This provided an opportunity for those organizations who were interested in applying for funding to hear about the CDBG program and ask questions prior to their submission.

- Concern for affordable housing, particularly for seniors and single female head of household families for area rents greatly exceed 30% household incomes.

JUNE 22, 2026 PY2026 ACTION PLAN PROPOSAL

A public hearing was held to receive public comments on the proposed PY2026 Action Plan and budget. This allows participants to ask questions and make comments.

- There were no comments.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments received were given appropriate consideration and were weighed in conjunction with housing and community data, needs assessment data, input and feedback from service providers, and specific funding requests. No comments were rejected.

7. Summary

The City of Opelika will take all comments received to develop and implement PY2026 Action Plan (year 2) of the 5-year Consolidated Plan to meet all its objectives for affordable housing, economic opportunities, decent living environments, and support to social services to meet the needs of its most vulnerable in the community.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Opelika has a strong network of organizations that work together to support the citizens in our community and provide the services needed. Non-profit organizations, stakeholders, and citizens were encouraged to participate in public hearings and provide feedback and comments to assist in determining the needs, and which activities would be funded.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City has used multiple strategies to enhance coordination between agencies, including the allocation of General Fund dollars and Federal grant dollars (CDBG) to support the provision of services within the covered jurisdiction, as well as ongoing communication and consultation with housing and non-housing service providers, public housing authorities, other local jurisdictions, and public agencies.

Several service providers are currently funded under the City's Operating Budget using General Funds, as well as the CDBG program using federal funds. The City intends to continue to fund agencies engaged in public services within program limits.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City actively participates and communicates regularly with the Alabama Rural Coalition for the Homeless (ARCH), the regional Homeless Continuum of Care (CoC) for Lee County and its surrounding areas. Efforts to address the needs of the homeless include participation in CoC meetings, Point in Time counts, and the allocation of CDBG funding under the 15% public services cap to organizations meeting the housing and supportive services needs of homeless and/or those who risk homelessness. The City of Opelika has also partnered with Valley Rescue Mission to assist those who need sheltering.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Opelika does not receive ESG funding. However, a local organization, Auburn United Methodist Church, does receive funding to assist with rapid rehousing and housing assistance.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Citizen participation is a critical component of the CDBG program with regard to determining community needs, goals, and priorities. All citizen participation activities were implemented in compliance with the City's approved Citizen Participation Plan (CPP), including advanced notice of public hearings and two public hearings. All information regarding public hearings and presentations was on the City of Opelika's publicly accessible website, public library, City Hall, Public Works building, and SportsPlex. Public notice of hearings was also posted on social media. Notices of the availability of all documents in hard copy form were made available for residents who do not have internet access or preferred to view hard copy.

Input and feedback obtained as a result of the citizen participation activities listed above were heavily weighted in combination with community data, feedback from service providers, and other input to establish the goals and priorities listed within this plan.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Opelika is an Entitlement Grantee receiving an annual allocation of CDBG funding from the U.S. Department of Housing and Urban Development (HUD). Only CDBG funds are available to address the priority needs and specific objectives identified in the Strategic Plan. The City CDBG funding is expected to remain level during the 2025-2029 Consolidated Plan period. The City expects to receive \$276,239 in PY2026 funding (October 1, 2026-September 30, 2027).

The City will budget activities to assist low-moderate income households who experience problems with food insecurity and facing the threat of disconnection of utilities. Priority will be given to preserving the current stock of affordable housing by providing owner-occupied housing rehabilitation to address health and safety deficiencies. Assistance will be provided to first-time home buyers to enable low-moderate income

renters to become homeowners by making the down payment and closing costs affordable.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

There are no matching requirements for CDBG. However, CDBG funds are a major source of leverage for other community funding to address our community's needs.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

There are no plans at this time to use publicly owned land or property to address needs identified within this plan.

Discussion

As a result of the Needs Assessment and Market Analysis that cost burdened and severe cost burdened households represent the greatest need, the City intends to allocate most of its CDBG resources to housing related issues. Priority will be given to the rehabilitation of owner-occupied housing units to help preserve the stock of affordable units. The Emergency Home Repair program helps in addressing slum/blight.

As part of the public service items budgeted, the City will assist cost burdened households who experience problems with making their utility payments and face disconnection of service. Public service funding will also be used to support the local Food Bank Community Market to provide food and household goods to persons with food insecurities.

Projects

AP-35 Projects – 91.220(d)

Introduction

The Annual Action Plan includes projects based on the priorities in the Consolidated Plan, available resources, and public involvement. The projects align directly with the federal objectives of: (1) decent housing, (2) suitable living environment, or (3) economic development opportunities. During PY2025, the Community Development office will lead the City's CDBG activities, focusing on housing rehabilitation, home attainment, delivery of public services, revitalizing and historic preservation of downtown business district, and improvement of public facilities.

Activities/Projects have been selected based on the current needs of our LMI citizens and are as follows:

#1 Administration

#2 Lee-Russell Council of Government Utility Assistance

#3 East Alabama Food Bank Community Market

#4 Main Street Facade Grants

#5 Emergency Home Repairs

#6 Home Buyers Loan Program

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Opelika offers funding to citizens citywide. However, there is concentration on providing services in Census Tracts 414 and 416 which are our two highest concentrations of minorities and poverty.

Geographic Distribution

Target Area	Percentage of Funds
COMMUNITY WIDE	100
JETER NEIGHBORHOOD	45
CARVER NEIGHBORHOOD	45
HISTORIC DOWNTOWN	18

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Assistance is available to all citizens who are LMI and live within the city limits of Opelika. However, the Carver and Jeter neighborhoods are our two highest concentrations of minorities and poverty. It is for this reason that most of our request for assistance come from those who live in these areas.

Discussion

The City will continue citywide community development, with emphasis on the Carver and Jeter neighborhoods, to address identified priority needs. CDBG activities and projects are offered and available to all LMI citizens of Opelika.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City of Opelika will continue our Home Ownership Loan Program for first- time home buyers and Emergency Home Repairs for current homeowners who need health and safety issues addressed. This program has been expanded to include owner occupied manufactured home accessibility ramps.

Discussion

Affordable housing for both renters and owners remains a need in the City of Opelika. The Community Development office will continue to identify programs, resources, and partners to help address this issue. The City of Opelika has partnered with both Habitat for Humanity and The Fuller Center for Housing to build new affordable housing units. Auburn-Opelika Habitat for Humanity has just completed one (1) new home in Opelika and have plans to construct three (3) new homes this year with the cooperation and partnership of a local builders and the City of Opelika. They are also working to secure land to build approximately one hundred (100) affordable homes. The Fuller Center for Housing plans to build three (3) new homes during 2026.

AP-60 Public Housing – 91.220(h)

Introduction

The Opelika Housing Authority is the public housing authority that operates within the City. Public housing is probably the most important source of housing for LMI individuals and families. The City of Opelika will continue to work with OHA to address housing needs and encourage homeownership.

The OHA manages 633 PBRA units, once considered LIPH units; Owns four (4) Single-Family homes, which leases to LMI families; Has 497 Tenant-Based Housing Choice Vouchers (previously called Section 8 Vouchers); and 34 Veteran's Assisted Supportive Housing Vouchers (VASH). OHA continues the Family Self Sufficiency (FSS) Program, helping participating families achieve economic independence and reducing dependence on welfare assistance and rental subsidies. A breakdown of race/ethnic identification was not provided by Opelika Housing Authority.

Actions planned during the next year to address the needs to public housing

The City of Opelika will work with the Opelika Housing Authority to address affordable housing needs. The City supports housing development for households earning 80 percent or less of the Median Family income in Opelika and collaborates with community partners such as Habitat for Humanity and The Fuller Center for Housing for developing new affordable housing units.

The City will continue allocating CDBG funds to public service activities such as, the East Alabama Food Bank Community Market and the Utility Assistance Program. These programs directly benefit public housing residents to address food insecurities and high utility costs.

Opelika Housing Authority will be constructing 252 units to include a variety of housing types including duplex (30 units), townhomes (114 units), and apartment style (108 units). This development will include both workforce and market-rate tenants. This method de-stigmatizes housing options and allows individuals and families of all incomes to live together instead of clustering low-income residents in a single area. Opelika has been working toward implementing this style of redevelopment with older public housing since at least 2016.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The OHA engages with public housing residents who choose to participate in the Family Self-Sufficiency Program. This program supports families receiving housing assistance by helping them set and achieve financial and personal goals. Through personalized coaching and access to resources like job training and homeownership counseling, residents work toward economic independence. Participants receive practical budgeting tips and expert advice from guest speakers to help them confidently take steps toward owning their first home. City staff often participate in sessions providing residents with

information on Fair Housing and the Homeownership Loan Program.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Opelika Housing Authority is not designated as troubled. The average inspection score for all of the agency's properties was 94, which is considered "High".

Discussion

OHA works to improve the living environment of its residents by ensuring improvements through annual planning and execution. They also implement social and resident initiatives, such as the operation of the YouthBuild program. Two Family Self-Sufficiency Coordinators to promote independence and self-sufficiency have recently been hired.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Efforts to help families avoid homelessness will include the allocation of CDBG funds through Utility Assistance, Emergency Home Repairs, and Home Ownership activities. In addition, the CoC has a policy developed with consultation from major stakeholders including mental health facilities, law enforcement, hospitals, the Department of Human Resources, community-based organizations, service providers, judges, prosecutors, and governmental agencies. The policy defines the criteria for homelessness, lists the common causes of homelessness, contains recommendations, and details the level of commitment expected by service providers. In addition, the policy affirms that in no instance should any one agency or institution take the sole responsibility for the homeless, but that each should clearly demonstrate a willingness to participate with the CoC, the community, service providers and like-minded agencies in responding to and addressing these problems.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Opelika refers citizens seeking housing and are at risk of homelessness to United Way, Family Resource Center, Alabama Council on Human Relations, Auburn United Methodist Church Good News Center, Alabama Rural Coalition for Homeless (CoC), One Voice Shelter, or Valley Rescue Mission when assistance is needed. All these organizations have screening processes that refer candidates to other organizations to meet all their needs. Also, Opelika Police Department has three social workers on staff who routinely contact persons identified as homeless to offer counseling, housing, and services.

The City of Opelika participates in the annual PIT count to locate and identify homeless persons found in its jurisdiction. We will continue to collaborate with other service agencies to support programs and strategies that address homelessness prevention.

Lastly, the city has partnered with Valley Rescue Mission who provides emergency shelter for homeless persons in Opelika with a goal of transitioning them into permanent housing and employment. Intake will be performed by Valley Rescue Mission. Persons eligible to participate in the program are individuals or families who lack a fixed, regular, and adequate night-time residence, meaning having a public or private place not meant for human habitation. Transportation to Valley Rescue Mission will be

provided by the city.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Opelika will be working with Valley Rescue Mission to assist men, women, and women with children who are homeless as described above. The city will continue to serve the community through the provision of General and CDBG funds for services and programs that meet the needs of the homeless population, sheltered or unsheltered.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The need for transitional and permanent housing has been identified as a low priority need within the community. However, One Voice Coalition operates a fourteen (14) bed women and women with children facility that can house them for six to nine months to prepare for permanent housing. One Voice is working on a plan for a men's shelter that offers similar services in Lee County. Referrals will be made to Valley Rescue Mission, our regional CoC, and other supporting organizations for care and services. CDBG funding also provides support to services providers who provide food assistance and basic supportive services.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City of Opelika uses CDBG funding to provide supportive services such as utility and food assistance. Our Homeownership Loan Program assists with down payment and closing cost when purchasing affordable housing. Through a tight network of local service providers and assistance from our regional CoC, the likelihood that families will fall into homelessness again is greatly decreased.

Discussion

The City will continue working with local and regional organizations who provide services and shelters for the homeless population such as Alabama Rural Coalition for the Homeless (ARCH), One Voice

Coalition, and Valley Rescue Mission.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The City Planning Department completed its 2040 Comprehensive Plan and are currently working on revisions and updates to Zoning Regulations. Governmental policies have been reviewed to determine if such policies are harming the production of affordable housing. The 2040 Comprehensive Plan provided the Auburn-Opelika Metropolitan Statistical Area (MSA) has historically been one of the fastest-growing metropolitan areas in the nation, and it continues to grow. Projections from the University of Alabama Center for Business and Economic Research have indicated that Opelika could grow by as much as 25% by the year 2040. If the city maintains its current household size of 2.5 persons per household, it could expect a demand for more than 3,000 additional housing units over the next two decades to accommodate this growth. Communities that under-build housing often face a housing cost burden, typically defined as a household paying more than 30% of its income towards housing. Reflecting the community's fast growth and ongoing housing demand, currently, 28% of Opelika residents are experiencing a housing cost burden, including 13% who are severely burdened. Many of these residents are in the community's core and oldest neighborhoods. The 2040 Comprehensive Plan outlines best practices and strategies, such as:

- **Available Vacant Land**-The City should focus residential development on its available vacant land, adhering to the growth and development strategy.
- **Infill Housing**-The City should prioritize infill and redevelopment over outward growth to maximize existing infrastructure and leverage proximity to established destinations and amenities.
- **Complete Neighborhoods**-The City should promote the creation of complete neighborhood areas through compact development, increased density, conservation design, and access to amenities.
- **Attainability and Affordability**-The City should invest in attainable, accessible, and stable housing to accommodate all residents.
- **Development Process**-The City should examine and strategically update the development process.
- **Housing Options**-The City should work to increase the variety of housing options available for current and potential residents.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

City staff have examined the City's zoning regulations, subdivision regulations, and building codes to determine whether public policies harm affordable housing and residential investment. Our Zoning

Regulations are under review for revisions and updates. The City of Opelika launched a comprehensive, year-long public engagement and planning initiative titled *Smart Growth Matters* as part of its temporary development moratorium on residential developments consisting of four or more units. Factors other than public policy can also affect the affordable housing market.

The City's zoning ordinances allow developers wishing to build affordable and multi-family housing to do so with the presentation and approval of an acceptable development plan. Smaller single-family lot subdivisions are often required to go through a Planned Unit Developments (PUD) process. A PUD allows for a mix of land uses and building types within a single development and are designed to offer flexibility in land use planning and create more diverse living environments than traditional zoning regulations are allowed. This process is being examined.

Opelika has a large inventory of homes in our four historic districts where setbacks are non-conforming with existing setback zoning regulations. New infill structures often are required to obtain a variance through the Zoning Board of Adjustment. This could be better managed with a Historic District Overlay in the zoning regulations, allowing the process to be more easily approved.

One solution for addressing affordable housing is allowing ancillary dwelling units (ADU's). ADU's are a creative and subtle way of providing housing variety in existing single-family neighborhoods without negatively impacting the community's character. These units are typically less than 800 square feet and allow for context-sensitive infill on smaller lots by placing the structure behind the primary residence or through a home expansion. The City is looking at ways to improve the process to allow ADU's to address affordable housing.

The cost of land acquisition and build-out cost (both set by the market of supply and demand), and the cost of development and building affordable housing is an issue. Without investment assistance, such as tax credits, development of true affordable housing is not feasible for housing developers. According to data most recently provided by the Lee County Association of Realtors, the average sales price of homes in Opelika is \$367,788, a 7.1% increase from last year. This is above what the average person can afford on local wages.

Discussion:

Affordable housing remains a need in the City of Opelika. The Community Development office will continue to identify programs, resources, and partners to help address this issue. The City of Opelika has partnered with both Habitat for Humanity and The Fuller Center for Housing to build new affordable housing units this upcoming year.

AP-85 Other Actions – 91.220(k)

Introduction:

The City will identify and address obstacles to meeting underserved needs and propose actions to overcome those obstacles in the Annual Action Plan. CDBG resources will be used to address the following:

1. Maintain affordable housing through the Homeownership Loan Program.
2. Address housing conditions through the Emergency Home Repair Program.
3. Address meeting LMI persons immediate needs through the Utility Assistance Program and Food Bank Community Market.
4. Promote economic development in the downtown business district through the Facade Grant Program.

Due to limited CDBG funding we are unable to provide support to additional public services.

Actions planned to address obstacles to meeting underserved needs

Plans to meet underserved needs include the continued provision of funding for public service activities that focus on LMI families and continued participation in the regional CoC. The activities that will provide support to the greatest number of individuals are the East Alabama Food Bank Community Market and the Lee Russell Council of Government Utility Assistance programs.

Actions planned to foster and maintain affordable housing

CDBG funding single family Emergency Home Repairs and first-time home buyer Home Ownership Loans are available within the Opelika city limits.

Actions planned to reduce lead-based paint hazards

The City of Opelika will continue to make homeowners living in homes built prior to 1978 aware of the potential of lead-based paint and the hazards of lead-based paint. However, due to limited funding the city has chosen not to undertake work on homes that risk the disturbance of lead-based paint.

Actions planned to reduce the number of poverty-level families

The City's primary effort to reduce the number of families in poverty will be to provide financial support to organizations which have the mission of assisting households in poverty. Funds have been allocated for public services. Information and referrals will be provided for those seeking to earn their GED and

receive job training so that they are qualified for higher paying jobs. The city has partnered with PRF Institute to provide financial literacy classes and counseling.

Actions planned to develop institutional structure

The City of Opelika serves as the grantee and administrator of CDBG funding. The Community Development department is housed within the Planning department and has a dedicated staff member to manage the program. City personnel also provide support for administration of programs including housing inspectors, engineering, public works, and accounting.

Actions planned to enhance coordination between public and private housing and social service agencies

The City will continue to use multiple strategies to enhance coordination between agencies. This will include the allocation of General and CDBG funds to support the provision of services within the covered jurisdictions, as well as ongoing communication and consultation with housing and non-housing service providers, public housing authorities, other local jurisdictions, and public agencies. The City also maintains a strong and productive relationship with Habitat for Humanity in producing affordable housing units.

Discussion:

CDBG funding will be used to support LMI households and areas with affordable housing, emergency assistance, special needs activities, and community improvements. These have all been addressed throughout the Action Plan.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction:

The City of Opelika does not have activities that are income producing. If one of our forgivable loans goes into repayment, it has never been in an amount that requires program income to be reported. The City of Opelika does not participate in section 108 loan guarantees, urban renewal settlements, or float-funded activities. Support of the East Alabama Food Bank Community Market addresses food insecurity and is considered a priority.

April 27, 2026

PUBLIC COMMENTS

There was one (1) person in attendance representing the NAACP Branch 5038. She voiced concern regarding the lack of affordable housing, particularly for seniors and single female head of household families. Area rents greatly exceed 30% household income.

PUBLIC NOTICE OF HEARING

ANNUAL ACTION PLAN FY2026

The City of Opelika announces anticipated funding under the CDBG Program Year 2026 an estimated \$276,239 of Federal grant funds for activities benefiting low-to moderate income persons through housing rehousing services, neighborhood revitalization, public services, and working with community groups and non-profits. The programs and projects are funded by the Community Development Block Grant (CDBG) Program through the U.S. Department of Housing and Urban Development (HUD). The Program Year begins October 1, 2026 and ends September 30, 2027.

The City of Opelika will hold a public hearing at 4:00pm on Monday, June 22, 2026 at the Municipal Meeting Room, 300 MLK Boulevard, for citizen input and questions concerning FY2026 Action Plan activities which is currently in progress. For each year of the Five-Year Consolidated Plan, an Annual Action Plan must be developed to identify programs and projects that the City intends to accomplish.

The 2026 Action Plan portion of the Consolidated Plan details the programs and projects that are proposed for funding. Supposing continued funding of present operations (with adjustments based on funding fluctuation) the below potential activities have been identified:

Housing Services	
Emergency Home Repair	\$ 69,557
Home Ownership	\$ 50,000
Public Services	
Utility Assistance	\$ 20,717
The Community Market	\$ 20,718
Rehabilitation	
Opelika Main Street	\$ 60,000
Administration	
	\$ 55,247
Grant Total	\$276,239

This **Public Hearing** will also include proposed **Amendments to the CDBG Annual Action Plan** for FY2025. The proposed amendments will include reallocation of \$143,266.02 from FY2023, including \$50,184.53 from the Emergency Home Repair Program, \$74,709.13 from Homeownership Loan Program, and \$18,372.36 from Main Street Façade Program. These funds will be moved to FY2025 activities as follows, \$74,709.13 to the Homeownership Loan Program and \$68,556.89 to the Main Street Façade Program.

Public participation and comments are invited either in writing or in person. A draft and proposed version of the Plan is available for review at the Opelika Public Library at 1100 Glenn St., City Hall at 204 S. 7th St., or the Public Works Facility at 710 Fox Trail beginning Thursday, June 11, 2026. to title, use and/or enjoyment and will be sold subject to the right of redemption of all parties entitled thereto. In accordance with regulations promulgated by the Financial Crimes Enforcement Network ("FinCEN") of the United States Department of the Treasury regarding certain non-financed transfers of residential real property to legal entities and trusts, the purchaser at the foreclosure sale may be required to provide identifying and beneficial ownership information necessary to permit compliance with applicable federal reporting requirements. No deed shall be prepared, delivered, or recorded until all required purchaser information, including beneficial ownership information (if applicable), has been timely provided in form and substance satisfactory to the foreclosing mortgagee (or its designee) and any required federal real estate report has been submitted and accepted through FinCEN's electronic filing system. The failure of any high bidder to timely provide required information, or pay the purchase price and close this sale, shall, at the option of the Mortgagee, be cause for rejection of the bid, and if the bid is rejected, Mortgagee shall have the option of making the sale to the next highest bidder who is able, capable and willing to comply with the terms thereof. Said sale is made for the purpose of paying the said indebtedness and the expenses incident to this sale, including a reasonable attorney's fee. The sale will be conducted subject (1) to confirmation that the sale is not prohibited under the U.S. Bankruptcy Code and (2) to final confirmation and audit of the status of the loan with the mortgagee. PUBLIC NOTICE OF HEARING ANNUAL ACTION PLAN PY2026

The City of Opelika announces anticipated funding under the CDBG Program Year 2026 an estimated \$276,239 of Federal grant funds for activities benefiting low-to moderate income persons through housing rehousing services, neighborhood revitalization, public services, and working with community groups and non-profits. The programs and projects are funded by the Community Development Block Grant (CDBG) Program through the U.S. Department of Housing and Urban Development (HUD). The Program Year begins October 1, 2026 and ends September 30, 2027. The City of Opelika will hold a public hearing at 4:00pm on Monday, June 22, 2026 at the Municipal Meeting Room, 300 MLK Boulevard, for citizen input and questions concerning PY2026 Action Plan activities which is currently in progress. For each year of the Five-Year Consolidated Plan, an Annual Action Plan must be developed to identify programs and projects that the City intends to accomplish.

The 2026 Action Plan portion of the Consolidated Plan details the programs and projects that are proposed for funding. Supposing continued funding of present operations (with adjustments based on funding fluctuation) the below potential activities have been identified:

- Housing Services** Emergency Home Repair — \$ 69,557
- Home Ownership** — \$50,000
- Public Services** Utility Assistance — \$20,717
- The Community Market** — \$20,718
- Rehabilitation**

Opelika Main Street — \$60,000
Administration — \$55,247
Grant Total — \$276,239
This Public Hearing will also include proposed Amendments to the CDBG Annual Action Plan for PY2026. The proposed amendments will include reallocation of \$143,266.02 from PY2023, including \$50,184.53 from the Emergency Home Repair Program, \$74,709.13 from Homeownership Loan Program, and \$18,372.36 from Main Street Façade Program. These funds will be moved to PY2026 activities as follows, \$74,709.13 to the Homeownership Loan Program and \$64,556.89 to the Main Street Façade Program. Public participation and comments are invited either in writing or in person. A draft and proposed version of the Plan is available for review at the Opelika Public Library at 1100 Glenn St., City Hall at 204 S. 7th St., or the Public Works Facility at 710 Fox Trail beginning Thursday, June 11, 2026. RESOLUTION NO. _____

WHEREAS, Verizon Wireless has requested to modify their equipment at an existing wireless telecommunication facility located at 900 Reeder Avenue, Opelika, AL to provide improved wireless services essentially within the corporate limits and police jurisdiction of the City of Opelika, and;

WHEREAS, Verizon Wireless has complied with City's Ordinance No. 014-19 and has demonstrated the need for additional modification of this wireless facility to deliver consistently reliable services in the identified area, and;

WHEREAS, both the City and Verizon's customers in Opelika will benefit from improved service, and;

WHEREAS, the City's consultant, The Center for Municipal Solutions (CMS), recommends the granting of a Special Use Permit for the modification of Verizon's equipment at this facility located at 900 Reeder Avenue, which consists of a 185' self-support tower;

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Opelika, Alabama that Verizon Wireless is hereby granted a Special Use Permit to modify their equipment at the wireless telecommunications facility located at 900 Reeder Avenue. As recommended by CMS, the Special Use Permit is subject to compliance with the following conditions prior to the issuance of said permit and/or a Certificate of Completion:

1. To prevent warehousing of permits or authorizations and to ensure the best service to the City's residents as expeditiously as possible, the facility must be built, activated, and be providing service no later than one hundred eighty (180) days after the issuance of the Special Use Permit or other applicable authorization, subject to commonly accepted force majeure exceptions acceptable to the City. Verizon Wireless may petition the City of an extension of this for good cause shown, but the decision whether not to grant the extension shall exclusively be the prerogative of the City.
2. Verizon Wireless must provide contractor information to CMS and to the city prior to request for issuance of the Building Permit.
3. Once Verizon Wireless has met all the conditions of the permit and any other requirements of the City and a building permit is issued, Verizon Wireless must notify the City's consultant for all inspections.
4. At the completion of construction, Verizon Wireless must notify the City's consultant and provide proof that all inspections have been satisfactorily completed, and the project is ready for a final on-site inspection. Upon passing the final inspection, a recommendation to issue a Certificate of Occupancy shall be made.
5. The Certificate of Occupancy shall not be issued until all fees and costs associated with this Permit, including inspections, have been paid.
6. The provision of the Certificate of Completion for this work shall be a precondition for any future modifications of any kind by this carrier, at this facility.

**PETITION FOR REVOCATION OF CITY OF OPELIKA BUSINESS
LICENSE
(TOGETHER WE THRIVE, LLC D/B/A WILD WINGS CAFE)**

TO: MEMBERS OF THE OPELIKA CITY COUNCIL
FROM: COURTNEY ROSS, PURCHASING-REVENUE MANAGER
DATE: JULY 21, 2026
RE: RECOMMENDATION FOR REVOCATION OF BUSINESS LICENSES
ISSUED TO TOGETHER WE THRIVE, LLC., D/B/A WILD WING
CAFÉ, 3040 CAPPS WAY, OPELIKA, ALABAMA

The Revenue Department hereby seeks revocation of the business licenses issued to Together We Thrive, LLC, relating to the business located at 3040 Capps Way, Opelika, Alabama. This Petition is made pursuant to §14-318(c) of the *Code of Ordinances* of the City of Opelika, which provides that the Revenue Department may petition the City Council to suspend or revoke a business license.

I INTRODUCTION

Together We Thrive, LLC (the “Licensee”) owns and operates a restaurant serving liquor and beer located at 3040 Capps Way, Opelika, Alabama. The Licensee operates its business at the above address as an Alabama limited liability company under the trade name of Wild Wing Cafe. The following business licenses were issued by the City to the Licensee on March 11, 2026:

- Retail: Restaurant
- Alcoholic Beverage: Restaurant Retail Liquor and Retail Beer On Premise

The Revenue Department seeks to revoke the above business licenses issued to the Licensee. The evidence in this case shows that on-site management engaged in illegal activities and misconduct, and the Licensee is unworthy of his business licenses.

II. STATEMENT OF LAW

The Revenue Department is charged with the primary responsibility of administering the City of Opelika’s business license tax ordinance. Any person who conducts business in the City of Opelika must obtain a business license on or before the business commences and must renew such license each year. Section

14-318 of the *Code of Ordinances* of the City of Opelika, provides, in part, as follows:

- (a) *Generally.* Any business license issued pursuant to this chapter, or the privilege to obtain a business license, may be suspended or revoked by the city council after notice and public hearing for any of the following reasons:
 - (1) The licensee, taxpayer or license applicant, or its principal, agent, servant, or employee, violates or has violated any provision of this code or any ordinance of the city, or any federal or state law, rule or regulation relating to the license, the business, the premises, or business activity to which the license or application pertains.
 - (2) The licensee, taxpayer or license applicant, or its principal, agent, servant, or employee, violates, aids in violating, or knowingly allows to be violated any criminal ordinance of the city or any criminal law of the state on the licensed premises.
 - (3) The business or its operation is, or is reasonably likely to become, if allowed to commence or continue, offensive, injurious, or dangerous to the public health, safety, or general welfare, to the extent of constituting nuisance.

III. STATEMENT OF FACTS

Since its opening, the Opelika Police Department has responded to numerous calls for service and complaints at Wild Wing Cafe. The calls include assaults, shootings, fights, drug activity, driving under the influence (DUI), loud noise, illegal parking, and large crowds exceeding the establishment's maximum occupancy limit of 310 persons. The ABC board also received a citizen complaint about serving underage individuals. ALEA later made two successful undercover alcohol purchases by underage operatives within the establishment.

Over the past 4 months, Wild Wing Café has clearly established itself as being dangerous to public health, safety, and to the general welfare of the city of Opelika. The business has also charged patrons a cover charge to enter the premises and is, therefore, acting as a club instead of a restaurant. It is requested that the business license be revoked.

Since March 13, 2026, the Police Department has responded to 3040 Capps Way (Wild Wing Cafe) a total of 92 times for calls for service and security checks:

SUMMARY OF COMPLAINTS

3/29/26: Complaint of charging \$25 for entry.

4/3/26: Complaint of loud noise from parking lot.

4/5/26: Complaint about large number of cars and cars illegally parked.

4/11/26: 20 individuals in parking lot fighting. Investigative traffic stops.

4/17/26:

- Shots being fired as officers were arriving. Security guards pointed at Cadillac Escalade that eventually led police on a chase. Someone threw an AR-15 from the vehicle. Driver arrested for Att. To Elude (felony). Driver charged with felony att. To elude. Gunshot victim refused prosecution. 21 shell casings recovered on scene.

- 19-year-old arrested for minor in consumption from pursuit.

4/28/26: Caller complained about drug use in area.

5/1/26: Employee called to complain about large crowd in the parking lot.

5/10/26: Employee stole cash from the safe and left with bottles of liquor. Argument in parking lot. Owner, Finch, would not prosecute.

5/21/26: Fight inside the business reported on 5/22/26. Bartender and customer fought. When asked why police did not get called when it happened, bartender said, "the owner told me not to."

5/22/26: DUI in parking lot at 2 am.

5/25/26: Fight call. People dispersed when police arrived.

5/29/26: Fight call. Dispersed upon police arrival.

6/18/26: Shots fired call (false report). Made arrest on subject with a warrant.

6/19/26: OFD responded to large crowd. Roads blocked and over capacity of 310. Owner said there were only 75 people in the business. Business allowed people to leave to get under capacity.

6/28/26:

Fight in parking lot between 2-3 females.

Officer deployed pepper spray and arrested 2 women.

Cars speeding from premises. Very crowded.

7/2/26:

400-450 people inside. 100-150 in line to get in. OFD called and said capacity is 310. Fire engine could not get to business because roadway blocked. Allowed people to leave to get under capacity.

Sgt. Foster learned they were charging \$40 for entry.

Illegally parked vehicles. Numerous cars blocking roadway. 6 vehicles towed.

7/3/26: Request officer presence to clear out large crowd.

7/6/26: Complaint of DUI driver. Not located.

7/9/26: Complaint of 300 plus people. Over capacity. People allowed to leave.

7/17/26: ALEA made 2 underage alcohol buys inside the business. Juveniles did not have to show ID to purchase alcoholic beverages.

The evidence in this case demonstrates that the Licensee is conducting its business in an illegal manner in violation of State law or in such a manner as to constitute a public nuisance.

IV. CONCLUSION

The Revenue Department respectfully requests that the City Council set a date for hearing this Petition and then revoke the aforementioned business licenses issued by the City to the Licensee.

Respectfully submitted,

COURTNEY ROSS

ORDINANCE NO. _____

**AN ORDINANCE RENAMING JOANN DRIVE
TO FAITH WAY**

WHEREAS, the former site of the JoAnn Stores Distribution Center (the “Distribution Center”) has a small public road that connects the entrance of the former Distribution Center to Northpark Drive; and

WHEREAS, this drive was named JoAnn Drive after the parent company of the Distribution Center; and

WHEREAS, this property has been repurposed and is being used by another company; and

WHEREAS, the new company has requested that the City change the name of the street to Faith Way; and

WHEREAS, the Economic Development Department and Planning Commission have recommended that the street name be changed to Faith Way; and

WHEREAS, the City Council has found and determined that it is now in the best interest of the City and its citizens to approve the request to rename the street.

NOW, THEREFORE, BE IT ORDAINED by the City Council (the “Council”) of the City of Opelika, Alabama (the “City”) as follows:

Section 1. That the City Council hereby approves the renaming of JoAnn Drive to Faith Way.

Section 2. That the City Clerk is directed to file a certified copy of the Ordinance with the Lee County Probate Office.

Section 3. That the U.S. Postal Service, the E-911 Emergency System, the Lee County Revenue Commissioner, the Opelika Police Department, the Opelika Fire Department, the ambulance services and all utility and telephone companies shall be notified of the name change.

Section 4. That the Director of Public Works is hereby authorized and directed to post signs or other appropriate markings designating the street as Faith Way.

Section 5. That this ordinance shall become effective and enforced immediately upon its passage and publication as required by law.

Section 6. That the City Clerk of the City of Opelika, Alabama is hereby authorized and directed to cause this Ordinance to be published one (1) time in a newspaper of general circulation published in the City of Opelika, Lee County, Alabama.
