Subject: Road Closing.

Mr. Shuman

It is the time of Year again to request the closing of East Thomason Circle For East Alabama Medical Center. The request is for two dates. The first is 11/16/2018 from 8:00AM till 3:30 PM. This for our Fall Festival. The second date is 12/7/2018 from 6:00 AM till 5:00 PM. This for our annual Ham/Turkey day. The section of road needing to be closed is from Thomason Place to West Thomason Circle. This is the Road/Street in from on our H.R Building. In the past EAMC Maintenance and Security has handled the traffic and the setting up and removal of barriers for both events. Could you let me know if this is acceptable and that the City is OK with us closing this road for these events.

Thank you for Your help with this.

The purpose of this memo is to justify the purchase of the Bosch Crash Data Recorder from a sole source vendor. This is specialized equipment that is solely manufactured and sold by Crash Data Group Inc. The equipment is used for the purpose of collecting crash data from vehicle computer systems by providing speed, braking, seatbelt use and other important vehicle data following an accident. The information will then be able to be used by the Traffic Homicide Unit in their investigation to help determine factors and cause of the accident.

SOLE SOURCE SUPPORTING DOCUMENTATION

The following information is provided to assist you in completing your agency's required sole source procurement justification.

Company Description and Expertise

Lexipol provides state-specific policies and verifiable policy training for public safety organizations. The company has been in business since 2003 and the Lexipol system is currently in use in more than 2,400 public safety organizations. There is no other company providing the combination of state-specific policies, updates based on legislative and best practice changes, and daily training delivered via a web-based platform.

Additional details of Lexipol's unique qualifications and expertise include:

- Proven record of helping public safety agencies reduce risk and avoid litigation.
- In-house team of attorneys specializing in public safety law.
- In-house content developers with hundreds of years of collective experience as practitioners in law enforcement, custody and fire.
- Clients ranging from small to large agencies (2 sworn personnel to more than 2,500 sworn personnel), including municipal police departments, county sheriff's offices, county district/state's attorneys, port police, probation departments, school district and university police, tribal police, career and volunteer fire departments, and a diverse group of state regulatory agencies.
- Subscriber base of over 100,000 registered users, one of the largest private networks of law enforcement policy collaborators in the nation.

The Lexipol system is only available via direct purchase, and is not available for purchase from third-party distributors.

Unique Product Features

The Lexipol system combines policy content and training materials delivered through an online platform. This combination of services has been developed in-house by Lexipol staff and is not available through other public or private resources or organizations.

Specific unique features include:

- Copyrighted, state-specific policy content developed by Lexipol staff and subject matter experts.
- Copyrighted, state-specific Daily Training Bulletins developed by experienced public safety personnel and linked to policy content. Each Daily Training Bulletin includes real-time testing to verify end-user understanding.
- Copyrighted, state-specific policy updates and client alerts in response to changing state and federal laws and evolving industry best practices.
- Editing features that allow the agency to customize policy and training content.
- Electronic acknowledgement of policies and training completion.
- Electronic archiving of each version of the agency's policy manual.

- Reports that show progress toward policy implementation and acknowledgement and facilitate the tracking of training completion.
- Mobile app that allows end users to access complete policy content, review policy updates and other alerts, and complete daily training.

These features are delivered via Lexipol's Knowledge Management System, a proprietary web-based delivery platform (software-as-a-service) that integrates policy issuance, policy updates, training, policy/training acknowledgement, and reporting.

Implementation/Management Services

(Applicable for agencies that are purchasing Lexipol's Implementation and/or Management Services)

Through its Implementation and Management Services, Lexipol provides personalized assistance to help agencies accelerate manual implementation and manage ongoing customization and issuance of Daily Training Bulletins and policy updates. The process of implementation and customization of Lexipol's state-specific master content can only be accomplished utilizing Lexipol copyrighted content on the proprietary Lexipol Knowledge Management System.

The above information justifies Lexipol as the sole source for a platform of policy, training, accountability tools, and implementation and management services.

Other Policy Management Options

An agency's other options for policy management and training include the following:

1. Use in-house resources
2. Contract with outside legal and policy development experts
3. Accept a less-than-optimum condition of policies and training

Options 1 and 2 nearly always cost more and are less effective, for the following reasons:

- The time commitment to develop a comprehensive, state-specific manual based on best practices is estimated at hundreds of hours. The time needed to create daily training scenarios is also significant. Unless the agency can devote full-time staff to policy management, success is doubtful.
- Agency personnel may lack the needed expertise to review the myriad pending and recently passed changes in legislation as well as to evaluate state and federal court decisions and determine how they affect agency policy. Outside resources will bill at rates that result in a total cost that is generally several times greater than the cost of a Lexipol subscription.
- Even if the agency is able to devote considerable resources to policy management and training, it can take away from core functions like patrol and community service.

Option 3, accepting a less-than-optimum condition of policies and training, can leave the agency open to considerable risk of expensive litigation and claims, and is generally not advisable.

This Enrollment must be attached to a signature form to be valid.

This Microsoft Enterprise Enrollment is entered into between the entities as identified in the signature form as of the effective date. Enrolled Affiliate represents and warrants it is the same Customer, or an Affiliate of the Customer, that entered into the Enterprise Agreement identified on the program signature form.

This Enrollment consists of: (1) these terms and conditions, (2) the terms of the Enterprise Agreement identified on the signature form, (3) the Product Selection Form, (4) the Product Terms, (5) the Online Services Terms, (6) any Supplemental Contact Information Form, Previous Agreement/Enrollment form, and other forms that may be required, and (7) any order submitted under this Enrollment. This Enrollment may only be entered into under a 2011 or later Enterprise Agreement. By entering into this Enrollment, Enrolled Affiliate agrees to be bound by the terms and conditions of the Enterprise Agreement.

All terms used but not defined are located at <http://www.microsoft.com/licensing/contracts>. In the event of any conflict the terms of this Agreement control.

Effective date. If Enrolled Affiliate is renewing Software Assurance or Subscription Licenses from one or more previous Enrollments or agreements, then the effective date will be the day after the first prior Enrollment or agreement expires or terminates. If this Enrollment is renewed, the effective date of the renewal term will be the day after the Expiration Date of the initial term. Otherwise, the effective date will be the date this Enrollment is accepted by Microsoft. Any reference to "anniversary date" refers to the anniversary of the effective date of the applicable initial or renewal term for each year this Enrollment is in effect.

Term. The initial term of this Enrollment will expire on the last day of the month, 36 full calendar months from the effective date of the initial term. The renewal term will expire 36 full calendar months after the effective date of the renewal term.

Terms and Conditions

1. Definitions.

Terms used but not defined in this Enrollment will have the definition in the Enterprise Agreement. The following definitions are used in this Enrollment:

"Additional Product" means any Product identified as such in the Product Terms and chosen by Enrolled Affiliate under this Enrollment.

"Community" means the community consisting of one or more of the following: (1) a Government, (2) an Enrolled Affiliate using eligible Government Community Cloud Services to provide solutions to a Government or a qualified member of the Community, or (3) a Customer with Customer Data that is subject to Government regulations for which Customer determines and Microsoft agrees that the use of Government Community Cloud Services is appropriate to meet Customer's regulatory requirements.

Membership in the Community is ultimately at Microsoft's discretion, which may vary by Government Community Cloud Service.

"Enterprise Online Service" means any Online Service designated as an Enterprise Online Service in the Product Terms and chosen by Enrolled Affiliate under this Enrollment. Enterprise Online Services are treated as Online Services, except as noted.

"Enterprise Product" means any Desktop Platform Product that Microsoft designates as an Enterprise Product in the Product Terms and chosen by Enrolled Affiliate under this Enrollment. Enterprise Products must be licensed for all Qualified Devices and Qualified Users on an Enterprise-wide basis under this program.

"Expiration Date" means the date upon which the Enrollment expires.

"Federal Agency" means a bureau, office, agency, department or other entity of the United States Government.

"Government" means a Federal Agency, State/Local Entity, or Tribal Entity acting in its governmental capacity.

"Government Community Cloud Services" means Microsoft Online Services that are provisioned in Microsoft's multi-tenant data centers for exclusive use by or for the Community and offered in accordance with the National Institute of Standards and Technology (NIST) Special Publication 800-145. Microsoft Online Services that are Government Community Cloud Services are designated as such in the Use Rights and Product Terms.

"Industry Device" (also known as line of business device) means any device that: (1) is not useable in its deployed configuration as a general purpose personal computing device (such as a personal computer), a multi-function server, or a commercially viable substitute for one of these systems; and (2) only employs an industry or task-specific software program (e.g. a computer-aided design program used by an architect or a point of sale program) ("Industry Program"). The device may include features and functions derived from Microsoft software or third-party software. If the device performs desktop functions (such as email, word processing, spreadsheets, database, network or Internet browsing, or scheduling, or personal finance), then the desktop functions: (1) may only be used for the purpose of supporting the Industry Program functionality; and (2) must be technically integrated with the Industry Program or employ technically enforced policies or architecture to operate only when used with the Industry Program functionality.

"Managed Device" means any device on which any Affiliate in the Enterprise directly or indirectly controls one or more operating system environments. Examples of Managed Devices can be found in the Product Terms.

"Qualified Device" means any device that is used by or for the benefit of Enrolled Affiliate's Enterprise and is: (1) a personal desktop computer, portable computer, workstation, or similar device capable of running Windows Pro locally (in a physical or virtual operating system environment), or (2) a device used to access a virtual desktop infrastructure ("VDI"). Qualified Devices do not include any device that is: (1) designated as a server and not used as a personal computer, (2) an Industry Device, or (3) not a Managed Device. At its option, the Enrolled Affiliate may designate any device excluded above (e.g., Industry Device) that is used by or for the benefit of the Enrolled Affiliate's Enterprise as a Qualified Device for all or a subset of Enterprise Products or Online Services the Enrolled Affiliate has selected.

"Qualified User" means a person (e.g., employee, consultant, contingent staff) who: (1) is a user of a Qualified Device, or (2) accesses any server software requiring an Enterprise Product Client Access License or any Enterprise Online Service. It does not include a person who accesses server software or an Online Service solely under a License identified in the Qualified User exemptions in the Product Terms.

"Reseller" means an entity authorized by Microsoft to resell Licenses under this program and engaged by an Enrolled Affiliate to provide pre- and post-transaction assistance related to this agreement;

"Reserved License" means for an Online Service identified as eligible for true-ups in the Product Terms, the License reserved by Enrolled Affiliate prior to use and for which Microsoft will make the Online Service available for activation.

"State/Local Entity" means (1) any agency of a state or local government in the United States, or (2) any United States county, borough, commonwealth, city, municipality, town, township, special purpose district, or other similar type of governmental instrumentality established by the laws of Customer's state and located within Customer's state's jurisdiction and geographic boundaries.

"Tribal Entity" means a federally-recognized tribal entity performing tribal governmental functions and eligible for funding and services from the U.S. Department of Interior by virtue of its status as an Indian tribe.

"Use Rights" means, with respect to any licensing program, the use rights or terms of service for each Product and version published for that licensing program at the Volume Licensing Site. The Use Rights supersede the terms of any end user license agreement (on-screen or otherwise) that accompanies a Product. The Use Rights for Software are published by Microsoft in the Product Terms. The Use Rights for Online Services are published in the Online Services Terms.

"Volume Licensing Site" means <http://www.microsoft.com/licensing/contracts> or a successor site.

2. **Order requirements.**

- a. **Minimum order requirements.** Enrolled Affiliate's Enterprise must have a minimum of 250 Qualified Users or Qualified Devices. The initial order must include at least 250 Licenses for Enterprise Products or Enterprise Online Services.
 - (i) **Enterprise commitment.** Enrolled Affiliate must order enough Licenses to cover all Qualified Users or Qualified Devices, depending on the License Type, with one or more Enterprise Products or a mix of Enterprise Products and the corresponding Enterprise Online Services (as long as all Qualified Devices not covered by a License are only used by users covered with a user License).
 - (ii) **Enterprise Online Services only.** If no Enterprise Product is ordered, then Enrolled Affiliate need only maintain at least 250 Subscription Licenses for Enterprise Online Services.
- b. **Additional Products.** Upon satisfying the minimum order requirements above, Enrolled Affiliate may order Additional Products.
- c. **Use Rights for Enterprise Products.** For Enterprise Products, if a new Product version has more restrictive use rights than the version that is current at the start of the applicable initial or renewal term of the Enrollment, those more restrictive use rights will not apply to Enrolled Affiliate's use of that Product during that term.
- d. **Country of usage.** Enrolled Affiliate must specify the countries where Licenses will be used on its initial order and on any additional orders.
- e. **Resellers.** Enrolled Affiliate must choose and maintain a Reseller authorized in the United States. Enrolled Affiliate will acquire its Licenses through its chosen Reseller. Orders must be submitted to the Reseller who will transmit the order to Microsoft. The Reseller and Enrolled Affiliate determine pricing and payment terms as between them, and Microsoft will invoice the Reseller based on those terms. Throughout this Agreement the term "price" refers to reference price. Resellers and other third parties do not have authority to bind or impose any obligation or liability on Microsoft.
- f. **Adding Products.**
 - (i) **Adding new Products not previously ordered.** New Enterprise Products or Enterprise Online Services may be added at any time by contacting a Microsoft Account Manager or Reseller. New Additional Products, other than Online Services, may be used if an order is placed in the month the Product is first used. For Additional Products that are Online Services, an initial order for the Online Service is required prior to use.

- (ii) **Adding Licenses for previously ordered Products.** Additional Licenses for previously ordered Products other than Online Services may be added at any time but must be included in the next true-up order. Additional Licenses for Online Services must be ordered prior to use, unless the Online Services are (1) identified as eligible for true-up in the Product Terms or (2) included as part of other Licenses.
- g. True-up requirements.** Enrolled Affiliate must submit an annual true-up order that accounts for any changes since the initial order or last order. If there are no changes, then an update statement must be submitted instead of a true-up order.
- (i) **Enterprise Products.** For Enterprise Products, Enrolled Affiliate must determine the number of Qualified Devices and Qualified Users (if ordering user-based Licenses) at the time the true-up order is placed and must order additional Licenses for all Qualified Devices and Qualified Users that are not already covered by existing Licenses, including any Enterprise Online Services.
- (ii) **Additional Products.** For Additional Products that have been previously ordered under this Enrollment, Enrolled Affiliate must determine the maximum number of Additional Products used since the latter of the initial order, the last true-up order, or the prior anniversary date and submit a true-up order that accounts for any increase.
- (iii) **Online Services.** For Online Services identified as eligible for true-up in the Product Terms, Enrolled Affiliate may place a reservation order for the additional Licenses prior to use and payment may be deferred until the next true-up order. Microsoft will provide a report of Reserved Licenses ordered but not yet invoiced to Enrolled Affiliate and its Reseller. Reserved Licenses will be invoiced retroactively to the month in which they were ordered.
- (iv) **Subscription License reductions.** Enrolled Affiliate may reduce the quantity of Subscription Licenses at the Enrollment anniversary date on a prospective basis if permitted in the Product Terms, as follows:
- 1) For Subscription Licenses that are part of an Enterprise-wide purchase, Licenses may be reduced if the total quantity of Licenses and Software Assurance for an applicable group meets or exceeds the quantity of Qualified Devices and Qualified Users (if ordering user-based Licenses) identified on the Product Selection Form, and includes any additional Qualified Devices and Qualified Users added in any prior true-up orders. Step-up Licenses do not count towards this total count.
 - 2) For Enterprise Online Services that are not a part of an Enterprise-wide purchase, Licenses can be reduced as long as the initial order minimum requirements are maintained.
 - 3) For Additional Products available as Subscription Licenses, Enrolled Affiliate may reduce the Licenses. If the License count is reduced to zero, then Enrolled Affiliate's use of the applicable Subscription License will be cancelled.
- Invoices will be adjusted to reflect any reductions in Subscription Licenses at the true-up order Enrollment anniversary date and effective as of such date.
- (v) **Update statement.** An update statement must be submitted instead of a true-up order if, since the initial order or last true-up order, Enrolled Affiliate's Enterprise: (1) has not changed the number of Qualified Devices and Qualified Users licensed with Enterprise Products or Enterprise Online Services; and (2) has not increased its usage of Additional Products. This update statement must be signed by Enrolled Affiliate's authorized representative.
- (vi) **True-up order period.** The true-up order or update statement must be received by Microsoft between 60 and 30 days prior to each Enrollment anniversary date. The third-year true-up order or update statement is due within 30 days prior to the Expiration Date, and any license reservations within this 30 day period will not be accepted. Enrolled Affiliate

may submit true-up orders more often to account for increases in Product usage, but an annual true-up order or update statement must still be submitted during the annual order period.

- (vii) **Late true-up order.** If the true-up order or update statement is not received when due, Microsoft will invoice Reseller for all Reserved Licenses not previously invoiced and Subscription License reductions cannot be reported until the following Enrollment anniversary date (or at Enrollment renewal, as applicable).
- h. **Step-up Licenses.** For Licenses eligible for a step-up under this Enrollment, Enrolled Affiliate may step-up to a higher edition or suite as follows:
 - (i) For step-up Licenses included on an initial order, Enrolled Affiliate may order according to the true-up process.
 - (ii) If step-up Licenses are not included on an initial order, Enrolled Affiliate may step-up initially by following the process described in the Section titled "Adding new Products not previously ordered," then for additional step-up Licenses, by following the true-up order process.
- i. **Clerical errors.** Microsoft may correct clerical errors in this Enrollment, and any documents submitted with or under this Enrollment, by providing notice by email and a reasonable opportunity for Enrolled Affiliate to object to the correction. Clerical errors include minor mistakes, unintentional additions and omissions. This provision does not apply to material terms, such as the identity, quantity or price of a Product ordered.
- j. **Verifying compliance.** Microsoft may, in its discretion and at its expense, verify compliance with this Enrollment as set forth in the Enterprise Agreement.

3. **Pricing.**

- a. **Price Levels.** For both the initial and any renewal term Enrolled Affiliate's Price Level for all Products ordered under this Enrollment will be Level "D" throughout the term of the Enrollment.
- b. **Setting Prices.** Enrolled Affiliate's prices for each Product or Service will be established by its Reseller. Except for Online Services designated in the Product Terms as being exempt from fixed pricing, As long as Enrolled Affiliate continues to qualify for the same price level, Microsoft's prices for Resellers for each Product or Service ordered will be fixed throughout the applicable initial or renewal Enrollment term. Microsoft's prices to Resellers are reestablished at the beginning of the renewal term.

4. **Payment terms.**

For the initial or renewal order, Enrolled Affiliate may pay upfront or elect to spread its payments over the applicable Enrollment term. If an upfront payment is elected, Microsoft will invoice Enrolled Affiliate's Reseller in full upon acceptance of this Enrollment. If spread payments are elected, unless indicated otherwise, Microsoft will invoice Enrolled Affiliate's Reseller in three equal annual installments. The first installment will be invoiced upon Microsoft's acceptance of this Enrollment and remaining installments will be invoiced on each subsequent Enrollment anniversary date. Subsequent orders are invoiced upon acceptance of the order and Enrolled Affiliate may elect to pay annually or upfront for Online Services and upfront for all other Licenses.

5. **End of Enrollment term and termination.**

- a. **General.** At the Expiration Date, Enrolled Affiliate must immediately order and pay for Licenses for Products it has used but has not previously submitted an order, except as otherwise provided in this Enrollment.

b. Renewal option. At the Expiration Date of the initial term, Enrolled Affiliate can renew Products by renewing this Enrollment for one additional 36-month term or by signing a new Enrollment. Microsoft must receive a Renewal Form, Product Selection Form, and renewal order prior to or at the Expiration Date. Microsoft will not unreasonably reject any renewal. Microsoft may make changes to this program that will make it necessary for Customer and its Enrolled Affiliates to enter into new agreements and Enrollments at renewal.

c. If Enrolled Affiliate elects not to renew.

(i) Software Assurance. If Enrolled Affiliate elects not to renew Software Assurance for any Product under its Enrollment, then Enrolled Affiliate will not be permitted to order Software Assurance later without first acquiring a new License with Software Assurance.

(ii) Online Services eligible for an Extended Term. For Online Services identified as eligible for an Extended Term in the Product Terms, the following options are available at the end of the Enrollment initial or renewal term.

1) Extended Term. Licenses for Online Services will automatically expire in accordance with the terms of the Enrollment. An extended term feature that allows Online Services to continue month-to-month ("Extended Term") for up to one year, unless designated in the Product Terms to continue until cancelled, is available. During the Extended Term, Online Services will be invoiced monthly at the then-current published price as of the Expiration Date plus a 3% administrative fee. If Enrolled Affiliate wants an Extended Term, Enrolled Affiliate must submit a request to Microsoft at least 30 days prior to the Expiration Date.

2) Cancellation during Extended Term. At any time during the first year of the Extended Term, Enrolled Affiliate may terminate the Extended Term by submitting a notice of cancellation to Microsoft for each Online Service. Thereafter, either party may terminate the Extended Term by providing the other with a notice of cancellation for each Online Service. Cancellation will be effective at the end of the month following 30 days after Microsoft has received or issued the notice.

(iii) Subscription Licenses and Online Services not eligible for an Extended Term. If Enrolled Affiliate elects not to renew, the Licenses will be cancelled and will terminate as of the Expiration Date. Any associated media must be uninstalled and destroyed and Enrolled Affiliate's Enterprise must discontinue use. Microsoft may request written certification to verify compliance.

d. Termination for cause. Any termination for cause of this Enrollment will be subject to the "Termination for cause" section of the Agreement. In addition, it shall be a breach of this Enrollment if Enrolled Affiliate or any Affiliate in the Enterprise that uses Government Community Cloud Services fails to meet and maintain the conditions of membership in the definition of Community.

e. Early termination. Any early termination of this Enrollment will be subject to the "Early Termination" Section of the Enterprise Agreement.

For Subscription Licenses, in the event of a breach by Microsoft, or if Microsoft terminates an Online Service for regulatory reasons, Microsoft will issue Reseller a credit for any amount paid in advance for the period after termination.

6. Government Community Cloud.

a. Community requirements. If Enrolled Affiliate purchases Government Community Cloud Services, Enrolled Affiliate certifies that it is a member of the Community and agrees to use Government Community Cloud Services solely in its capacity as a member of the Community and, for eligible Government Community Cloud Services, for the benefit of end users that are members of the Community. Use of Government Community Cloud Services by an entity that is not a member of the Community or to provide services to non-Community members is strictly

prohibited and could result in termination of Enrolled Affiliate's license(s) for Government Community Cloud Services without notice. Enrolled Affiliate acknowledges that only Community members may use Government Community Cloud Services.

- b. All terms and conditions applicable to non-Government Community Cloud Services also apply to their corresponding Government Community Cloud Services, except as otherwise noted in the Use Rights, Product Terms, and this Enrollment.
- c. Enrolled Affiliate may not deploy or use Government Community Cloud Services and corresponding non-Government Community Cloud Services in the same domain.
- d. **Use Rights for Government Community Cloud Services.** For Government Community Cloud Services, notwithstanding anything to the contrary in the Use Rights:
 - (i) Government Community Cloud Services will be offered only within the United States.
 - (ii) Additional European Terms, as set forth in the Use Rights, will not apply.
 - (iii) References to geographic areas in the Use Rights with respect to the location of Customer Data at rest, as set forth in the Use Rights, refer only to the United States.

(a) The consideration for the Purchased Assets shall be: (a) the assumption by the Buyer at the Closing of the Assumed Liabilities, and (b) the sum of Fourteen Million One Hundred Seventy-Five Thousand and no/100 Dollars (\$14,175,000.00) (the "Base Purchase Price"), plus the Estimated

Working Capital Adjustment (which number shall be subtracted if it is a negative number) as determined in accordance with Section 1.06 less the initial Pole Attachment Fees (the "Base Purchase Price," as so adjusted).

(b) In addition to the Base Purchase Price, beginning on the twenty-fifth (25th) month after the Closing Date and continuing for one hundred twenty (120) consecutive months, Buyer shall pay to Seller monthly, in one month arrears, an amount equal to Three and One Half Percent (3.5%) of the Applicable Gross Revenue, if any, less any amount due to Buyer from Seller for services rendered under the Network Monitoring Agreement to Seller ("Revenue Share"). Collectively, the Base Purchase Price and the Revenue Share are referred to as the "Purchase Price."

(c) At the Closing, Buyer shall pay the Purchase Price to Seller as follows: (a) the Debt Payoff Amount which shall be paid by Buyer to the Creditors set forth on the Closing Date Indebtedness Statement in cash by wire transfer of immediately available funds in accordance with the wire transfer instructions delivered to Buyer prior to the Closing; (b) One Million Four Hundred Seventeen Thousand Five Hundred and no/100 Dollars (\$1,417,500.00) of the Purchase Price (the "Escrow Amount") will be delivered to the Escrow Agent, on behalf of and at the direction of Seller, in accordance with the "Escrow Agreement" attached hereto as **Exhibit J** for a period of twelve (12) months to be released as set forth therein; and (c) the balance of the Purchase Price will be paid by the Buyer to the Seller, by wire transfer of immediately available funds in accordance with written instructions delivered by the Seller prior to Closing.

Section 1.06 Purchase Price Adjustment.

(a) At least ten (10) days prior to the Closing Date, Seller shall deliver to Buyer a good faith estimate of what the Business's Net Working Capital will be as of the Adjustment Time on the Closing Date (the "Seller's Estimated Working Capital"), together with supporting documentation for such estimate and any additional information relating thereto reasonably requested by Buyer. The Seller's Estimated Working Capital shall be prepared in good faith in a manner consistent with the calculation of the Average Working Capital and shall be certified by an authorized officer of Seller. Buyer and its accountants and advisors shall be given full access to all of Seller's books and records with respect to the Business for purposes of evaluating the accuracy and completeness of the Seller's Estimated Working Capital. If Buyer believes, in good faith, that the Seller's Estimated Working Capital is in error, Buyer may challenge the amount of the Seller's Estimated Working Capital within five (5) days following its receipt of the Seller's Estimated Working Capital by delivering a written notice of disagreement to Seller, which notice shall include an itemization of Buyer's objections and an explanation of such objections. If Buyer does not timely deliver a notice of disagreement to Seller, the amount of the Purchase Price to be paid at the Closing shall be based on the Seller's Estimated Working Capital as delivered to Buyer. If Buyer timely delivers a written notice of disagreement to Seller, Buyer and Seller shall use their good faith efforts to resolve any disputes with respect to the Seller's Estimated Working Capital prior to the Closing Date, and the amount of Closing Consideration to be paid at the Closing shall be based on the Estimated Working Capital (as defined below) as mutually agreed to in writing by Buyer and Seller. If Buyer timely delivers a notice of disagreement to Seller but Buyer and Seller are unable to resolve their dispute regarding the Seller's Estimated Working Capital within four (4) days of the delivery by Buyer to Seller of such notice of disagreement, then the Purchase Price to be paid at the Closing shall be based on the Seller's Estimated

Working Capital. "Estimated Working Capital" means the estimate of what Net Working Capital will be at the Adjustment Time on the Closing Date as determined by the Parties pursuant to this Section 1.06(a).

(b) "Average Working Capital" means Negative Four Hundred Seventy-Seven Thousand Eight Hundred Fifteen and No/Dollars (-\$477,815.00) in Net Working Capital calculated in the manner and methodology agreed to by Buyer and Seller as set forth on Section 1.06(b) of the Disclosure Schedules. "Target Working Capital Range" means a range between and including (i) an amount equal to the Average Working Capital less Seventy-One Thousand Six Hundred Seventy-Two and No/Dollars (\$71,672.00) (the "Working Capital Floor") and (ii) an amount equal to the Average Working Capital plus Seventy-One Thousand Six Hundred Seventy-Two and No/Dollars (\$71,672.00) (the "Working Capital Ceiling"). The "Estimated Working Capital Adjustment" shall be a dollar amount calculated as follows:

(i) If Estimated Working Capital is within the Target Working Capital Range, then the Estimated Working Capital Adjustment shall be zero; or

(ii) If Estimated Working Capital is less than the Working Capital Floor, then the Estimated Working Capital Adjustment shall be equal to (A) the amount of Estimated Working Capital calculated in accordance with Section 1.06(a) minus (B) the Working Capital Floor; or

(iii) If Estimated Working Capital is greater than the Working Capital Ceiling, then the Estimated Working Capital Adjustment shall be equal to (A) the amount of Estimated Working Capital calculated in accordance with Section 1.06(a) minus the Working Capital Ceiling.

(c) Within sixty (60) days following the Closing Date, Seller shall prepare and deliver to Buyer Seller's calculation of the actual Net Working Capital calculated in the manner and methodology agreed to by Buyer and Seller as set forth on Section 1.06(b) of the Disclosure Schedules as of the Adjustment Time on the Closing Date (the "Closing Working Capital") and a certificate, based on such statement, of Seller's calculation of the Closing Working Capital Adjustment (such statement of Net Working Capital and certificate, collectively, are referred to herein as, the "Closing Statement", a copy of which shall be attached hereto as **Exhibit B**). The Closing Statement shall be prepared consistently with the Average Working Capital and shall be certified by an authorized officer of Seller. Buyer shall have twenty (20) business days following its receipt of the Closing Statement (the "Review Period") to review the same. During the Review Period, Buyer and its accountants and advisors shall be given full access to all of Seller's books and records with respect to the Business for purposes of evaluating the accuracy and completeness of the Seller's calculation of Closing Working Capital. On or before the expiration of the Review Period, Buyer shall deliver to Seller a written statement accepting or objecting to the Closing Statement. If Buyer objects to the Closing Statement, such statement shall include an itemization of Buyer's objections and an explanation of the objections. If Buyer does not deliver such statement to Seller within the Review Period, Buyer shall be deemed to have accepted the Closing Statement.

(d) The "Closing Working Capital Adjustment" shall be a dollar amount calculated as follows

(i) If Closing Working Capital is within the Target Working Capital Range, then the Closing Working Capital Adjustment shall be zero, and any previously-made Estimated Working Capital Adjustment shall be reversed and, if applicable, refunded to the appropriate party (which amount will be paid directly by the parties without any deductions from the Escrow); or

(ii) If Closing Working Capital and Estimated Working Capital are both less than the Working Capital Floor, then the Closing Working Capital Adjustment shall be equal to (A) Closing Working Capital minus (B) Estimated Working Capital; or

(iii) If Closing Working Capital is less than the Working Capital Floor and Estimated Working Capital is within the Target Working Capital Range, then the Closing Working Capital Adjustment shall be equal to (A) Closing Working Capital minus (B) the Working Capital Floor; or

(iv) If Closing Working Capital is less than the Working Capital Floor and Estimated Working Capital is greater than the Working Capital Ceiling, then the Closing Working Capital Adjustment shall be equal to (A) Closing Working Capital minus (B) the Working Capital Floor minus (C) the Estimated Working Capital Adjustment; or

(v) If Closing Working Capital is greater than the Working Capital Ceiling and Estimated Working Capital is less than the Working Capital Floor, then the Closing Working Capital Adjustment shall be equal to (A) Closing Working Capital minus (B) the Working Capital Ceiling minus (C) the Estimated Working Capital Adjustment; or

(vi) If Closing Working Capital is greater than the Working Capital Ceiling and Estimated Working Capital is within the Target Working Capital Range, then the Closing Working Capital Adjustment shall be equal to (A) Closing Working Capital minus (B) the Working Capital Ceiling; or

(vii) If Closing Working Capital and Estimated Working Capital are both greater than the Working Capital Ceiling, then the Closing Working Capital Adjustment shall be equal to (A) Closing Working Capital minus (B) the Working Capital Ceiling minus (C) the Estimated Working Capital Adjustment.

(e) The Closing Working Capital Adjustment set forth on the Closing Statement, as accepted or deemed accepted under Section 1.06(c) or, if applicable, as determined in accordance with Section 1.06(f) below, shall constitute the "Final Closing Adjustment" for purposes of determining any adjustment to the Purchase Price and shall be binding and conclusive on the Parties and not subject to appeal.

(f) If Buyer objects to the Closing Statement within the Review Period, Buyer and Seller shall promptly and in good faith attempt to resolve such objections. Any such objections that cannot be resolved between Buyer and Seller within thirty (30) days following Seller's receipt of Buyer's statement of objections shall be resolved in accordance with this Section 1.06(f). Any such unresolved objections shall be submitted to Jackson & Thornton's Montgomery, Alabama offices (the "Accounting Referee") for review and resolution, with instructions to complete the same as promptly as practicable, but in any event within thirty (30) days of its engagement, and to make any calculations in accordance with the methodology specified above. Such Accounting Referee shall deliver a statement setting forth its own calculation of the Closing Working Capital Adjustment within thirty (30) days of the submission of the matter to such firm, which calculation, absent manifest error, shall be binding and conclusive on the Parties and not subject to appeal. The Accounting Referee will be directed to give to each of the Parties and their respective accountants and advisors access to all of the Accounting Referee's work papers for purposes of determining whether there is a manifest error. The determination of the Accounting Referee shall be accompanied by a certificate of the Accounting Referee that its determination was prepared in accordance with the methodology specified above with respect to such dispute. The fees and expenses (including any related indemnity obligation to the Accounting Referee) shall be borne one-half by Buyer and one-half by Seller.

(g) If the Final Closing Adjustment is a negative amount, Seller shall pay to Buyer an amount in cash equal to the Final Closing Adjustment. If the Final Closing Adjustment is a positive amount, then Buyer shall pay to Seller an amount in cash equal to the Final Closing Adjustment. Any payment

made under this Section 1.06(g) shall be made within fifteen (15) days of the final determination of the Final Closing Adjustment.

(h) Any payments made pursuant to this Section 1.06 shall be treated as an adjustment to the Purchase Price by the parties for Tax purposes, unless otherwise required by Law.

Section 1.07 Allocation of Purchase Price. Seller and Buyer agree that the Purchase Price and the Assumed Liabilities (plus other relevant items) shall be allocated among the Purchased Assets for all purposes (including Tax and financial accounting) as shown on Section 1.07 of the Disclosure Schedules, which shall be executed by the parties after the Closing as mutually agreed to by the parties hereto. The parties agree that \$480,000 of the Purchase Price is compensation from Buyer to Seller for the first thirty-six (36) months of pole attachment fees under the Pole Attachment Agreement.

Section 1.08 Withholding Tax. Buyer shall be entitled to deduct and withhold from the Purchase Price all taxes that Buyer may be required to deduct and withhold under any applicable tax law. All such withheld amounts shall be treated as delivered to Seller hereunder.

The aggregate amount of all Losses for which Buyer shall be liable pursuant to Section 6.03(a) shall not exceed the Cap.

(c) For purposes of this Article VI, the representations and warranties of the Buyer shall not be deemed qualified by any references to materiality or to Material Adverse Effect.

Section 6.05 Indemnification Procedures. The party making a claim under this Article VI is referred to as the "Indemnified Party," and the party against whom such claims are asserted under this Article VI is referred to as the "Indemnifying Party".

(a) Third Party Claims. If any Indemnified Party receives notice of the assertion or commencement of any Action made or brought by any Person who is not a party to this Agreement or an Affiliate of a party to this Agreement or a Representative of the foregoing (a "Third Party Claim") against such Indemnified Party with respect to which the Indemnifying Party is obligated to provide indemnification under this Agreement, the Indemnified Party shall give the Indemnifying Party reasonably prompt written notice thereof, but in any event not later than forty-five (45) calendar days after receipt of such notice of such Third Party Claim. The failure to give such prompt written notice shall not, however, relieve the Indemnifying Party of its indemnification obligations, except and only to the extent that the Indemnifying Party forfeits rights or defenses by reason of such failure. Such notice by the Indemnified Party shall describe the Third Party Claim in reasonable detail, shall include copies of all material written evidence thereof and shall indicate the estimated amount, if reasonably practicable, of the Loss that has been or may be sustained by the Indemnified Party. The Indemnifying Party shall have the right to participate in, or by giving written notice to the Indemnified Party, to assume the defense of any Third Party Claim at the Indemnifying Party's expense and by the Indemnifying Party's own counsel, and the Indemnified Party shall cooperate in good faith in such defense; *provided, that* if the Indemnifying Party is the Seller, such Indemnifying Party shall not have the right to defend or direct the defense of any such Third Party Claim that (i) is asserted directly by or on behalf of a Person that is a supplier or customer of the Business, or (ii) seeks an injunction or other equitable relief against the Indemnified Party. In the event that the Indemnifying Party assumes the defense of any Third Party Claim, subject to Section 6.05(b), it shall have the right to take such action as it deems necessary to avoid, dispute, defend, appeal or make counterclaims pertaining to any such Third Party Claim in the name and on behalf of the Indemnified Party. The Indemnified Party shall have the right to participate in the defense of any Third Party Claim with counsel selected by it subject to the Indemnifying Party's right to control the defense thereof. The fees and disbursements of such counsel shall be at the expense of the Indemnified Party, *provided, that* if in the reasonable opinion of counsel to the Indemnified Party, (i) there are legal defenses available to an Indemnified Party that are different from or additional to those available to the Indemnifying Party; or (ii) there exists a conflict of interest between the Indemnifying Party and the Indemnified Party that cannot be waived, the Indemnifying Party shall be liable for the reasonable fees and expenses of counsel to the Indemnified Party in each jurisdiction for which the Indemnified Party determines counsel is required. If the Indemnifying Party elects not to compromise or defend such Third Party Claim, fails to promptly notify the Indemnified Party in writing of its election to defend as provided in this Agreement, or fails to diligently prosecute the defense of such Third Party Claim, the Indemnified Party may, subject to Section 6.05(b), pay, compromise, defend such Third Party Claim and seek indemnification for any and all Losses based upon, arising from or relating to such Third Party Claim. The Seller and Buyer shall cooperate with each other in all reasonable respects in connection with the defense of any Third Party Claim, including making available (subject to the provisions of Section 6.07) records relating to such Third Party Claim and furnishing, without expense (other than reimbursement of actual out-of-pocket expenses) to the defending party, management employees of the non-defending party as may be reasonably necessary for the preparation of the defense of such Third Party Claim.

(b) Settlement of Third Party Claims. Notwithstanding any other provision of this Agreement, the Indemnifying Party shall not enter into settlement of any Third Party Claim without the prior written consent of the Indemnified Party, except as provided in this Section 6.05(b). If a firm offer is made to settle a Third Party Claim without leading to liability or the creation of a financial or other obligation on the part of the Indemnified Party and provides, in customary form, for the unconditional release of each Indemnified Party from all liabilities and obligations in connection with such Third Party Claim and the Indemnifying Party desires to accept and agree to such offer, the Indemnifying Party shall give written notice to that effect to the Indemnified Party. If the Indemnified Party fails to consent to such firm offer within ten (10) days after its receipt of such notice, the Indemnified Party may continue to contest or defend such Third Party Claim and in such event, the maximum liability of the Indemnifying Party as to such Third Party Claim shall not exceed the amount of such settlement offer. If the Indemnified Party fails

to consent to such firm offer and also fails to assume defense of such Third Party Claim, the Indemnifying Party may settle the Third Party Claim upon the terms set forth in such firm offer to settle such Third Party Claim. If the Indemnified Party has assumed the defense pursuant to Section 6.05(a), it shall not agree to any settlement without the written consent of the Indemnifying Party (which consent shall not be unreasonably withheld or delayed).

(c) **Direct Claims.** Any Action by an Indemnified Party on account of a Loss which does not result from a Third Party Claim (a "Direct Claim") shall be asserted by the Indemnified Party giving the Indemnifying Party reasonably prompt written notice thereof, but in any event not later than forty-five (45) days after the Indemnified Party becomes aware of such Direct Claim. The failure to give such prompt written notice shall not, however, relieve the Indemnifying Party of its indemnification obligations, except and only to the extent that the Indemnifying Party forfeits rights or defenses by reason of such failure. Such notice by the Indemnified Party shall describe the Direct Claim in reasonable detail, shall include copies of all material written evidence thereof and shall indicate the estimated amount, if reasonably practicable, of the Loss that has been or may be sustained by the Indemnified Party. The Indemnifying Party shall have forty-five (45) days after its receipt of such notice to respond in writing to such Direct Claim. The Indemnified Party shall allow the Indemnifying Party and its professional advisors to investigate the matter or circumstance alleged to give rise to the Direct Claim, and whether and to what extent any amount is payable in respect of the Direct Claim and the Indemnified Party shall assist the Indemnifying Party's investigation by giving such information and assistance (including access to the Indemnified Party's premises and personnel and the right to examine and copy any accounts, documents or records) as the Indemnifying Party or any of its professional advisors may reasonably request. If the Indemnifying Party does not so respond within such forty-five (45) day period, the Indemnifying Party shall be deemed to have rejected such claim, in which case the Indemnified Party shall be free to pursue such remedies as may be available to the Indemnified Party on the terms and subject to the provisions of this Agreement.

Section 6.06 Payments. Once a Loss is agreed to by the Indemnifying Party or finally adjudicated to be payable pursuant to this Article VI, the Indemnifying Party shall satisfy its obligations within fifteen (15) Business Days of such final, non-appealable adjudication by wire transfer of immediately available funds. Seller shall be obligated to provide indemnification to Buyer from the Escrow, and to the extent the Escrow is insufficient, Seller shall be obligated to provide indemnification to Buyer directly, for all Indemnifiable Losses that are properly and timely asserted, subject to the terms and conditions hereof. The parties hereto agree that should an Indemnifying Party not make full payment of any such obligations within such fifteen (15) Business Day period, any amount payable shall accrue interest from and including the date of agreement of the Indemnifying Party or final, non-appealable adjudication to but excluding/and including the date such payment has been made at a rate per annum equal to five percent (5%). Such interest shall be calculated daily on the basis of a 365 day year and the actual number of days elapsed, without compounding.

Section 6.07 Tax Treatment of Indemnification Payments. As between Buyer and Seller, upon the settlement or resolution of any claim for indemnification while the Escrow Amount remains held by the Escrow Agent, Buyer and Seller agree to provide joint written instructions to the Escrow Agent regarding the disbursement of funds to the applicable Party, all in accordance with the Escrow Agreement. All indemnification payments made under this Agreement shall be treated by the parties as an adjustment to the Purchase Price for Tax purposes, unless otherwise required by Law.

Section 6.08 Scope of Indemnification Obligations. The right to indemnification, reimbursement or other remedies based upon any such representation or warranty will not be affected by any knowledge acquired (or capable of being acquired) at any time, whether before or after the execution

and delivery of this Agreement or the Closing Date, with respect to the accuracy or inaccuracy of such representation or warranty.

Section 6.09 Sole Remedy. The indemnification provisions of this Article VI provide and are the sole and exclusive remedies of the Seller and the Buyer for any and all Action and Losses arising under or pertaining to this Agreement after the Closing, except for (i) Fraud; or (ii) a misrepresentation, inaccuracy in or breach of the Seller Fundamental Representations and Warranties.

2. **Term.** The term of this Lease (the "Term") shall commence on November 8, 2018 (the "Commencement Date"), and shall expire ten (10) years following the Commencement Date (the "Expiration Date"), unless renewed or earlier terminated in accordance with the terms of this Lease.
3. **Rent.** Tenant agrees to pay a monthly rent during the Term in the amount of Five Thousand Dollars (\$5,000) (the "Rent"). The Rent shall be payable monthly in advance, commencing on the Commencement Date and continuing on or before the first (1st) day of each month thereafter during the Term. Without limiting the provisions of this Lease, if Tenant fails to pay any installment of Rent or other charge to be paid by Tenant pursuant to this Lease within five (5) business days after the same becomes due and payable, then Tenant shall pay a late charge equal to five percent (5%) of the amount of such payment. Rent shall be inclusive of all costs including, without limitation, taxes, insurance, utilities, and repair and maintenance expenses.
4. **Use of Premises.** Tenant may use the Premises for operation, maintenance, and storage of a headend, and any use ancillary thereto, or, upon prior written approval from Landlord, which approval shall not be unreasonably withheld, any other use. Landlord may, but is not obligated to, maintain such other insurance and additional coverages as it may deem necessary, including, but not limited to, flood insurance and rent loss insurance. The Premises may be included in a blanket policy (in which case the cost of such insurance allocable to the Premises will be determined by Landlord based upon the insurer's cost calculations). (a) Failure of Tenant to pay any installment of Rent to Landlord on the date that the same is due and such failure shall continue for a period of fifteen (15) days after the said Rent payment is due.

(b) Failure of Tenant to comply with any term, condition or covenant of this Lease, other than the payment of Rent or other sum of money, and such failure shall not be cured within thirty (30) days after written notice from Landlord to Tenant.

(c) Insolvency, the making of a transfer in fraud of creditors or the making of an assignment for the benefit of creditors by Tenant.

(d) Filing of a petition under any section or chapter of the United States Bankruptcy Code, as amended, or under any similar law or statute of the United States or any State thereof by Tenant or adjudication as a bankrupt or insolvent in proceedings filed against Tenant.

(e) Appointment of a receiver or trustee for all, or, substantially all of the assets of Tenant.

15. **Landlord's Remedies.** Upon the occurrence of any of the Events of Default listed in Section 14, Landlord shall have the option to pursue any one or more of the following remedies:

(a) Terminate this Lease, in which event Tenant shall immediately surrender the Premises to Landlord. If Tenant fails to surrender such Premises, Landlord may, without prejudice to any other remedy which it may have for possession of the Premises or arrearage in Rent, enter upon and take possession of the Premises and expel or remove Tenant and any other person who may be occupying such Premises or

any part thereof, by force if necessary, without being liable for prosecution or any claim for damages therefor. Tenant shall pay to Landlord on demand the amount of all loss and damage which Landlord may suffer by reason of such termination, whether through inability to relet the Premises on satisfactory terms or otherwise.

(b) Enter upon and take possession of the Premises, by force if necessary, without terminating this Lease and without being liable for prosecution or for any claim for damages therefor, and do whatever Tenant is obligated to do under the terms of this Lease. Tenant agrees to pay Landlord on demand for expenses which Landlord may incur in this affecting compliance with Tenant's obligations under this Lease, together with interest thereon at the rate of five percent (5%) per annum from the date expended until paid. Landlord shall not be liable for any damages resulting to the Tenant from such action, whether caused by negligence of Landlord or otherwise.

(c) Declare all Rent and other sums due hereunder, due and payable in full for the entire term of the Lease.

(d) Pursue any of its remedies at law or equity.

(e) Notwithstanding the foregoing, upon the occurrence of an Event of Default by Tenant, Landlord shall use commercially reasonable efforts to mitigate its damages.

16. **Default by Landlord.** The following events shall be an Event of Default by Landlord under this Lease:

(a) Failure of Landlord to maintain and repair the Premises or commence in good faith such repair or maintenance as provided for in Section 6 of the Lease and such failure shall continue for a period of ten (10) days after written notice thereof to Landlord.

(b) Failure of Landlord to comply with any term, condition or covenant of this Lease, other than maintenance and repair, and such failure shall not be cured within thirty (30) days after written notice thereof from Tenant to Landlord.

17. **Tenant's Remedies.** Upon the occurrence of any of the Events of Default listed in Section 16, Tenant shall have the option to pursue any one or more of the following remedies:

(a) In the event of a default by Landlord under Section 16(a), Tenant shall have the right, but not the obligation to cause the required maintenance and repair to be made. Landlord shall reimburse Tenant for the cost of the maintenance and repair within ten (10) days of receiving a copy of the paid invoice showing the amount of said repair. In the event Landlord fails to pay any such invoice when due, Tenant may deduct such amounts from Rent thereafter becoming due and payable hereunder.

(b) Terminate the lease.

(c) Any other recourse available under applicable law.

18. **Holding Over.** Should Tenant or any of its successors in interest fail to surrender the Premises, or any part thereof, on the expiration or termination of this Lease, without any agreement in writing between Landlord and Tenant with respect thereto then prior to acceptance of Rent by Landlord, Tenant shall be deemed a tenant month to month, subject to the provisions of this Lease insofar as the same may be made applicable to a tenancy from month-to-month; however, the rent due shall increase to \$5,250 per month. In the event of such holding over by Tenant, either Landlord or Tenant may terminate the monthly tenancy upon thirty (30) days' written notice to the other.

19. **Surrender of Premises.** At the expiration of the Lease term, Tenant shall, after removal of trade fixtures, equipment and other personal property, peaceably surrender the Premises broom clean and in good condition and repair, reasonable wear and tear and repairs which are Landlord's obligation hereunder excepted.

20. **Indemnification.** Landlord, to the extent allowed by law, hereby agrees to and shall indemnify Tenant and its successors and assigns and Tenant hereby agrees to and shall indemnify Landlord and its successors and assigns in respect of any liability, damage, cost, expense or deficiency resulting from any misrepresentations, breach of warranty or nonfulfillment of any representation or agreement of the indemnifying party made herein, and from any misrepresentation in or omission from any certificate or other instrument furnished or to be furnished to the indemnified party hereunder as well as against all actions, suits, process, demands, assessments, judgments, costs and expenses, including counsel fees, incident to any of the forgoing.

21. **Compliance with Laws.**

(a) Landlord represents and warrants to Tenant that to the best of Landlord's actual knowledge, as of the date hereof, Landlord and the Premises are in compliance with, and will continue to be in compliance with, all federal, state, county and municipal environmental laws, rules, regulations and statutes applicable to the Premises or the use thereof, and that there are no Hazardous Substances in or on the Premises other than in accordance with applicable law. Excluding any matters that result from the actions or omissions of Tenant after the effective date of this Lease, Landlord, to the extent allowable by law, shall defend, indemnify and hold harmless Tenant and its agents, employees, successors and assigns, from and against any and all claims, demands, penalties, fines, liabilities, settlements, damages, costs and expenses (including, without limitation, reasonable attorneys' fees, consultants' fees, court costs and litigation expenses) arising out of or in any way related to the presence of Hazardous Substances in or on the Premises.

(b) "Hazardous Substances" shall mean any substance, chemical, contaminant or waste that is designated or defined as hazardous, toxic or dangerous or as a pollutant or contaminant in any environmental law, including without limitation, asbestos, polychlorinated biphenyls (PCBs), pesticides, PCE and petroleum or its by-products.

(c) Tenant shall comply with all governmental laws, ordinances and regulations applicable to the Tenant's use of the Premises and shall promptly comply with all governmental orders and directives for the correction, prevention and abatement of nuisances in or upon, or connected with the Tenant's use of, the Premises, all at Tenant's sole expense. Landlord warrants that to the best of its actual knowledge, the Premises currently meets all applicable codes and ordinances of any governmental agency having jurisdiction over the Premises. Tenant hereby agrees that its use and alterations of the Premises shall comply with all environmental laws and regulations, including permits, during its possession; and Tenant will not store, release or dispose (or knowingly permit the storage, release or disposal of) a Hazardous Substance in the Premises. Tenant does hereby agree to indemnify and hold Landlord harmless of, from and against, all claims, actions, liens, demands, costs, expenses, fines, judgments and losses (including reasonable legal fees and costs) resulting from, or arising out of, Tenant's violation of this provision. Landlord and Tenant acknowledge and agree if Tenant violates this provision, upon the completion of Landlord's cure of such violation, Tenant shall reimburse Landlord in full the reasonable costs associated with such cure. In the event that Tenant is served with any notice regarding Hazardous Substances on or about the Premises, Tenant agrees to promptly provide Landlord with written notice thereof.

22. **Severability**. If any provision in this Lease should be held to be invalid or unenforceable, the validity and enforceability of the remaining provisions of this Lease shall not be affected thereby.

23. **Governing Law**. This Lease and the rights and obligations of the parties arising hereunder shall be construed in accordance with the laws of the State of Alabama.

24. **Section Headings**. The headings of sections in this Lease are inserted for convenience only and shall not be considered the provisions hereof if any question of intent should arise.

25. **Successors**. The terms, conditions and covenants contained in this Lease shall apply to, inure to the benefit of and be binding upon the parties hereto and their respective successors in interest and legal representatives, except as otherwise herein expressly provided. All rights, powers, privileges, immunities and duties of Landlord under this Lease, including, but not limited to, any notices required or permitted to be delivered by Landlord to Tenant hereunder, may, at Landlord's option, be exercised or performed by Landlord's agent or attorney.

26. **Attorney's Fees**. If either party to this Lease commences litigation, legal action or claim to protect its interest and/or to enforce any term or provision of this Lease, the losing party in the dispute shall indemnify and hold harmless the prevailing party from any and all reasonable costs, including without limitation reasonable attorneys' fees and court costs incurred by the prevailing party, including attorney's fees on appeal and in any bankruptcy proceedings, and this provision shall survive the expiration or termination of this Lease. Landlord's indemnity hereunder is subject to any limitations as provided by law.

27. **Condemnation**. If the whole or any material part of the Premises shall be taken by any public authority under the power of eminent domain, or conveyed by Landlord to such authority in lieu of condemnation, and by reason of such taking (a) Tenant determines in its reasonable business judgment that Tenant's business cannot be continued in operation on the portion of the Premises which remains, or (b) Landlord determines in its reasonable business judgment that Landlord's ownership and operation of the Buildings is commercially unreasonable, then Tenant, in the case of (a), and Landlord, in the case of (b), may terminate this Lease by notice to the other party within thirty (30) days after the terminating party receives a written notice of the portion to be taken or sold, to be effective. The termination of this Lease will be effective as of the date the Premises, or, portion thereof must be vacated pursuant to the condemnation order or the date of any conveyance in lieu of such condemnation. If, during the term of this Lease, Landlord receives notice from any public authority that the whole or any part of the Premises is being considered for taking by any public authority under the power of eminent domain, Landlord shall immediately provide Tenant with written notice of such action, including a copy of said notice. If, during the term of this Lease, a material portion of the Premises shall be taken by any public authority for any public use, or, any conveyance in lieu of such condemnation, and neither Tenant nor Landlord exercise the option to terminate this Lease granted in this section, then there shall be an equitable abatement or adjustment to the Rent due under this Lease and Landlord shall promptly restore the Premises and the Buildings, less the part so taken, to the condition which existed prior to such taking. It is expressly understood and agreed that Tenant shall have no claim or demand of any kind to any award made to Landlord, except as otherwise specifically provided herein. Notwithstanding anything to the contrary, Tenant shall be entitled to an award, if any, from such condemning authority for damages for loss of Tenant's trade fixtures or improvements. Tenant shall also be entitled to claim an award for damages from the condemning authority suffered by Tenant for loss of business or loss of "good will" and for moving and relocation expenses.

28. **Fire or Other Casualty**.

(a) In the event the Premises are totally destroyed by fire, rain, wind or other cause beyond the control of Landlord, or are condemned and ordered torn down by the properly constituted authorities of the State, County, City, or other authority, then in either of these events, at Landlord's or Tenant's option, the Lease shall cease and terminate as of the date of such destruction or condemnation. The rental shall then be accounted for between the Landlord and Tenant up to the time of such damage, taking or destruction of said Premises, the Tenant paying up to said date and the Landlord refunding the rents collected beyond said date.

(b) If the Premises are damaged by fire (through no fault of Tenant or Tenant's agents, employees, invitees or customers), rain or wind beyond the control of Tenant, so as to render the same untenantable or unfit for the use or purpose for which the same are hereby let, then in that event, at Tenant's option, this Lease shall cease and terminate as of the date of such damage.

(c) If the Premises are destroyed in whole or in part and neither party elects to terminate this Lease as aforesaid, then Landlord shall promptly restore the Buildings and the Premises to the condition which existed prior to such casualty, and Rent shall abate from the date of casualty until the Premises are restored.

29. **Landlord Lien.** Landlord hereby waives any statutory or common law so-called "landlord's lien" against the equipment, trade fixtures, machinery and other personal property of Tenant situated on the Premises.

30. **Counterpart Execution.** This Lease may be executed in one or more counterparts and by different parties hereto on separate counterparts, each of which when so executed shall be deemed to be an original and all of which when taken together shall constitute one and the same agreement.

1.1 Agreement.

1.1.1 Seller agrees to provide, or to cause its Affiliates to provide, the services (the "**Services**") set forth on Annex A attached hereto, together with such schedules or exhibits enclosed therein (as such Annex A, as hereafter defined, may be amended or supplemented pursuant to the terms of this Agreement, collectively, the "**Transition Services**") to Buyer for the respective periods and on the other terms and conditions set forth in this Agreement and in the respective portion of Annex A.

1.1.2 Subject to Section 7.14, the obligations of Seller under this Agreement to provide Transition Services shall terminate with respect to each Service on the end date specified in the applicable portion of Annex A of the Initial Term, or at the election of Buyer in its sole discretion made no less than fourteen (14) days prior to the expiration of the Initial Term, on the end date specified in the applicable portion of Annex A of the Extended Term (such date, as applicable, the "**End Date**"). Notwithstanding the foregoing, the parties acknowledge and agree that Buyer may determine from time to time that it does not require any or all of the Services set out on one or more of the Annex A or that it does not require such Services for the entire period up to the applicable End Date. Accordingly, Buyer may terminate any Service, in whole and not in part, upon three (3) days advance notification to Seller in writing of any such determination.

{H0428146.2}

1.1.3 To enable the provision of the Services by Seller, Buyer agrees that it shall provide to Seller's and its Affiliates' employees and any third-party service providers or subcontractors who provide Services, at no cost to Seller, reasonable access to the facilities, assets of the Business, in all cases to the extent necessary for Seller to fulfill its obligations under this Agreement and upon reasonable advance notice.

1.1.4 Seller agrees that all of its and its Affiliates' employees and any third-party service providers and subcontractors, when on the property of Buyer or when given access to any equipment, computer, software, network or files owned or controlled by Buyer, shall conform to the policies and procedures of Buyer concerning health, safety and security which are made known to Seller in advance.

1.1.5 The Seller shall supervise its employees pursuant to this Agreement.

1.2 Standard of Service.

1.2.1 Seller agrees that the Services shall be provided in accordance with the same standard of care as historically provided.

1.2.2 Except as expressly set forth in this Agreement or in any contract entered into hereunder, Seller makes no representations and warranties of any kind, implied or expressed, with respect to the Services, including, without limitation, no warranties of merchantability or fitness for a particular purpose, which are specifically disclaimed. Buyer acknowledges and agrees that this Agreement does not create a fiduciary relationship, partnership, joint venture or relationships of trust or agency between the parties and that all Services are provided by Seller as an independent contractor.

1.3 Transition Period. The Seller shall provide the Transition Services to the Buyer during the period (the "**Transition Period**") that shall commence on the date hereof and shall, with respect to each particular Transition Service, continue for the period of time shown on Annex A for that particular Transition Service, unless earlier terminated in accordance with Section 1.4. The Transition Period shall conclude in one hundred twenty (120) days from the Effective Date; *provided, however*, at the conclusion of such one hundred twenty (120) day period the parties shall meet to discuss whether any of the Transition Services need to continue for an additional limited period of time. The Transition Period with respect to any specific Transition Service may be extended only by mutual written agreement of the Seller and the Buyer, which consent shall be in the sole discretion of each party.

1.4 Phase Out or Termination of Transition Services. The Buyer shall have the right, in its sole and absolute discretion, to direct that any or all of the Transition Services be (i) provided to one or more of the subsidiaries of the Buyer and (ii) terminated effective on a date established by the Buyer which is prior to the termination date for such Transition Service shown on Annex A. Such termination will be effective no earlier than three (3) business days after written notice of termination is received by the Seller, unless the Seller consents to a shorter period. The Buyer may direct that the level of any specific item of the Transition Services be reduced or phased out, subject to a mutually satisfactory fee arrangement for such particular Transition Service.

1.5 Modified Transition Services. If the Buyer requests a modification of any Transition Service, including the addition of any services, the Buyer shall make its request to the Seller in writing. Upon receipt by the Seller of a written modification request, the Seller shall use commercially reasonable efforts to evaluate the modification and develop changes in the cost-based rates for those Transition Services; provided, however, that the Seller may decline to modify any Transition Services. If the Seller agrees to the proposed modification to the Transition Service, the modification shall be set forth in a revised schedule signed by the parties hereto. A requested increase in the term of a particular Transition Service shall be deemed a modification of such

{H0428146.2}

Transition Service.

1.6 Certain Limitations. In performing the Transition Services, the obligations of the Seller are subject to the availability of resources, particularly personnel, and shall be limited to the systems, software, hardware and other information technology or management information systems technology platforms currently possessed by the Seller or its Affiliates and used in connection with services provided to the Business in the ordinary course of business prior to the closing of the transactions contemplated by the Asset Purchase Agreement. The Seller shall not be required to acquire new, additional, or different personnel, equipment, or resources, or to acquire or establish any separate hardware or software platforms to perform such services unless the Buyer shall agree to pay the entire cost thereof. The Seller shall not be obligated to provide Transition Services to the extent the employees of the Seller or any of its Affiliates who are providing such services are no longer available to the Seller or its Affiliate unless (and to the extent that) another employee or employees of the Seller or any of its Affiliates can reasonably provide such Transition Services. In the event the Seller becomes aware that an employee providing services is preparing to leave or does leave, the Seller shall immediately notify the Buyer and work with the Buyer to identify a temporary alternative solution to avoid the disruption of any affected Transition Services.

2. PAYMENT FOR SERVICES

2.1 Fees.

2.1.1 The Buyer shall pay the Seller the fees set forth opposite the applicable Transition Service on Annex A for the Transition Services rendered by the Seller hereunder. Unless the fee for a specific Transition Service is set forth on Annex A, then the fee for the Transition Services shall be the direct costs of providing the services internally (*i.e.*, the prorated wages and employee benefits of employees) at the Seller, plus reimbursement of out-of-pocket third-party costs and expenses, plus the fair and reasonable cost of supervision. The fees set forth on Annex A are exclusive of any applicable taxes (other than taxes based on the Seller's income) The Seller shall send the Buyer a single invoice for the fees payable to the Seller on a monthly basis, which invoice shall provide sufficient detail setting forth the fees per the Transition Service provided (the "**Monthly Invoice**"). The Buyer shall pay the Seller the amount set forth on each Monthly Invoice within thirty (30) days following the Buyer's receipt of the same (the "**Payment Deadline**"). Transition Services charged on a monthly basis which are provided for partial periods shall be charged for on a pro rata basis, based on a thirty (30)-day month.

2.1.2 As more fully provided in the Annex A and subject to the terms and conditions therein:

(a) Seller and Buyer shall develop a projected monthly budget of potential Out-of-Pocket Costs with respect to the provision of Transition Services.

(b) Seller shall provide Buyer with monthly invoices ("**Invoices**"), which shall set forth in reasonable detail, with such supporting documentation as Buyer may reasonably request with respect to Out-of-Pocket Costs, amounts payable under this Agreement, including but not limited to, who approved the time, the time requested, and work performed.

(c) Payments pursuant to this Agreement shall be made within thirty (30) days after the date of receipt of an Invoice by Buyer from Seller.

2.2 Charges for Modified Services. Any additional services that Seller agrees to provide, in its sole discretion, shall constitute Services under this Agreement and be subject in all respect to the provisions of this Agreement as if fully set forth on a Service Exhibit as of the date hereof and any Annex A amendment (H0428146.2)

that describes such services and costs. If modification of the Transition Services requires the hiring of additional employees or the procurement of additional equipment or services, the Seller shall notify the Buyer and, upon approval, may include in the charges for the modified Transition Services provisions for the recovery of (i) employee hiring expenses, and (ii) the cost of procuring additional equipment and services. If Buyer does not approve of Seller's proposed changes in the charges for the modified Transition Services, then the services shall continue without modification.

2.3 Disputed Invoice Charges.

(a) If the Buyer disputes a charge in good faith, it may withhold payment of that charge so long as the Buyer makes timely payment of all undisputed charges; and within thirty (30) days of receipt of the invoice, provides the Seller with a written explanation of the reasons for the Buyer's dispute of the charge.

(b) The Seller and the Buyer shall cooperate to promptly resolve any disputed charge. If within ten (10) business days

- (i) the Seller and the Buyer shall agree that the disputed charge is not valid, the Seller shall either (i) include a credit within the next invoicing cycle, to the extent the Buyer previously paid the disputed amount, or (ii) shall promptly issue an amended invoice; or
- (ii) the Seller and the Buyer shall agree that the disputed charge is valid, the Buyer shall pay the charge, plus interest on such charge accruing from the date that payment becomes due until payment thereof at a rate equal to ten percent (10%) per annum (or, if a lesser rate is required by law, then the maximum rate permitted by law), within the later of thirty (30) days from the date of the invoice or fifteen (15) days from the date of the resolution of the dispute; or,
- (iii) if the Seller and the Buyer are unable to resolve the billing dispute within thirty (30) days, the Seller and the Buyer shall submit the issue to senior officers of the Seller and the Buyer who shall cooperate in good faith to resolve the issue.

3. LIABILITY

3.1 Liability for Gross Negligence and Willful Misconduct. The obligation for damages, losses, and liabilities that arise in connection with the gross negligence or willful misconduct of any employee of the Seller or any of its Affiliates in connection with the provision of any Transition Service shall be indemnified by the Seller as permitted by law. The obligation for damages, losses and liabilities that arise in connection with the gross negligence or willful misconduct of any employee of the Buyer or any of its Affiliates in connection with the provision of any Transition Service shall be assumed by the Buyer and fully indemnified by the Buyer.

4. GOOD FAITH COOPERATION

4.1 Cooperation. Each party hereto shall act in good faith and cooperate with each other in order to achieve the benefits expected and to resolve any problems that may occur in a commercially reasonable way. As part of that cooperation, the parties hereto agree that they will ensure that all transactions and activities contemplated hereunder are conducted in compliance with all Applicable Law. The individual set forth

{H0428146.2}

opposite each party's name on Annex B shall be such party's coordinator with responsibility for ensuring that the overall intent of this Agreement is achieved. Each party shall make available, as reasonably requested by the other party, sufficient resources and timely decisions, approvals and acceptances, in order that each party may perform its obligations under this Agreement in a timely and efficient manner.

4.2 Books and Records. Each party shall keep books and records of the Transition Services provided and reasonable supporting documentation of all charges and expenses incurred in providing such Transition Services and shall produce written records that verify the dates and times during which the Transition Services were performed. Each party shall make such books and records available to the other party. Buyer, upon reasonable notice, during normal business hours.

5. INDEMNIFICATION

5.1 Indemnification. To the extent allowed by law, the Seller shall indemnify, defend, and hold the Buyer, its respective directors, officers, equity holders, and employees and their heirs, successors and assigns, harmless from and against any and all claims, demands, suits, proceedings, judgments, losses, liabilities, damages, costs, and expenses (including, but not limited to, reasonable attorneys' fees and costs of enforcing the indemnification obligations hereunder) (collectively, "**Losses**") imposed or incurred as a result of or in connection with any breach by the Seller of any covenant, obligation, representation, or warranty hereunder. The Buyer shall indemnify, defend, and hold the Seller, its respective directors, officers, shareholders, and employees, and their heirs, successors and assigns, harmless from and against any and all Losses imposed or incurred as a result of or in connection with any breach by the Buyer of any covenant, obligation, representation, or warranty hereunder.

6. TERMINATION

6.1 Termination of Agreement. Subject to Section 6.5, this Agreement shall terminate in its entirety (i) automatically on the date upon which Seller and Buyer shall have no continuing obligation to perform any Transaction Services as a result of each of their expiration or termination in accordance with this Agreement or (ii) in accordance with Section 6.4.

6.2 Breach. Any party (the "**Non-Breaching Party**") may terminate this Agreement with respect to any Transition Service, in whole but not in part, at any time upon prior written notice to the other party (the "**Breaching Party**") if the Breaching Party has failed (other than pursuant to Section 6.5) to perform any of its material obligations under this Agreement relating to such Service. For the avoidance of doubt, non-payment by Buyer for a Service provided by Seller or by Seller for a service provided by Buyer in accordance with this Agreement and not the subject of a good faith dispute shall be deemed a breach for purposes of Section 6.2.

6.3 Insolvency. If either party hereto shall file a petition in bankruptcy, then the other party shall have the right to terminate this Agreement by providing written notice the party undergoing bankruptcy.

6.4 Effect of Termination. Upon termination of this Agreement in its entirety, all obligations of the parties hereto shall terminate, except for the provisions of Section 2.3, Section 3, and Section 5 which shall survive any termination or expiration of this Agreement.

6.5 Force Majeure. The obligations of Seller under this Agreement with respect to any Transition Services shall be suspended during the period and to the extent that Seller is prevented or hindered from providing or receiving such services, or Buyer is prevented or hindered from receiving or providing such services, due to any of the following causes beyond such party's reasonable control which cannot be overcome
(H0428146.2)

by the exercise of reasonable efforts (such causes, "**Force Majeure Events**"): (i) acts of God, (ii) flood, fire or explosion, (iii) war, invasion, riot or other civil unrest, (iv) Governmental Order or Law, (v) actions, embargoes or blockades in effect on or after the date of this Agreement, (vi) action by any Governmental Authority, (vii) national or regional emergency, (viii) strikes, labor stoppages or slowdowns or other industrial disturbances, or (ix) shortage of adequate power. Neither Buyer nor Seller shall be liable for the nonperformance or delay in performance of its respective obligations under this Agreement when such failure is due to a *Force Majeure* Event. The applicable End Date for any Service or Buyer Service, as applicable, so suspended shall be automatically extended for a period of time equal to the time lost by reason of the suspension.

1. **Defined Terms.** All capitalized terms used but not otherwise defined herein shall have the meanings ascribed to them in the Asset Purchase Agreement.

2. **Establishment of Escrow Fund.** Escrow Agent hereby acknowledges and agrees that it has received One Million Four Hundred Seventy-Five Thousand and no/100 Dollars] (\$1,475,000) from Seller (the "Escrow Fund"), such fund to be held, invested, and disbursed for the benefit of Seller and Buyer and their respective successors and assigns, as provided herein. Escrow Agent shall hold the Escrow Fund deposited herein and such funds shall be available for distribution as provided herein.

3. **Investment of Escrow Funds.** Escrow Agent shall invest the fund in Permitted Investments. For purposes of this Agreement, "Permitted Investments" shall mean money market funds that are insured by the FDIC. All income earned and received from the investments shall be reinvested in the Escrow Fund and shall be held for distribution as provided herein.

4. **Application of Escrow Fund.**

(a) **Purpose.** This Escrow Fund is established for the purpose of providing security to Buyer for Seller's full, complete, and timely performance of its obligations under the Asset Purchase Agreement.

(b) **Claims by Buyer.**

(i) If on or prior to expiration of the Primary Term of the Escrow Agreement, Buyer claims to be entitled to indemnification, reimbursement, or payment from Seller under the provisions of the Asset Purchase Agreement, Buyer shall advise Escrow Agent and Seller of the claim(s) in writing, describing in such notice the nature of the claim(s), and the amount of such claims(s) if then determinable.

(ii) Unless Seller sends Escrow Agent a written objection to the claim(s), with a copy concurrently to Buyer, within fourteen (14) days after Seller receives Buyer's notice of claim(s), Seller shall be conclusively presumed to have approved the claim(s). In such case Escrow Agent shall, upon receipt of Joint Release Instructions, pay the claim(s) to Buyer. However, if the amount of the claim(s) is not then determinable, Escrow Agent shall set aside a reserve in an amount estimated by Buyer to cover the claim(s). Buyer shall use this procedure for each claim filed hereunder.

(iii) If Seller objects to any such claim(s) set out in Section 4(b), the Escrow Agent shall set aside a reserve in the amount estimated by Buyer to cover the claim subject to final determination of such claim as set out in Section 4(c) of this Escrow Agreement.

(c) If payment is not made under Section 4(b) above either due to Seller objecting to such claim or the amount of the claim(s) is not determinable, Escrow Agent shall hold the amount reserved from such claim(s), even if beyond the Primary Term of the Escrow Agreement, and may disburse escrowed funds upon receipt of, and in accordance with the terms of, any of the following:

(i) A copy of a certified court order approving a settlement of the action settling the applicable claim;

(ii) A copy of a certified court order representing a final non appealable judgment or order pertaining to the action involving such claim;

(iii) A Joint Release Instruction signed by Seller and Buyer pertaining to a disposition of the reserved funds held in the Escrow Fund for such claim.

Upon receipt of any of Joint Release Instructions thereby permitting Escrow Agent to disburse the reserves set up for such claim(s), then Escrow Agent shall pay to Buyer the total amount of such claim if it is determined that Seller is entitled to indemnification and/or reimbursement for the claim. If the amount finally determined for such claim exceeds the reserve, then Escrow Agent shall pay such deficiency out of any funds then remaining in the Escrow Fund. If the final amount of the claim is determined to be less than the reserve, then Escrow Agent shall pay Buyer the amount of such claim and any remaining portion of the reserve shall immediately be restored to the unreserved portion of the Escrow Fund.

(d) Notwithstanding anything to the contrary contained in this Agreement, Buyer and Seller may at any time execute and deliver a Joint Release Instruction instructing the Escrow Agent to release the Escrow Funds from the Escrow Account and pay such funds as set forth in such written instructions. "Joint Release Instruction" means the joint written instruction of

Buyer and Seller, which is executed by Buyer and Seller, to the Escrow Agent directing the Escrow Agent to disburse all or a portion of the Escrow Funds or otherwise terminate the Escrow Account, as applicable.

5. **Compensation and Indemnification.** The Escrow Agent shall be entitled to reasonable compensation as well as reimbursement for its reasonable costs and expenses incurred in connection with the performance by it of service under this Agreement (including reasonable fees and expenses of the Escrow Agent's counsel). The parties hereto agree that such costs and expenses shall be due and payable, such fees will be payable solely by Buyer upon the commencement of the escrow and on each anniversary, if any, of the date hereof.

To the extent allowed by law, the parties to this Agreement (other than Escrow Agent) hereby jointly and severally agree to indemnify and hold Escrow Agent, its affiliates and their officers, employees, successor, assigns, attorneys and agents (each an "Indemnified Party") harmless from all losses, costs, claims, demands, expenses, damages, penalties and attorney's fees suffered or incurred by any Indemnified Party or the Escrow Agent as a result of anything which it may do or refrain from doing in connection with this Agreement or any litigation or cause of action arising from or in conjunction with this Agreement or involving the subject matter hereof or the Escrow Funds; provided that the foregoing indemnification shall not extend to the gross negligence or willful misconduct of the Escrow Agent. In no event shall the Escrow Agent be responsible for any indirect or consequential damages that may result from its appointment or its actual or implied duties hereunder. This indemnity shall include, but not be limited to, all costs incurred in conjunction with any interpleader which the Escrow Agent may enter into regarding this Agreement.

6. **Termination of Escrow Fund - Primary Term.** The primary term of this Escrow Agreement shall be for a period commencing on the Closing Date under the Agreement and ending one (1) year from the Closing Date (the "Primary Term"), subject to extension as set out in Section 6 of this Escrow Agreement. If at the end of the Primary Term, Escrow Agent has not received a claim(s) from Buyer pursuant to Section 4(b) of this Agreement or has received claims with total reserves less than the Escrow Fund, the Escrow Agent shall disburse to Seller the Escrow Fund or the part of the Escrow Fund for which there is no reserve amount established as applicable within ten (10) days after expiration of the Primary Term.

7. **Extension Term.** If at the end of the Primary Term, the Escrow Agent continues to hold reserves for claims made by Buyer, then the terms of this Escrow Agreement shall be extended until all reserves for any claim(s) have finally been resolved and funds distributed pursuant to Section 4(c) (the "Extension Term"). When all monies held by the Escrow Agent have been finally distributed in accordance herewith, the Escrow Agreement shall terminate.

This Agreement constitutes the entire agreement between the Escrow Agent and the other parties hereto in connection with the subject matter of the Escrow Account, and no other agreement entered into between the parties, or any of them, shall be considered as adopted or binding, in whole or in part, upon the Escrow Agent notwithstanding that any such other agreement may be referred to herein or deposited with Escrow Agent or the Escrow Agent may have knowledge thereof, and Escrow Agent's rights and responsibilities shall be governed solely by this Agreement and the capitalized terms used herein but defined in the Purchase Agreement. In case of conflicting demands upon Escrow Agent, it may (i) refuse to comply therewith as long as such disagreement continues and make no delivery or other disposition of any documents, funds or property then held (and Escrow Agent shall not be or become liable in any way for such failure or refusal to comply with such conflicting or adverse claims or demands); and (ii) continue to so refrain and so refuse to act until all differences have been adjusted by agreement and Escrow Agent has been notified thereof in writing signed jointly by the Seller and Buyer.

If no such person shall have been designated by such date, all obligations of the Escrow Agent hereunder shall, nevertheless, cease and terminate. The Escrow Agent's sole responsibility thereafter shall be to keep safely the Escrow Fund then held by it and to deliver the same to the person designated under the Closing Statement or in accordance with the directions of a final order of judgment of a court of competent jurisdiction. PREAMBLE

City of Opelika, Alabama, a municipal corporation organized under the laws of the State of Alabama, (hereinafter called the "Owner"), and Point Broadband Opelika, LLC, a Georgia limited liability company (hereinafter called the "Licensee"), desiring to cooperate in the joint use of Owner's poles, erected or to be erected within the areas in which both parties render service in the State of Alabama, whenever and wherever such use shall, in the estimation of both parties, be compatible with their respective needs and consistent with the terms of this Agreement, do hereby, in consideration of the premises and the mutual covenants herein contained, covenant and agree for themselves and their respective successors and assigns as follows, effective _____, 2018 ("Effective Date"):

ARTICLE 1 – SCOPE OF AGREEMENT

A. This Agreement shall be in effect in the areas in which both of the parties render service in the State of Alabama and shall cover all distribution poles now existing or hereafter erected in the above territories when said poles are brought under this Agreement in accordance with the procedure hereinafter provided.

B. Owner reserves the right for good cause to exclude from joint use any of its facilities for reasons of safety, reliability, capacity, generally applicable engineering standards, or any uncured Licensee Default for which the Licensee has been noticed as provided for in Article 12, Defaults. Owner may also exclude from joint use any of its facilities that occupy rights-of-way or other necessary privileges.

ARTICLE 2 – EXPLANATION OF TERMS

For the purpose of this Agreement, the following terms shall have the following meanings:

1. "Actual Costs" is defined as all costs including, but not limited to, the costs of materials, labor, engineering, supervision, overheads, transportation, contractors' fees when used in lieu of Owner labor, and tree trimming costs. Owner Actual Costs shall be verifiably comparable to the cost Owner pays for similar work to its own facilities. Engineering includes design, proper conductor spacing and bonding, calculations to determine proper ground clearances and pole down guy and anchor strength requirements for horizontal and transverse loading, and compliance with all applicable requirements.
2. "Actual Inventory" is defined in Article 11.A, Adjustment Payments.
3. "Adjustment Payment" is the actual rental rate paid the by the Licensee to the Owner for Attachments to Poles as provided for in Article 11, Adjustment Payments, of this Agreement.

4. "Application" is the process used by the Licensee to receive Owner's permission to install initial facilities to Owner's poles and to add additional facilities, including Over-Lashing of existing facilities, to modify mechanical loading of Owner's poles, or to otherwise alter the clearances of and/or separation between facilities attached to or in between Owner's poles. The form used for the Application process is identified as Appendix A and is included as a part of this Agreement.
5. "Attachment" is any wire, line or apparatus attached to a Pole owned by Owner, including, but not limited to, cables, service drops, power supplies, amplifiers, pedestals, bonding wires, Over-Lashings (defined below), guy wires and anchors that are required to support unbalanced loads. A single Attachment includes the vertical space consisting of a total of twelve inches (12") either above or below (but not both) the bolted Attachment. Any apparatus or facilities, except cable risers, pedestals, bonding wires and power supplies and associated with other aerial Attachments, located fully or partly outside this vertical space shall constitute an additional Attachment or Attachments. Each thru-bolt type Attachment where the Pole is drilled and bolted to support cable and messenger will count as a separate Attachment without respect to separation from an additional Attachment. Where only one bolted Attachment is affixed to the Owner's Pole, and Service Wires installed on "J-Hooks" are located within a space consisting of a total of twelve inches (12") either above or below (but not both) of the bolted Attachment, such locations shall be counted as a single Attachment.
6. "Contact Person" is defined in Article 18.A and 18.B, Notices.
7. "Cost in Place" is the cost of the bare pole, labor to install the pole and associated overheads, including engineering.
8. "Effective Date" is defined in the Preamble.
9. "Owner" is defined in the Preamble.
10. "Owner Rules and Practices for Attachments" means the general plan established for the orderly use of Poles by Owner and multiple parties and is attached to this Agreement as Appendix R.

12. "Initial Safety Inspection" is a survey of the Licensee's Attachments to Owner Poles to identify and remediate non-conforming Attachments (e.g. NESC violations) on Owner Poles.

13. "Joint Pole" is a pole for which joint use is established or continued pursuant to the terms of this Agreement.
14. "Joint User" is a person or entity that is currently occupying or reserving space on Owner's Poles, and may attach to a Pole or anchor owned by Owner in return for granting Owner equivalent rights of Attachment or occupancy to poles and/or anchors, which the Joint User owns.
15. "Licensee" is the party having the right under this Agreement to make and maintain Attachments on an Owner Joint Pole and defined in the Preamble.
16. "Licensee Transfer Date" is defined in Article 7.F, Maintenance of Poles and Attachments.

21. "NESC" is defined in Article 3, Specifications.

22. "Non-Guyed Service Drop" is a Service Drop that requires no guys under standard industry design practices or the applicable specifications of Article 3, Specifications. (If, atypically, a wire used to connect to a customer's location were to require guying under the Licensee's design standards or the applicable specifications of Article 3, Specifications, then it would not be treated as a Non-Guyed Service Drop under this Agreement but would be treated as a cable.) Non-Guyed Service Drops are subject to all provisions of this Agreement, including rental and the provisions of Article 3, Specifications, but Non-Guyed Service Drops are not subject to the permit application process set forth at Article 4.B, Establishing Attachments to Poles, Licensee must provide a summary, at least quarterly, of all Non-Guyed Service Drops added or removed to/from Owner's Poles so that Owner may adjust the billing records for Licensee's joint use Attachments. 25. "Over-Lashing" means affixing an additional cable or wire owned and operated by Licensee to a cable or wire owned and operated by Licensee already attached to a Pole. 26. "Pole" or "Distribution Pole" is a wooden, concrete or steel structure owned by Owner, and normally used by Owner, to support distribution lines and related facilities of Owner, including drop and lift Poles, In the event the Owner installs a Pole larger than is initially required for Owner's and Licensee's use in anticipation of Owner's future requirements or additions, the additional space provided by Owner shall be reserved for Owner's sole use.
27. "Pole Attachment Rental Fee" means the annual amount per Attachment that Licensee must pay to Owner pursuant to this Agreement in order to affix each Attachment to Owner's Poles.
28. "Rearrangement" is the moving of Attachments from one position to another on the same Pole.
29. "Referee" is defined in Article 19.B, Resolution of Certain Disputes.
30. "Specified Percentage" is defined in Article 11.B, Adjustment Payments.

31. "Transfer" is the removal of Attachments from one Pole and the placement of them or substantially identical Attachments upon another.
32. "Unauthorized Attachment" means any affixation of any Licensee Attachment of any nature to any property of Owner, including Distribution Poles, which has not been previously authorized by Owner or authorized as required by this Agreement. Unauthorized Attachment may include, without limitation, any Attachment affixed to Owner's Poles without permission from Owner as provided for in Article 9, Unauthorized Attachments, of this Agreement. Certain requirements of the Owner that exceed or supplement the NESC are identified in Appendix R to this Agreement. Modifications of, additions to, or construction practices supplementing wholly or in part the requirements of the NESC and Appendix R, shall, when accepted in writing by both parties hereto through their agents authorized to approve such changes, likewise govern the joint use of Poles, which acceptance shall not be unreasonably withheld.

ARTICLE 4 – ESTABLISHING ATTACHMENTS TO POLES

A. Before Licensee shall make use of the Owner Poles under this Agreement, including Over-Lashing, it shall comply with the requirements set forth herein. Appendix A shall be sent either (i) by electronic mail with electronic mail "read" receipt obtained, or (ii) by being deposited in the United States mail with proper postage and properly addressed to the person receiving he Appendix A. When transmittal by U.S. mail, the Licensee will also send an electronic mail message, return receipt requested, to Owner as notice that the permit information is being carried by the U.S. mail, and to notify the Owner of the impending fifteen (15) business

day interval to respond to Licensee's permit. This is to prevent disputes regarding the fulfillment of the fifteen (15) business day interval below, and to avoid imposition of the "Unauthorized Attachment Fee".

B. APPENDIX A PROCEDURE

1. Except in connection with (i) the placement of Non-Guyed Service Drops, (ii) Pole Transfers; or (iii) power supplies, amplifiers or risers, Licensee must submit to Owner an Appendix A for any Licensee construction on Owner Poles (including reconstruction of existing Pole lines, road improvement projects requiring the placement of new Poles and the Over-Lashing of Licensee's cables) in association with the placement of new Licensee Attachments, Over-Lashing existing Attachments, or removal of existing Licensee Attachment on Owner Poles. *(The intent of this procedure is for Licensee to provide notice to Owner for any Licensee construction resulting in a change in mechanical pole loading on Owner Poles due to Licensee's Attachments and also notice for the addition or removal of Licensee Attachments for tracking of the total number of Licensee Attachments.)*
2. Licensee shall submit a completed Application on the form, attached hereto and identified as Appendix A or such other form as may be mutually agreed upon, specifying fully, to the extent applicable, the information shown on Appendix A.
 - a. *Application Fee* – Except as to (1) installation of new Owner Poles where none currently exist, as provided for in Article 5.A, Placement of New Poles, and (2) road widening projects, each "Appendix A" submitted by Licensee, shall be accompanied with a check in the amount of fifty dollars (\$50.00) for Owner to process and log the Application. No Appendix A form shall include more than fifty (50) Poles unless prior permission is obtained from the Owner. Failure to include payment of the fees when submitted the Appendix A will result, at the Owner's option, in the returning of the Appendix A to Licensee unapproved or holding the Appendix A until payment is received. Appendix A is solely for the removal of Licensee's Attachments and are not subject to the Application Fee. With respect to (1) road widening projects and (2) installation of new Owner Poles where none currently exist, Licensee shall be required to submit an Appendix A, as provided for in other sections of this Agreement, but Application Fees shall not apply. Licensee shall be allowed to establish an "escrow account" with Owner for the Application Fees provided for herein. Licensee shall maintain the "escrow account" at a level that is mutually agreed upon by both Parties, but not to exceed an amount equivalent to six (6) months forecasted permit activity.
 - b. *Inspection Fee* – Licensee shall reimburse Owner the Actual Costs, except in the case of Transfers for road improvement projects and Owner's installation of new Poles where none currently exist, including all labor,

materials, transportation, normal overheads and appropriate and reasonable other costs incurred by Owner in performing necessary field inspections and preparation of an estimate of the Make-Ready Costs of each Pole covered in the Appendix A. The Owner will provide, as a deliverable for the above Inspection Fees, a Pole inspection report with appropriate data as the Parties may agree upon. Licensee shall reimburse Owner for such costs within forty-five (45) days of receipt of the invoice from Owner.

Within fifteen (15) business days after the receipt of such completed Application (or ten (10) business days if the only work being done by Licensee on the Appendix A is Over-Lashing and no Owner Make-Ready is required) the Owner shall notify the Licensee in writing whether the Application is approved or rejected, and if Make-Ready construction by the Owner is required, an estimate for such costs. If so approved or if not rejected within the fifteen (15) business day period the Application will be considered approved and the Licensee shall have the right to place Attachments on such Pole(s) as provide in this Agreement. If the Owner rejects the Application in whole or in part, the Owner will specify the reason(s). The Application shall be rejected only for good cause, as provided for in Article 1, Scope of Agreement.

3. The Make-Ready Estimate shall offer sufficient detail so that Licensee can readily identify the components of the proposed Make-Ready Work and shall reflect costs that are verifiably comparable with Owner Actual Costs. The Licensee may request clarification on the Make-Ready Cost before requesting the Owner to commence Make-Ready Work. The Owner's total charges shall not exceed 120% of the estimate and otherwise shall be consistent with Article 8(G), unless such additional costs are caused by changes in Licensee's plans from the original permit.
4. Owner shall normally commence Make-Ready Work within twenty (20) business days of receipt of Licensee's written acceptance of the Make-Ready Estimate and shall complete the Make-Ready Work consistent with its standard work order process. Licensee may request expedited handling of Owner's work, and Licensee shall be responsible for the additional Actual Costs incurred by Owner for such expedited processing. To the extent it has the authority to do so, owner shall cause all other Licensees or Joint users to similarly expedite the completion of all Make-Ready Work. Owner shall use its best efforts to complete all Make-Ready Work within sixty (60) business days of receipt of Licensee's written acceptance of the Make-Ready Estimate for the Make-Ready Work. Licensee shall make payment for Owner's Make-Ready Work within forty-five (45) days of the written acceptance.
5. Upon receipt of notice by Licensee from Owner that the Application has been approved or in the absence of rejection of the Application within fifteen (15) business days from the receipt of the completed Application, and after the

completion of any Transferring or rearranging which is required to permit the attaching of the Licensee's Attachments on such Poles, including any necessary Pole replacements, the Licensee shall have the right hereunder to place such Attachments on such Poles in accordance with the terms of the Application and of this Agreement (including Article 3, Specifications). The Owner's approval of an Appendix A Application shall be valid for one-hundred twenty (120) days. If the Licensee fails to (1) accept and make payment of Make-Ready Costs (if any) within one-hundred twenty (120) days of the Owner's acceptance, or (2) initiate construction within one (1) calendar year, the Owner may, in its sole discretion, deem the terms and conditions outlined in the Appendix A null and void, and require the submission of another Appendix A on the part of the Licensee, along with engineering fees necessary to reimburse the Owner for revised engineering and cost estimates. The Licensee must ensure that its new facilities can be constructed and maintained in accordance with Article 3, Specifications, of this Agreement. Where field conditions preclude such compliance, Licensee shall notify the Owner prior to construction.

C. An Appendix A that contains only removal of Attachments is not subject to any fees. Any Non-Guyed Service Drop that is placed by the Licensee on an Owner Pole shall be subject to all the terms and provisions of this Agreement, except as expressly provided in this Agreement. The placement of Non-Guyed Service Drops shall not alone create an absolute right to the space occupied by the Licensee.

D. Licensee, without following the Appendix A procedure, may utilize vertical unused space below its Attachment as defined in Article 2, Explanation of Terms, for terminals, risers, power supplies or other vertical Attachments if the existing Attachment on such Pole is authorized, such use does not interface with the Owner's operations or the operations of other Licensees or Joint Users presently attached to the Pole, and such use complies with the terms of this Agreement (including the provisions of Article 3, Specifications). Any such Attachment and Pole will be subject to all other provisions of this Agreement.

E. Both Licensee and Owner shall place, Transfer and rearrange its own Attachments, and shall place guys and anchors to sustain any unbalanced loads caused by its Attachments. On existing Poles, each party will perform any tree trimming or cutting necessary for their initial or additional Attachments. Required anchors and guys shall be in place and in effect prior to the installation of Attachments and cables. Each party shall, with due diligence, attempt at all times, to execute such work promptly and in such manner as not to interfere with the service of the other party.

F. The cost of making Attachments on existing Poles, as provided herein, including the making of any necessary Pole replacements, shall be borne by the parties hereto in the manner provided in Article 8, Division of Costs.

G. Licensee's Attachment shall automatically be continued under the terms of this Agreement if any one of the following circumstances applies:

1. Licensee's Attachment was licensed under the terms of a prior Pole Attachment Agreement; or
2. Licensee had Attachments on the Pole—either licensed or unlicensed—as of the Effective Date.

H. This Agreement may be used by the Licensee to install "wireless" equipment facilities to Owner Poles, so long as the equipment does not exceed Licensee's one-foot of space and does not interfere with the facilities of Owner or other Licensees attached to Owner's Poles.

I. Except as provided for in Articles 12, Defaults, and 20, Term of Agreement, the Licensee shall have the right to transfer its Attachments from an existing Pole to a new Pole installed as part of a road widening project and to continue joint use on such Pole. If the Licensee is materially breaching this Agreement or acting in bad faith or failing to cooperate or communicate as provided in this Agreement, the Owner may terminate the Licensee's rights under this Article 4.I, consistent with Article 12, Defaults. Furthermore, after any termination of the right to make Attachments to additional Poles, the Owner may terminate the Licensee's rights under this Article 4.I if three (3) or more Unauthorized Attachments (as defined in Article 9, Unauthorized Attachments) are found within any twelve (12) month period. The Owner may reinstate the Licensee's rights under this Article 4.I if the Owner deems it appropriate.

ARTICLE 5 – PLACEMENT OF NEW POLES

A. Whenever Owner requires new Pole facilities within the Licensee's service territory for any reason, including an additional Pole line, an extension of an existing Pole line, or in connection with the reconstruction of an existing Pole line, it will normally notify Licensee to that effect in writing (verbal notice subsequently confirmed in writing may be given in cases of emergency) stating the proposed location and character of the new Poles and the character of circuits it intends to use thereon and indicating whether or not such Pole facilities will be, in the estimation of the Owner, suitable for Licensee's Attachment. In case of emergency, the Licensee will preliminarily respond verbally on an expedited basis that it does or does not want to seek to attach facilities to the new Poles and will generally describe its planned initial Attachments. Within a reasonable period (not to exceed fifteen (15) business days) after the receipt of such written notice, the Licensee will submit an Appendix A, as such may be required by Article 4, Establishing Attachments to Poles, above; however, Licensee shall not be subject to Application or Inspection Fees for such Appendix A. Should the Licensee fail to submit an Appendix A within fifteen (15) business days, and subsequently wishes to attach to new Pole facilities, Licensee must submit an Appendix A in accordance with Article 4, Establishing Attachments to Poles, including the payment of all applicable Application Fees, Inspection Fees and Make-Ready Costs.

B. Each party shall place its own Attachments on the new Joint Poles and place guys and anchors prior to tensioning strand to sustain unbalanced loads caused by its Attachments. Owner shall provide its normal initial right-of-way clearance on each side of the center line to the extent practicable, all right-of-way in excess of the normal swath to be borne by the party requiring the

additional width. Each party shall, with due diligence, attempt to execute its work promptly and in such manner as not to interfere with the service of the other party.

ARTICLE 6 – RIGHT-OF-WAY FOR LICENSEE’S ATTACHMENTS

While the owner and Licensee will cooperate as far as may be practicable in obtaining rights-of-way for both parties on Joint Poles, the Owner does not warrant or assure to the Licensee any right-of-way privileges or easements on, over or across streets, alleys and public thoroughfares, and private or publicly owned property, and if the Licensee shall at any time be prevented from placing or maintaining its Attachments on the Owner’s Poles, no liability on account thereof shall attach to the owner of the Poles.

ARTICLE 7 – MAINTENANCE OF POLES AND ATTACHMENTS

A. The Owner shall maintain all Joint Poles in a safe and serviceable condition and in accordance with the Specifications mentioned in Article 3, Specifications, and shall replace, reinforce or repair such of these Poles as become defective. Licensee acknowledges that Poles and related items carry hazardous voltages, deteriorate over time, and may contain various hazardous chemicals or properties. Licensee shall instruct and equip its personnel, including its employees, contractors and other agents, of the hazards associated with working on Owner’s Poles and Licensee will provide necessary training and equipment for its representatives to safely execute their work on Owner’s Poles. Licensee shall, prior to working on a Pole that contains non-compliant or unsafe conditions, promptly notify Owner of any existing substandard condition (either physical, mechanical or electrical, etc.), that jeopardizes either the general public or workman safety and Owner will cause the existing condition to be promptly corrected. Licensee’s workmen will not subject themselves or others to an unsafe condition. Licensee shall become familiar with the terms of the appropriate material safety data sheet and comply with such terms and all directions contained therein or otherwise required by state and federal law regarding the maintenance, replacement and/or disposal of the Pole. Owner does not warrant, guarantee or imply that any Pole abandoned by Owner possesses sufficient mechanical strength as required by or for any use of Licensee.

B. When replacing a Pole carrying terminals of aerial cable, underground connection, or transformer equipment, the new Pole shall be set in the same hole which the replaced Pole occupied, or immediately adjacent, and in a manner to facilitate Transfer of Attachments, unless special conditions make it desirable to set it in a different location. Replacement Poles where risers (dips) are installed should be set as close as possible to the existing Pole. The Owner will make reasonable effort to conduct a joint field review or otherwise coordinate with Licensee to determine the location of the proposed Pole. Reasonable effort will be made to coordinate locations of risers and Non-Guyed Service Drops with the locations of the power facilities serving the customer.

C. Except during restoration efforts after natural disasters, such as hurricanes, ice storms, etc., whenever it is necessary to replace or relocate a Joint Pole, the Owner shall, before making such replacement or relocation give reasonable notice thereof in writing (except in case of emergency, when verbal notice will be given and subsequently confirmed

in writing) to the Licensee, specifying in such notice the time of such proposed replacement or relocation and the Licensee shall at the time so specified Transfer its Attachments to the new or relocated Pole. On highway relocation projects, the schedule for Transfers shall be consistent with the "utility adjustment schedule" and any subsequent revisions.

1. An alternate method of notification (as opposed to the above described written method of notification) may be used when mutually agreed upon by both parties. The electronic notification system of Pole Transfer request, provided by the National Joint Utilities Notification System ("NJUNS"), may be used as the notification required by this article. As a prerequisite for use of this system, both parties shall have and properly utilize the necessary electronic equipment and correct NJUNS member codes as provided by each party to the other and as required by NJUNS for this system and mutually agree to its use as a substitute for the written notice of Transfers required under this Article 7, Section C.

D. Transfer of Licensee's Attachments by the Owner - In any case where it is mutually beneficial and agreeable by both parties, the Owner or its Contractors may Transfer the Attachments of the Licensee and the Licensee will reimburse the Owner such costs the Owner incurs in making such Transfers on behalf of the Licensee. When the Transfer can be accomplished concurrently with other work that the Owner is undertaking on the same Pole, the charges for such Transfers will be in accordance with pricing detailed in Article 7.D.4, or such other amounts as may be agreed to by the parties. The Owner will use due diligence and care in making such Transfers so as not to damage or cause a disruption in the services provided by the Licensee. However, except in cases of gross negligence or willful misconduct, the Owner shall not be liable for any damages or disruptions in service that may occur as a result of Transfers made in behalf of the Licensee.

1. **Normally Scheduled Construction** - Approval for such Transfers made by the Owner on behalf of the Licensee during normally scheduled construction shall be obtained prior to making such Transfers and will be made on a project by project basis unless otherwise agreed upon.
2. **Emergency Construction** - In such cases, in the judgment of Owner, a Pole requires immediate replacement due to a dangerous condition or conditions, the Owner or its contractors will replace the Pole and may Transfer the Licensee's Attachments without prior permission. The Owner shall use reasonable care to avoid damage to Licensee's facilities and shall notify the Licensee of such Transfer after work is completed.
3. **Facility Types To Be Transferred** - The Owner or its contractors will only Transfer Attachments which require a bolt, clamp, or "J" hook either installed through the Pole or otherwise attached. All service wire Attachments to a single "J" hook shall be Transferred at the rate stated below. The hardware on the old Pole will be used to attach to the new

Pole. The Owner or its contractors shall not supply any additional material in making Transfers of Licensee's Attachments.

Pricing for Transfers - When the Owner Transfers the Attachments of the Licensee in accordance with the above provisions, the price per attachment transferred will be as detailed below. The pricing for Transfers shall be effective with the execution of this Agreement and will continue for 2018. The costs in subsequent years shall be adjusted in accordance with the Handy Whitman Index, South Atlantic Region, Account 364. Multiple Attachment Transfers on a Pole will be billed on a per Attachment basis, not on a per Pole basis. Transfers under this agreement only applies to cables attached in the communications zone. A separate contract is required for cable connected in the power zone of the pole.

4.

Costs to Transfer Licensee's Attachments Concurrently with Other Work by Owner

Duration	Cable Attachments	Service Drop
Contract start date to	\$52.98	\$31.78

E. Should (i) the Owner elect not to Transfer Licensee's facilities under the above terms, and (ii) Licensee fails to Transfer its Attachments to the new Joint Pole on the date specified for such Transfer of Attachments ("Licensee Transfer Date") and after all necessary third party and Owner responsible Transfers have been accomplished, the Owner may elect to relinquish the ownership of the old Pole from which it and all other Licensees and Joint Users have removed their Attachments with the giving of verbal notice to be subsequently followed in writing. If the Owner so elects, such old Pole shall, with the giving of ten (10) business days' notice as provided for above, at no cost to the Licensee, become the property of the Licensee, as is, and the Licensee shall save harmless the Owner from all obligations, liabilities, damages, costs, expenses or charges incurred thereafter, and not arising out of anything theretofore occurring because of, or arising out of, the presence or condition of such Pole or of any Attachments thereon. In instances where the Owner is the owner of such Pole, the unused portion of the Pole above the Licensee's Attachments shall be cut off and removed by the Owner before relinquishing ownership, if the Pole remains in structural conflict with the power route.

F. Should the Owner elect not to Transfer Licensee's facilities under the above terms, and should the Licensee fail to Transfer its Attachments to the new Joint Pole after the date specified for such Transfer of Attachments and after all third party and Owner responsible Transfers have been accomplished, whichever is later ("Licensee Transfer Date"), and if the Owner does not elect to relinquish the ownership of the old Pole from which it has removed its Attachments, the parties will have the following rights, in addition to any other rights and remedies available under this Agreement: The Licensee shall pay the Owner the following amounts until the Licensee has Transferred its Attachments and notified the Owner in writing or through NJUNS that the Transfer has been accomplished: (a) \$5.00 per Pole per month beginning with the 61st day after the Licensee Transfer Date and through and including the 240th day after the Licensee Transfer Date, (b) \$10.00 per Pole per month (instead of \$5.00) beginning with the 241st day

after the Licensee Transfer Date. In addition, the cost incurred by the Owner to return to the job site and remove the old Pole will be paid by the Licensee. Notwithstanding the above, Licensee shall not be subject to penalties where Owner has not used the correct NJUNS member code, as provided by the Licensee to notify Licensee of the clearance to Transfer Attachments. In cases of Transfer requests with incorrect NJUNS member codes, the Licensee shall make reasonable efforts to route to the appropriate party. In the event the Licensee notifies the Owner that the Transfer has been accomplished and the Owner returns to the job site to remove the old Pole and discovers that the Transfer has not been made, then the Licensee will pay the Owner's cost of the trip to and from the job site. *The intent of this paragraph is to ensure timely Transfers and minimize situations of two (2) or more Poles needlessly remaining at the same location for extended periods of time.* The aforementioned provisions of this paragraph will only apply when Poles are installed in a manner consistent with Article 7.B.

1. Transfer penalties shall not apply during the first six (6) months after the Effective Date of this agreement for outstanding Transfers for which Licensee has received appropriate notice prior to the Effective Date. Transfers identified during the Initial Inventory shall not be subject to the penalties above for the first six (6) months after notice to the Licensee.

Each party shall at all times maintain all of its Attachments in accordance with the Specifications mentioned in Article 3, Specifications, and shall keep them in safe condition and in thorough repair. Licensee's Attachments shall be identified and marking standards as approved by Owner. Attachments previously in place on Owner's Poles shall be so identified by Licensee as regular or emergency work occurs or at the next system rebuild opportunity, but not later than five (5) years from the Effective Date of this Agreement. Licensee shall be responsible for periodically inspecting its Attachments to ensure they have permanent identification markers. After the fifth year should Owner encounter any of Licensee's Attachments without permanent identification markers, Owner may notify Licensee provided that Owner can identify the Attachments as belonging to Licensee. If the markers are not placed within sixty (60) days of such notice, then Owner may install the necessary markers, and Licensee shall reimburse Owner for the cost of such work.

G. Each party shall be responsible for right-of-way maintenance for its own facilities at its own expense.

H. Any existing joint use construction of the parties hereto which does not conform to the Specifications mentioned in Article 3, Specifications, shall be brought into conformity therewith as soon as practicable. When such existing construction shall have been brought into conformity with said Specification, it shall at all times thereafter be maintained as provided in G of this Article.

I. The cost of maintaining Poles and Attachments and of bringing existing joint use construction into conformity with said Specifications shall be borne by the parties hereto in the manner provided in this Agreement.

J. Owner shall have the right to require the Licensee, within one hundred twenty (120) days

after the Licensee Transfer Date (as defined in Article 7.E), either (a) to Transfer its Attachments from an existing Pole to a new Pole that is erected to carry the same or a similar service or Attachments that are on the existing Pole, or (b) to remove its Attachments from the existing Pole and terminate joint use as to the existing Pole, and the choice of option (a) or (b) will be the Licensee's, Or, if neither the Owner nor the Licensee desires a Transfer, the Owner may elect to abandon the existing Pole to the Licensee as provided in Article 10, Abandonment of Joint Use Poles. In the case of any such Transfer, the costs of transferring the Licensee's Attachments will be paid by the Licensee.

ARTICLE 8 – DIVISION OF COSTS

A. NEW POLES INSTALLED WHERE NONE CURRENTLY EXIST. If joint use is established pursuant to Article 5.A, Placement of New Poles, above, the cost of erecting new Joint Poles coming under this Agreement, to construct new Pole lines, or to make extensions to existing Pole lines shall be borne by the parties as set forth in this Article 8.A. Poles installed to accommodate a road improvement project shall be administered in a manner consistent with this Article 8, Section A. If joint use is not established pursuant to Article 5.A, Placement of New Poles, above, the provisions of Article 8.J below will control.

1. In the case of a Pole larger than that required by the Owner, Licensee and the Joint User, the extra height or strength of which is due solely to the Licensee's requirements, the Owner shall pay all costs associated with the construction of a Pole satisfactory for the Owner and Joint User's needs (and the Licensee shall pay to the Owner the remaining costs of erecting the Pole larger than that required by the Owner and the Joint User. If in connection with the construction of a Pole the Licensee makes the payment required by this paragraph, then the Licensee shall in the future be entitled to attach on such Pole even if the Pole does not at that time become a Joint Pole; provided, however, if the Licensee does not attach to the Pole within one (1) year from the date the Pole was set, then the Licensee shall no longer be entitled to attach on such Pole.
2. In the case of a larger Pole, the extra height or strength of which is due to the requirements for additional space or the requirements for proper ground clearance or of public authorities or of property owners, necessary for all parties (other than requirements with regard to keeping the wires of one party only clear of trees), the difference between the Cost in Place of such Pole and the Cost in Place of a Pole solely satisfactory for the Owner shall be shared equally by the Licensee, any Joint User and the Owner, the rest of the cost of erecting such Pole to be borne by the Owner.
3. A Pole, including all appurtenances or fixtures, erected between Poles to provide sufficient clearance and furnish adequate strength to support the circuits of both the Owner and the Licensee, which it would have been unnecessary to erect if joint use had not been undertaken, shall be erected at the sole expense of the Licensee, or in the case on multiple Licensees and Joint Users on the Joint Pole, the cost shall be equally divided among all Licensees or Joint Users requiring the

midspan Pole.

B. **PAYMENTS DO NOT AFFECT OWNERSHIP.** Any payments for Poles made by the Licensee under any provisions of this Article shall not entitle the Licensee to the ownership of any part of said Poles for which it has contributed in whole or in part.

C. **REPLACEMENT OF EXISTING JOINT POLES.** Where an existing Joint Pole is replaced for reasons other than maintenance by a new one, the cost shall be divided as specified below. The replaced Pole shall be removed and retained by Owner.

1. A Pole satisfactory for the Owner's needs which can also accommodate the facilities of the Licensee shall be erected at the sole expense of the Owner. If without making proper application for attachments as specified in this Agreement, the Licensee places one or more Attachments on a Pole and thereby creates a violation of Article 3, Specifications, or otherwise renders the Pole unsuitable for joint use, or interferes with or causes violations of Article 3, Specifications, for the other attachers to the Pole, then the Licensee must pay the full cost of removing and replacing the Pole with a Pole of sufficient size to remedy the violation or render the Pole suitable for joint use, plus the cost of all Transfers and other work incident thereto.
2. A Pole larger than the existing Pole, which is installed to replace an existing Pole, the extra height or strength of which is due wholly to the Owner's requirements or requirements as to keeping the Owner's wires clear of trees or other obstructions shall be erected at the sole expense of the Owner. The Owner shall bear the full expense of replacing or Transferring all the Owner's Attachments and the Licensee shall bear the full expense of replacing or Transferring all the Licensee's Attachments.
3. In the case of a Pole larger than the existing Pole, the extra height or strength of which is due wholly to the Licensee's requirements including Licensee's requirements as to keeping the Licensee's wires clear of trees or other obstructions, the Licensee shall pay to the Owner the Make-Ready Cost of the new Pole.
4. Except as to existing contracts with other Licensees or joint users, in the case of a Pole larger than the existing Pole, which is installed to replace an existing Pole, the extra height or strength which is due to the requirements of both parties for additional space or the requirements for proper ground clearance or of public authorities or of property owners, (other than requirements with regard to keeping the wires of one party only clear of trees), the difference between the Cost in Place of such Pole and the Cost in Place of the existing Pole shall be shared equally by the Licensee and the Owner, the rest of the cost of erecting such Pole to be borne by the Owner. The Owner and Licensee shall replace or Transfer all Attachments at their own expense.
5. For purposes of this Article 8.C, any Pole on which the Licensee has placed or places an Attachment shall be deemed satisfactory to the Licensee whether or not the terms of this Agreement have been satisfied.

D. **RESPONSIBILITY FOR OWN ATTACHMENTS.** Each party shall place, maintain, rearrange, Transfer and remove its own Attachments at its own expense except as otherwise expressly provided herein.

E. **MAINTENANCE AND REPLACEMENT COSTS.** The expenses of maintaining Joint Poles shall be borne by the Owner thereof except that the cost of replacing Poles shall be borne by the parties hereto in the manner provided elsewhere in this Agreement.

F. **SERVICE DROPS.** Where an existing Pole is replaced by a taller one to provide the necessary clearance for the Licensee's Service Drop, the Licensee shall pay to the Owner the installed cost of the new Pole plus the labor costs of replacing or Transferring of the Attachments on the existing Pole and the cost to remove the existing Pole, minus any salvage value.

G. **PAYMENT BASIS.** Payments made under the provisions of this Article may be based on the estimated or actual cost as mutually agreed upon (including overhead) of making such changes but in no event, however, shall either party be required to pay for such changes more than 120% of the estimated cost supplied by the other if such cost estimate shall have been requested and furnished before the changes were made.

H. **CORRECTIVE MEASURES.** Subsequent to the Initial Inventory as specified in Article 11, Adjustment Payments, of this Agreement, within a reasonable time, not to exceed two (2) years after the Effective Date of this Agreement, the Owner may schedule, at its sole discretion and at a time convenient for both the Owner and the Licensee, a joint safety inspection to determine any Licensee-caused safety violations ("Initial Safety Inspection"). If the Owner and the Licensee cannot agree on a convenient schedule, the Owner may, at its sole discretion, proceed with the Initial Safety Inspection and the Licensee will be provided with the results and findings in a format to facilitate Licensee's verification of the findings. The parties will use their best efforts to involve third party attacher(s) of the Initial Safety Inspection and in the correction of existing violations, consistent with the terms of their respective agreements and at the third party attacher's expense. In the event a violation that poses an imminent danger to persons or property is discovered ("Imminent Danger Violation"), Licensee shall correct such violation immediately. Should Licensee fail to correct such violation after notice, the Owner may correct the violation and bill Licensee for the actual costs incurred. Licensee and Owner shall share equally in the Initial Safety Inspection cost, whether or not Licensee participates in such Initial Safety Inspection as discussed above. Licensee shall not be subject to any safety violation penalties pursuant to the Initial Safety Inspection provided that Licensee corrects any Non-Imminent Danger Violation discovered during the Initial Safety Inspection within eighteen (18) months of the documentation and reporting of the non-compliant conditions. Notwithstanding the foregoing grace period, in the event Owner or an Outside Party prevents Licensee from correcting a Non-Imminent Danger Violation, the timeframe for correcting such violation shall be extended to account for the time during which Licensee was unable to correct the violation due to such Owner or Outside Party's action. Licensee will not be responsible for the costs associated with violations caused by others. In all circumstances, the parties will work together to maximize safety while minimizing the cost of correcting any such deficiencies, but the Licensee shall be responsible for the full cost of any necessary or appropriate corrective measures associated with violations caused by Licensee's Attachments, including removal and

replacement of the Pole and all Transfers or other work incident thereto. Licensee shall ensure that its employees, agents, contractors or other Outside Parties, which Licensee causes to work on Owner Poles, will be notified of pending, unresolved Poles requiring corrective actions, prior to activities on such Poles, and Licensee shall not allow unqualified, or improperly equipped personnel to work on such Poles.

I. If the Owner and the Licensee have completed a joint safety inspection within two (2) years prior to the execution date of this Agreement, the Owner may consider, at its sole discretion, extending the schedule for the Initial Safety Inspection to commence on approximately the fifth anniversary of the initiation of the most recently completed joint safety inspection. Following the Initial Safety Inspection, and not more than once every five (5) years, Owner may perform periodic system-wide safety inspections of Licensee Attachments upon six (6) months advance written notice. Such notice shall describe the scope of the inspection and provide Licensee with an opportunity to participate. Licensee will pay a pro-rata share of the Owner's inspections costs and will incur its own costs to participate in such periodic safety inspections. The Licensee's pro-rata share of Owner's cost will be equal to the percentage of the total violations related to Licensee's Attachments as identified during the Safety Inspection unless Licensee can clearly demonstrate that they did not cause the violation. If any Attachment of the Licensee is found to be a Non-Imminent Danger Violation of Article 3, Specifications, and Licensee has caused the violation, Licensee shall have sixty (60) days to correct any such violation upon written notice from Owner, or within a longer, mutually agreed-to time to be not more than an additional sixty (60) days. Owner may impose a penalty in the amount of one hundred (\$100.00) dollars for any violation caused by the Licensee that is not corrected within sixty (60) days of written notice from the Owner or within the alternative time-frame agreed to by the parties. In the event an Imminent Danger Violation is discovered, Licensee shall correct such violation immediately, and in no case in more than twenty-four (24) hours. Should Licensee fail to correct such Imminent Danger Violation within twenty-four (24) hours after notice, the Owner may correct the violation and bill Licensee for the actual costs incurred. In all circumstances, the parties will work together to maximize safety while minimizing the cost of correcting any such deficiencies, but the Licensee shall be responsible for the full cost of any necessary or appropriate corrective measures associated with violations caused by Licensee's Attachment, including removal and replacement of the Pole and all Transfers or other work incident thereto. Licensee will not be responsible for the costs associated with violations caused by others. Licensee shall ensure that its employees, agents, contractors or other Outside Parties, which Licensee causes to work on Owner Poles, will be notified of pending, unresolved Poles requiring corrective actions, prior to activities on such Poles, and Licensee shall not allow unqualified, or improperly equipped personnel to work on such Poles.

1. If any Attachment of the Owner is found to be in violation of Article 3, Specifications, and Owner has caused the violation, then the parties will work together to minimize the cost of correcting any such deficiencies, but the Owner shall be responsible for the full cost of any necessary or appropriate corrective measures, including removal and replacement of the Pole and all Transfers or other work incident thereto.

2. If there exists a violation of Article 3, Specifications, and it cannot be determined whose Attachment has caused such violation or there is a mixture of the parties causing the violation, then the parties will work together to minimize the cost of correcting any such deficiencies, and all parties and Outside Parties whose Attachment may have caused such violation will share equally in such costs; provided, however, that if a party can modify its Attachments so that they no longer may be a cause of the violation or deficiency, then such party may elect to make such modification instead of otherwise sharing in such costs. Such a modification shall not relieve a party from sharing in such costs if the party making the modification could still have been a cause of any deficiency that remains.
3. if one or more Outside Party's Attachment cause the violation, then such Outside Party shall pay the corrective costs incurred by all who have Attachments on the Pole, including for the Licensee, Owner and any other attachees; and the Owner will make reasonable effort to cause the Outside Party to make such payment.

J. **WHEN EXISTING POLES NOT IN JOINT USE BECOME JOINT POLES.** When an existing Pole not in joint use becomes a Joint Pole, the Licensee shall pay all Make-Ready Costs associated with the Licensee attaching to the Pole.

K. **MAKE-READY WHEN APPENDIX A IS NOT REQUIRED.** The Owner shall not be obligated to pay Make-Ready Costs for any initial or additional Licensee Attachment for which an Appendix A is not required.

ARTICLE 9 – UNAUTHORIZED ATTACHMENTS

All attachments identified on the Initial Inventory which comply with the Specifications listed in Article 3, Specifications, shall be considered authorized. If any Attachment made after the Initial Inventory or Actual Inventory is identified for which the Appendix A requirements (as set forth herein) have not been satisfied ("Unauthorized Attachment"), or if Licensee is found making Attachments for which an Appendix A is required after the Effective Date but prior to the Initial Inventory, then the Licensee shall pay to the Owner a one-time fee of one hundred dollars (\$100.00) per Attachment plus a sum equal to the Adjustment Payments that would have been payable from and after the date the Attachment was first placed on the Owner's Pole as determined from Licensee's records or other evidence; provided, however, that if the date on which the Attachment was made cannot be determined, then the Licensee will pay a sum equal to the Adjustment Payments that would have been payable from and after the date the most recent Inventory (Initial or Actual) was conducted. In addition, the Owner, without prejudice to its other rights or remedies under this Agreement, may require the Licensee to submit within fifteen (15) business days of written notice from the Owner an Appendix A along with supporting engineering design data for each such Attachment, and upon review of such information, Owner may require the Licensee to (1) make or pay for such modifications as may be specified by mutual consent of the parties or, if the parties in good faith cannot agree, as determined by a Referee pursuant to Article 19, Resolution of Certain Disputes, to comply with applicable safety codes and the terms of this Agreement, or (2) if the Licensee has placed during the past twelve

(12) months Unauthorized Attachments at three (3) or more different Pole line locations or if non-approval of Appendix A is justified, Owner may declare the Licensee in Default of this Agreement and the provisions of Article 12, Defaults, shall apply. Nothing herein shall relieve the Licensee of its obligation to maintain Attachments at all times in conformity with Article 3, Specifications.

ARTICLE 10 – ABANDONMENT OF JOINT USE POLES

A. If the Owner desires at any time to abandon any Joint Pole, except as provided in Article 7.C, Maintenance of Poles and Attachments, it shall give the Licensee notice in writing to that effect at least sixty (60) days prior to the date on which it intends to abandon such Pole. If at the expiration of sixty (60) days from the date of the Licensee having all necessary clearances to Transfer its Attachments and the Owner shall have no Attachments thereon, but Licensee has not removed its Attachments, such Pole shall thereupon become the property of the Licensee, as is, and the Licensee shall save harmless the Owner from all obligation, liability, damages, cost, expenses or charges incurred thereafter, and not arising out of anything theretofore occurring because of or arising out of the presence or condition of such Pole to the Owner. Owner shall further evidence transfer of title to the Pole by appropriate means. Credit shall be allowed for any payments which the Licensee may have made under the provisions of Article 8, Division of Costs, when the Pole was originally set, provided the Licensee furnishes proof of such payment.

B. The Licensee may at any time abandon the use of a Joint Pole by removing any and all Attachments it may have thereon and by giving written notice thereof.

ARTICLE 11 – ADJUSTMENT PAYMENTS

A. The Initial Inventory shall commence within one year of the Effective Date of the Agreement. Additionally, not more often than once every five (5) years, unless otherwise mutually agreed by the parties, subsequent inventories of Attachments shall be made by representatives of the parties to determine the number of Licensee's Attachments to Owner Poles. Owner shall provide six (6) months advance written notice of any such inventory describing the scope of the Actual Inventory so that Licensee may plan and budget for such Actual Inventory.

B. Unless prevented by the provisions of a third-party agreement, Actual Inventories shall include all Outside Parties attached to Owner's Poles. Where multiple Outside Parties are included in the inventory, all participating Outside parties shall incur a prorated share of the cost of making the Actual Inventory. For a year in which there is no Actual Inventory, the number of Licensee's Attachments used in calculating the Adjustment Payments shall be based on the number of new Licensee Attachments which Licensee has placed during the year, in addition to the number of Licensee Attachments for which Licensee was charged Adjustment Payments in the previous year, less any removals reported by Licensee. Licensee shall also be invoiced for the rent due for the prior year's "Initial Attachments" under an Appendix A as a one-time charge. In addition to Appendix A Attachments, the Licensee will either report on a calendar quarterly basis the number of Attachments installed that are not subject to Appendix A, or the Licensee and Owner may agree to use a Specified Percentage adjustment in the number of Licensee's

Attachments. The "Specified Percentage" shall be 102% annually until the next Actual Inventory. After each Actual Inventory, beginning with the next Actual Inventory, the Specified Percentage shall be the average yearly percentage increase during the years since the previous Actual Inventory. The Specified Percentage will be used solely to adjust for Non-Guyed Service Drops-type Attachments where Appendix A is not required by the terms of this Agreement.

C. For a year for which there is an Actual Inventory, the Adjustment Payments provided for herein shall be based on the Actual Inventory; but there shall also be the adjustment provided for in the next section.

D. For a year for which there is an Actual Inventory, the following adjustment shall be made:

1. The difference between the number of Licensee Attachments found by the Actual Inventory for the year in question and the number of Attachments for which Licensee was most recently invoiced for Adjustment Payments, shall be prorated evenly based on the assumption that such Licensee Attachments were added evenly over the period since the last Actual Inventory, as provided in the Adjustment Chart below.
2. If the number of Licensee Attachments in the previous annual rental invoice is greater than the number of Joint Poles found by the Actual Inventory, then Licensee shall be entitled to a pro-rata refund from the Owner or a credit to the Licensee.

E. The applicable computation of payments and calculations as above provided shall be made on or about December 1st of each year for the next year's Adjustment Payments, each party acting in cooperation with the other.

F. Adjustment Payments per Licensee Attachment due from the Licensee to Owner shall be as indicated in the table below. The undisputed Adjustment Payment herein provided shall be paid within forty-five (45) days after Licensee's receipt of the invoice.

ANNUAL ADJUSTMENT PAYMENT PER ATTACHMENT (or "RATE")

Duration	Adjustment Payment Amount Paid in Advance	Payment Invoice Date
Jan. 1, 2022-Dec.31, 2022	\$19.07	Jan. 1, 2022

For years after 2022, the annual Adjustment Payment per Attachment shall be increased by applying the annual change for account 364 for the South Atlantic Region from the latest version of the Handy Whitman Index.

G. The parties acknowledge and agree that the above rates, and some of the terms and

conditions of this Agreement, are the result of a settlement between the parties. These rates are not necessarily a reflection of the actual costs of joint use to the parties.

ARTICLE 12 – DEFAULTS

B. In the absence of resolution of the matter in accordance with Article 12, Section A, the aggrieved party may provide a notice of default to the other party in writing. Should such default continue for thirty (30) days after due notice thereof in writing describing the nature of the default, the rights under this Agreement may be suspended insofar as concerns the granting of future attachments or other joint use. Upon receipt of such notice of default, the party alleged to be in default shall either work diligently and cooperatively with the aggrieved party to correct such default or present sufficient evidence that a default does not exist or is not the fault of the party alleged to be in default. If such default is due or is alleged to be due to the Licensee's performance or non-performance and such default shall continue for a period of ninety (90) days after such suspension, Owner may, at its sole discretion and option, terminate this Agreement, deny future Attachments and/or remove the Attachments of Licensee at Licensee's expense, and no liability therefore shall be incurred by the Owner because of any or all such actions. Notwithstanding the foregoing, the cure periods may be extended upon mutual agreement of the parties if a cure is not reasonably possible within the time frames specified above.

C. Without limiting the effect of the provision of the immediately preceding paragraph, if after reasonable notice Licensee shall default in the performance of any work it is obligated to do under this Agreement, the Owner may elect to do such work, and the Licensee shall reimburse the Owner for the cost thereof. Owner shall notify the Licensee in advance of its intent to do the work and the approximate cost of doing such work. Failure on the part of the Licensee to make such a payment, as set forth in Article 17, Bills and Payment for Work, shall, at the election of the Owner, constitute a default under Section B of this Article 12.

ARTICLE 13 – RIGHTS OF OTHER PARTIES

A. If Owner, prior to the execution of this Agreement, conferred upon others, not parties of this Agreement ("Outside Parties"), by contract or otherwise, rights or privileges to attach to, and/or reserve space on any of its Poles covered by this Agreement, nothing herein contained shall be construed as affecting said rights or privileges with respect to existing Attachments of such Outside Parties, which Attachments shall continue in accordance with the present practice; all future Attachments of such Outside Parties shall be in accordance with the requirements of Section B below, except where such Outside Parties have by agreements entered into prior to the execution of this Agreement acquired enforceable rights or privileges to make Attachments which do not meet such space allocations. Owner shall derive all of the revenue accruing from such Outside Parties. Any contractual rights or privileges of Outside Parties recognized in this

paragraph shall include renewals of or extensions of the term (period) of such contracts.

B. In the event any Pole or Poles of Owner to which Licensee has made its Attachments would, but for the Attachments of Licensee, be adequate to support additional facilities desired by Owner, Owner's subsidiary or affiliate, or by a Joint User with whom Owner has a prior agreement and which Joint User is either occupying space or has requested to attach or reserve space on such Pole(s) prior to the placement of Licensee's Attachment on such Pole(s), then Owner shall notify Licensee of any changes necessary to provide an adequate Pole or Poles and the estimated costs thereof. Upon receipt of such notice, Licensee shall remove its Attachments at its sole expense or reimburse Owner, on demand, for all reasonable costs incurred by Owner in making such changes. Should Licensee submit a request to make a new Attachment on a Pole that a Joint User is not already attached to but on which the Joint User has reserved space, Owner will provide notice of such space reservation to Licensee, provided that Owner has such knowledge on or prior to the date of Licensee's Attachment request.

C. If Owner desires to confer upon others not parties to this Agreement ("Outside Parties"), by contract or otherwise, rights or privileges to attach to any of its Poles covered by this Agreement, it shall have the right to do so, provided all such Attachments of such Outside Parties are made in accordance with the following: (1) such Attachments shall be maintained in conformity with the requirements of Article 3, Specifications, and (2) such Attachments shall not be located within the space allocation of Licensee. F. The Owner will make good faith efforts to have the Licensee paid by an Outside Party in connection with Outside Party Make-Ready.

A. Except as otherwise provided in this Agreement, Licensee shall not assign or otherwise dispose of this Agreement or any of its rights or interests hereunder, or in any of the Joint Poles, or the Attachments or rights-of-way covered by this Agreement, to any firm, corporation or individual, without the written consent of the Owner, which consent shall not be unreasonably withheld or delayed, except to the United States of America or any agency thereof; provided, however, that nothing herein contained shall prevent or limit the Licensee's right and obligation to assign the Agreement to Licensee's corresponding reorganized entity pursuant to the terms of a plan of reorganization in connection with a bankruptcy proceeding with respect to Licensee, and/or its affiliates, or to mortgage any or all of its property, rights, privileges and franchises, or

lease or transfer any of them to another Licensee corporation organized for the purpose of conducting a business of the same general character, or to enter into any merger or consolidation; and, in case of the foreclosure of such mortgage or in case of lease, transfer, merger or consolidation, its rights and obligations hereunder shall pass to, and be acquired and assumed by, the purchaser at foreclosure, the transferee, lessee, assignee, merging or consolidating company, as the case may be; and provided further that, subject to all of the terms and conditions of this Agreement, Licensee may permit any corporation conducting a business of the same general character as that of such party, and owned, operated, leased and controlled by it, the use of all or any part of the space reserved hereunder on any Pole covered by this Agreement for the Attachments used by such party in the conduct of its said business; and for the purpose of this Agreement, all such Attachments maintained on any such Pole by the permission as aforesaid of Licensee shall be considered as the Attachments of Licensee and the rights, obligations and liabilities of such party under this Agreement, with respect to such Attachments, shall be the same as if it were the actual owner thereof.

B. Written consent from the Owner may be made contingent upon prior receipt of:

- 1) New insurance certificates in the name assignee; and
- 2) New security bonds in the name of the assignee; and
- 3) Payment in full of all Licensee debts due to the Owner.

C. For any assignment request made after the initial seven (7) year term of this Agreement, the Owner may make consent conditional upon the prior execution of a replacement Agreement with the assignee.

ARTICLE 15 – WAIVER OF TERMS OR CONDITIONS

The failure of either party to enforce or insist upon compliance with any of the terms or conditions of this Agreement shall not constitute a general waiver or relinquishment of any such terms or conditions, but the same shall be and remain at all times in full force and effect.

ARTICLE 16 – PAYMENT OF TAXES

Each party shall pay all taxes and assessments lawfully levied on its own property upon said Joint Poles, and the taxes and the assessments which are levied on said Joint Poles shall be paid by the owner thereof, but any tax, fee, or charge levied on Owner's Poles solely because of their use by the Licensee shall be paid by the Licensee.

ARTICLE 17 – BILLS AND PAYMENT FOR WORK

A. Upon the completion of work performed hereunder by either party, the expense of which is to be borne wholly or in part by the other party, the party performing the work shall present to the other party within ninety (90) days after the completion of such work an itemized statement of the costs and such other party shall within forty-five (45) days after such statement is presented pay to the party doing the work such other party's proportion of the cost of said work.

Except as provided in Article 17.C below, any payment not made within forty-five (45) days from the due date shall bear interest at the rate of 1.5% per month until paid, or if 1.5% exceeds the maximum rate allowed by law, then at the maximum rate allowed by law. If a party bills the interest provided for in this paragraph but then receives a payment showing that the payment was timely made, the billing party will write off and cancel the interest.

C. A party receiving a bill may, in good faith and for good cause, dispute the amount or adequacy of substantiation for the bill. In the event that a party so disputes only a portion of a bill, then such party shall promptly pay the undisputed amount. In the event of such dispute, the parties shall meet, by telephone or in person, within ten (10) business days of a dispute being raised to discuss the disputed item and establish a procedure for addressing the disputed amount in accordance with this Agreement. Upon resolution of the dispute, if the amount and substantiation were correct and sufficient, interest will be paid on the unpaid balance from the date of the initial bill at the rate of 1.5% per month until paid, or if 1.5% exceeds the maximum rate allowed by law, then at the maximum rate allowed by law; but, if the amount was not correct or substantiation was not sufficient, no interest will be payable unless the amount determined to be correct is not paid within forty-five (45) days of receipt of substantiation and determination of the correct amount.

ARTICLE 19 – RESOLUTION OF DISPUTES REGARDING ENGINEERING AND CONSTRUCTION STANDARDS AND SAFETY VIOLATIONS

A. In the event of a dispute regarding any compliance or non-compliance with the provisions of Article 3, Specifications, of this Agreement, including which party is responsible for any non-compliance and what corrective action, if any, is necessary or appropriate to remedy any such non-compliance, then the parties shall each arrange for a representative to make a joint field visit to the Pole location to investigate whether a violation exists, and, if so, any corrective action needed and the party or parties responsible. The parties will make a diligent and good faith effort to resolve such disputes at the local level by the parties' respective local engineers and local managers.

B. If the parties are unable to resolve any such dispute at the local level, then either party may submit the matter for resolution to a Referee for binding resolution. A matter will be submitted to the Referee by sending a letter (by mail, hand-delivery or facsimile) to the Referee, with a copy provided to the other party's representative who was involved in the attempt to resolve the dispute and the other party's representative designated pursuant to Article 18.A or Article 18-B, Notices, before or concurrently with the transmission of the letter to the Referee. The letter will include a summary of the dispute and will designate the party's "Contact Person" for the dispute. The other party will promptly respond with a letter similarly sent and copied that provides such party's summary of the dispute and designates such party's Contact Person for the dispute.

C. If the parties mutually agree to do so, instead of proceeding under Section B above, the parties may submit any dispute to the Referee by jointly sending the Referee a letter that includes a summary of the dispute and designates each party's Contact Person for the dispute.

D. The Referee will make such investigation as deemed appropriate in his or her discretion, which will include hearing from each party's Contact Person. The Referee may, but is not required to, engage in such other procedures or hearing as the Referee deems appropriate. The parties will cooperate with the Referee.

E. The Referee will promptly issue a binding decision in writing to the parties, from which there will be no appeal. The party whose position is not upheld by the Referee (which determination may be made by the Referee if requested to do so) will be required to pay for the Referee's fees and expenses. If both parties' positions are upheld in part, they will share the Referee's fees and expenses equally. The parties agree to be bound to pay the Referee's fees and expenses as provided herein.

F. The Referee will be appointed as follows:

1. Each party will appoint an outside engineer and these two (2) engineers will appoint a third outside engineer or other qualified person to serve as the Referee.
2. In the event that the two (2) engineers so appointed are unable within fourteen (14) days to agree upon a third outside engineer or other qualified person who is willing and able to serve as the Referee, then the Referee will be appointed as follows: Three (3) names will be blindly drawn from the list of persons then comprising the NESC committee whose work is most closely related to the dispute (e.g., Clearances Committee or Strength and Loading Committee), or such other group as may be agreed upon. Each party will strike one such name and the remaining person will serve as the Referee. If the parties strike the same name, then the Referee will be selected from the remaining two (2) names by coin toss. If the NESC committee member so selected is unwilling or unable to serve as Referee, then this procedure will be repeated (starting with the blind drawing of three different names as provided above) as necessary until a Referee is selected who is willing and able to serve as Referee. If all committee member names of the NESC committee first selected are exhausted without a Referee being appointed who is willing and able to serve as Referee, then the parties will repeat the above-described procedure with the next NESC committee whose work is most closely related to the dispute, and so on until a Referee is selected who is willing and able to serve as Referee.

G. Nothing herein shall preclude the parties from entering into any other mutually agreeable dispute resolution procedure or from changing by written agreement any aspect of the foregoing procedure. Without limiting the generality of the foregoing, the parties may by written agreement remove, replace or appoint a Referee at any time.

H. The parties agree that, if any dispute or problem in connection with the administration of this Agreement cannot be resolved at lower levels, communications between the following will be permitted and engaged in, in good faith on an expedited basis. Between a district manager or person who reports to the President/CEO/General Manager of an Owner and a district general manager for Licensee; and, if not resolved by them, between the President/CEO/General Manager of an Owner and the General Manager for the Licensee. If either Owner or Licensee reorganizes or changes titles, the equivalent person for such party shall perform the above functions. Notwithstanding the foregoing, neither party shall be precluded from seeking any other available legal remedy at any time for any matter not subject to resolution by Referee as described in this Article.

ARTICLE 20 – TERM OF AGREEMENT

A. This Agreement shall continue in full force and effect for ten (10) years from the Effective Date (“Initial Term”) and shall automatically renew thereafter for successive one (1) year terms (“Renewal Term”). Either party may terminate the Agreement by giving to the other party six (6) months’ notice in writing of intention to terminate the Agreement six (6) months prior to the end of the Initial Term or any Renewal Term. Notwithstanding the foregoing, this

Agreement shall continue in full force and effect for all existing Attachments during any negotiations of the parties for a subsequent agreement.

B. Upon termination of this Agreement in accordance with any of its terms, Licensee shall within one hundred and eighty (180) days remove all of its Attachments owned by Licensee from all Poles of Owner. If not so removed, Owner shall have the right to remove and dispose of all of Licensee's Attachments without any liability or accounting therefore. Licensee shall reimburse Owner for any and all costs incurred by Owner in the removal of Licensee's Attachments as detailed above. In the event that Licensee has not reimbursed Owner within forty-five (45) days of invoicing following Owner's removal of said Attachments, then Owner may pursue, without notice or demand to Licensee, one or more of the remedies contained in Article 12, Defaults, including making demand on the Security Instrument described in Article 23.E, Liability and Indemnification.

C. Termination of this Agreement shall not relieve either party from fulfilling any and all of its obligations that accrued while the Agreement was in effect.

D. During the term of this Agreement or upon termination of this Agreement, each party shall have reasonable access to those portions of the other party's books, construction standards and records, as may be necessary to resolve a material issue or concern regarding the other party's compliance with its obligation under this Agreement. Such access will be granted upon reasonable notice and only during regular business hours.

ARTICLE 21 – EXISTING CONTRACTS

All existing joint use or Pole Attachment license agreements between the parties, and all amendments thereto (hereinafter "Old Attachment Agreement") are by mutual consent hereby abrogated and superseded by this Agreement. However, execution of this Agreement shall not be interpreted as settlement of any debt existing prior to execution.

Nothing in the foregoing shall preclude the parties to this Agreement from entering such supplemental operating routines or working practices as they agree to be necessary or desirable to effectively administer the provisions of this Agreement.

ARTICLE 22 – LIABILITY AND INDEMNIFICATION

A. The Owner expressly agrees to indemnify, defend and save harmless Licensee from all Claims arising or claimed to have arisen solely by, through or as a result of the Owner's negligent acts or omissions or the Owner's intentional or wanton misconduct. Except as set forth below, Licensee assumes sole responsibility for all injuries and damages arising, or claimed to have arisen, by, through or as a result of any of its cables, wires, appliances, equipment or facilities (or of a third-party over-lasher to Licensee's cables, wires, appliances, equipment or facilities or any assignee of Licensee's rights) attached to the Owner's Poles, equipment or facilities, it being understood, however, that Licensee shall have no liability to the Owner for injuries and damages (a) caused by, through or as a result of the sole negligence of the Owner; or (b) caused solely by, through or as a result of the wanton misconduct of the Owner; or (c) caused

solely by, through or as a result of the facilities or activities of any third party (or parties) .

In any matter in which Licensee shall be required to indemnify the Owner hereunder, Licensee shall control the defense of such matter in all respects, and the Owner may participate, at its sole cost, in such defense. The Owner shall not settle or compromise any matter in which Licensee is required to indemnify the Owner without the prior consent of Licensee.

C. Owner shall have no liability to the Licensee for injuries and damages (a) caused by, through or as a result of the negligence of the Licensee or its contractors or agents; or (b) caused through or as a result of the wanton misconduct of the Licensee or any of its contractors, agents, representatives or assignees. In any matter in which the Owner shall be required to indemnify Licensee hereunder, the Owner shall control the defense of such matter in all respects, and Licensees may participate, at its sole cost, in such defense. Licensee shall not settle or compromise any matter in which the Owner is required to indemnify Licensee without the prior written consent of the Owner.

D. Insurance

Licensee, and any contractors of Licensee, shall contract for and maintain in effect throughout the period during which Licensee maintains Attachments on any Poles owned by owner, insurance which meets or exceeds the amounts set forth in subsections (1) through (3) below. Failure to provide and maintain the required insurance coverage shall constitute a Default under this Agreement, in which event Owner shall have the right to pursue any and all of the remedies set forth in this Agreement. Licensee shall provide copies of the required insurance policies to the Owner upon request.

1. Worker's compensation insurance, with minimum limits of \$1,000,000 per employee, covering all employees of Licensee who shall perform any work on Poles or property owned or controlled by Owner, including easements and rights-of-way, whether or not such insurance is required by law. If any employee is not subject to the worker's compensation laws of the state wherein work is performed, Licensee shall extend said insurance to such employee as though said employee were subject to such laws.
2. Commercial general liability insurance covering all operations under this Agreement, including erection, installation, maintenance, Rearrangement and removal of Licensee's Attachments, in an amount for bodily injury of not less than \$2,000,000 for one person and \$2,000,000 for each accident or occurrence and for property damage of not less than \$2,000,000 for each accident or occurrence.
3. Automobile liability insurance on all self-propelled vehicles which may be used in connection with this Agreement, whether owned, non-owned or hired, in an amount for bodily injury of not less than \$1,000,000 for one person and \$1,000,000 for each accident or occurrence and for property damage of not less than \$1,000,000 for each accident or occurrence.
4. The policies hereunder shall be in such form and issued by such carrier authorized to write policies in the State of Alabama as shall be reasonably acceptable to Owner.
 - a. Owner, its board of directors, officers, employees and agents shall be shown as additional insured on each policy only with respect to liability arising from Licensee's operation in conjunction with this Agreement; and
 - b. Licensee agrees to release and will require its insurers (by policy endorsement) to waive their rights of subrogation against Owner, its board of directors, officers, employees and agents for loss under the policies of insurance described herein; and
 - c. Licensee shall provide Owner with at least thirty (30) days written notice before any such insurance shall lapse, or any coverage is reduced; and each policy shall state that the insurance carrier will mail a notice to the

Owner at the address provided in Article 25 at least thirty (30) days before any such insurance shall lapse; and

- d. Licensee shall furnish Owner certificates evidencing such insurance within thirty (30) days of the Effective Date of this Agreement and shall provide Owner with copies of any renewal or replacement certificates promptly after they become available.
5. Notwithstanding the above, if Licensee is authorized to operate as a self-insured entity under the laws of the State of Alabama, Licensee may provide self-insurance to meet the requirements of this Article 23, upon terms and conditions satisfactory to Owner.

E. Security Instrument

Licensee shall furnish and maintain throughout the term of this Agreement, and thereafter until all of the obligations of Licensee have been fully performed, a bond, or other Security Instrument satisfactory in form and content to Owner in substitution therefore, to guarantee the payment of any sums which may become due to Owner or an Owner Agent for Pole Attachment Rental Fees, inspections, inventories, Make-Ready Costs, Unauthorized Attachment Fees, for work performed for the benefit of Licensee under this Agreement, including the removal of Attachments upon termination of this Agreement, for any expense that may be incurred by Owner or an Owner Agent because of any Default of Licensee, or for any other expense that is to be borne by Licensee under this Agreement. This Security Instrument shall be renewed annually and shall be furnished to the Owner at the time of payment of the annual Pole rental invoice. The amount of said Security Instrument, which amount shall be maintained throughout the term of the Agreement and thereafter until all of the obligations of Licensee have been fully performed, shall be equal to ten thousand US dollars (\$10,000), or twenty-five dollars (\$25.00) per Attachment based on the most recent pole rental invoice, whichever is larger. The amount of the Security Instrument may, in Owner's discretion, be adjusted if Licensee purchases, acquires or obtains a controlling interest in additional broadband or other facilities within Owner's service territory not currently covered by this Agreement which results in a significant increase in the number of Attachments. Any such adjustment shall not exceed twenty-five dollars (\$25.00) per new Attachment. Failure to provide and maintain the aforementioned Security Instrument shall be deemed a Default under this Agreement, in which event Owner shall have the right to pursue any and all remedies set forth in this Agreement and at law or equity. The furnishing of such Security Instrument shall not affect, limit, diminish or otherwise reduce any obligations of Licensee under this Agreement.

Following the completion of the Initial Safety Inspection, the correction of the identified violations, and if the Licensee is in material compliance with all other terms and conditions of the Agreement, the amount of the Security Instrument shall be adjusted annually to an amount not to exceed the last annual Pole rental invoice by the Licensee.

ARTICLE 23 – CONSTRUCTION

This Agreement was drafted by all parties to it and is not to be construed against any party. Neither the negotiations of the language of this Agreement nor any prior drafts of this Agreement or the inclusion or exclusion of any language from prior drafts shall be admissible or probative as to the meaning of this Agreement. The execution, interpretation, construction, performance and enforcement of this Agreement and the rights and obligations of the parties shall be governed by Alabama law, without regard to principles of conflict of laws. Any disputes arising out of this Agreement shall be resolved in the state and federal courts of Alabama.

ARTICLE 24 – REMEDIES CUMULATIVE

APPENDIX R- OWNER RULES AND PRACTICES FOR ATTACHMENTS

1. Licensee shall install and maintain its Attachments at its own expense.
2. Any unbalanced loading of Owner's Distribution Poles caused by the placement of Licensee's circuits shall be properly guyed and anchored by Licensee with a guy and anchor provided by Licensee, at no expense to Owner. Licensee may not place new guy attachments on Owner's anchors without Owner's prior consent. If mutually agreed between the Licensee and the Owner, Owner may install anchors and anchor rods, at Licensee's expense, with sufficient capacity for the Owner's and Licensee's guying attachments. When the parties agree to use a common anchor, Licensee shall re-install Owner's anchor rod bonding clamps on Owner anchors after installing guy attachments to the anchor.
3. A preliminary "ride through" of the proposed route of Licensee's communications facility shall be made by representatives of Owner and Licensee when necessary.
4. Licensee shall check and verify the condition of any Pole prior to climbing or performing work on it. If a Pole is deemed unsafe, Licensee must immediately cease all work on said Pole and notify Owner by telephone and in writing as soon as practicable.
5. All Attachments shall be located on the same side of each Pole as any existing telephone or communications cable, or as otherwise designated by Owner.
6. On Attached Poles where Owner has secondary conductors, all Attachments shall be located on the same side of the Pole as the secondary conductors, or as otherwise designated by Owner.
7. Licensee shall cause all cabinets, enclosures, and messengers to be effectively grounded in accordance with the NESC and all revisions thereof. Licensee shall instruct its employees, contractors, and other representatives working on Owner's poles of the dangers associated with bonding its facilities to the Owner "vertical ground wire" and associated dangers thereof and shall provide adequate training and protective equipment so as to protect its employees, contractors, and other representatives from bodily harm. The Owner assumes no responsibility either for instructing Licensee's personnel or furnishing equipment to Licensee's personnel, or for any liability for Licensee's personnel working on Owner poles, except as provided for in the indemnity provisions of the Agreement.
8. Licensee shall install no power supply on any of Owner's Poles on which underground electric services, capacitor banks, sectionalizing equipment or voltage regulators are already installed.

9. No electrical service connection to a communications power supply shall be made or installed by Licensee until after Owner shall have completed inspection of an approved fused service disconnect switch or circuit breaker.
10. No bolt used by Licensee to attach its facilities shall extend or project more than one (1) inch beyond its nut.
11. All Attachments of Licensee shall have at least two (2) inches clearance from unbonded hardware such as pedestals and any other enclosures containing equipment.
12. All of Licensee's Attachments shall comply with the more stringent of either Owner's or NESC clearance and separation requirements and shall be located on all new or transferred attachments a minimum of forty (40) inches below Owner's lowest attached facilities. On Owner Poles supporting streetlights, Licensee's Attachments may be installed to comply with the NESC clearance requirements for the street light "drip loop", as long as Licensee's Attachment also maintains forty (40) inches from other Owner facilities on the Pole. All mid-span clearances between Licensee's facilities and Owner's lowest conductors shall comply with NESC clearance requirements.
13. Licensee may, with prior approval of Owner, install cross arms, alley arms, or cable extension arms for the support of any of its facilities. However, Licensee shall not use any cross arm or alley arm brace above the arm that it supports.
14. Licensee shall install and maintain any and all of its facilities in a neat and workmanlike manner consistent with the maintenance of the overall appearance of the jointly used Pole and subject to the standards set forth in Article 3. Where a disparity exists between Owner's standards, Governmental requirements, the NESC, this Appendix R, or other written requirements in this Agreement, the most stringent shall apply.
15. In the event that any of Licensee's proposed Attachments are to be installed upon Poles already jointly used by Owner and another party(ies), Licensee shall negotiate with such other party/parties to determine clearances between its facilities and those of Owner and such other party/parties, except that Licensee may not in any way modify the clearance requirements set forth in this Agreement.
16. Guy markers shall be installed and maintained on all guys.
17. Where, at the sole discretion of the Owner, the future installation of a transformer, underground cable riser, or other similar Owner equipment is likely, all new attachments will be made at least seventy-two (72) inches under the primary neutral. Clearances not specified in this rule shall be determined by reference to the National Electrical Safety Code. Licensee shall be notified of this possibility in the Appendix A application process.
18. All anchors and guys shall be installed and in effect prior to the installation of any of the Licensee's messenger wires or cables. All anchors and rods shall be in line with the strain and shall be installed so that approximately six (6) inches of the rod remains out of

the ground. Cutting of anchor rods to reduce anchor rod extension above the ground line is not permitted. The entire length of the anchor rod should be set in a straight line between the Pole attachment and the point where the rod attaches to the anchor. In cultivated fields or other locations, the projection of the anchor rod above earth may be increased to a maximum of twelve (12) inches to prevent burial of the rod eye. The backfill of all anchor holes must be thoroughly tamped the full depth.

19. Sidewalk guys shall be permitted by special exception only.

20. No Licensee guys may be attached to Owner guys (except grounding connections). Attachment of Licensee guys to Owner anchors shall be permitted only with approval by the Owner.

21. With respect to all communications-protective devices, Licensee agrees that Owner may construct all its facilities in accordance with "Grade C" construction as applicable under NESC Rule 242, Table 242-1, Footnote 7.

Re: *Sale of Telecommunications Fiber System by City of Opelika*

Dear Mayor Fuller:

Thank you for asking Bradley Arant Boulton Cummings LLP ("Bradley") to assist in the representation the City of Opelika (the "City") in connection with the sale by the City to a private entity of certain property owned by the City and constituting a telecommunications/fiber cable system. This letter confirms our engagement and describes the basis on which we will provide our legal services. If at any time you have questions or there is some action on our part that will better suit your needs, please let us know. We want you to be fully satisfied with the legal services we provide.

Client. Our client in this matter will be the "City". Unless we agree otherwise in writing, persons and entities sharing the City's interests will not be our clients.

Scope of Engagement. The scope of our engagement and duties will relate solely to the sale of a telecommunications system by the City of Opelika. Our acceptance of this engagement does not mean we represent the City or its interests in other matters. Any expansion of our scope of work in this matter, and any representation of the City in other matters, will be set forth in a separate letter or agreement. If we undertake to represent the City in other matters without specific terms of engagement, the terms of this letter will apply.

What we need from you. Please keep us informed of developments that may affect the work we are doing for the City. Also, we expect that the City will commit sufficient resources to meet the demands of the matter and be available to attend meetings and necessary legal proceedings. We expect that you will provide us all documents and other information necessary for us to perform our work for you that we request. We also ask that you promptly review and pay our invoices. Please feel free to ask us any questions you may have about our services or charges.

Advice about Possible Outcomes. During the course of our representation, we may advise you about various courses of action or results that might be obtained. That advice will be based on the information and circumstances known to us at the time. You should not regard our advice as a promise of what may happen in the future or a guarantee of future results.

Attachment: CM 10-16-18, engagement letter Bradley Arant (281-18 : Engagement letter with Bradley Arant Boulton Cummings, Point Broadband.)

Fees, Costs and Staffing. Our fees are based on hourly rates that vary depending on the lawyer or legal assistant involved. They are also subject to periodic adjustment. My hourly rate is currently \$450.00.

In addition to our legal fees, we will bill you for costs and expenses we incur on your behalf or in the course of our representation. These may include items such as document reproduction, computer-assisted research, delivery and courier services, filing fees, travel expenses and other costs reasonably incurred.

Invoicing and Payment for our Services. We expect to send our bills to you monthly. Unless you instruct otherwise, the billing address we use will be the same address used to send you this letter. Our bills are due upon receipt. If we are not promptly paid, we reserve the right to suspend further service to the City until such time as we reach a resolution regarding payment.

Digital Tools. We may find it useful to use or create digital tools in this representation. For example, we may allow you access to our computer system via an extranet or create databases for use in this matter. The use of certain of these tools may require you to sign additional documents to confirm responsibility for password protection and to address other appropriate concerns. We will not be required to maintain these tools beyond the termination of this engagement absent a written agreement to the contrary.

Conflicts of Interest. We have evaluated this engagement for conflicts of interest on the basis that we represent only the City in this matter. We are not presently aware of any conflicts that have not been resolved. As you know, we currently represent Sunset Digital Communications, Inc., an affiliate of the ITC companies, in connection with certain telecommunication facilities located in Tennessee, and we have obtained appropriate waivers of potential conflicts of interest from the City and said company. As we have discussed, we are a large law firm that represents many other entities, companies and individuals in a variety of matters. It is possible that during the time we are representing you, some of our present or future clients may have transactions or disputes with the City. You have agreed that we may continue to represent or may undertake in the future to represent other clients in any matter not substantially related to our work for the City, even if the interests of such clients in those other matters are directly adverse to the City or a related entity, and even if such representations would be simultaneous. We agree, however, that the City's prospective consent to conflicting representations will not apply in an instance where, as the result of our representation of the City, we have obtained sensitive, proprietary or other confidential or non-public information that, if known to any such other client of ours, could be used in any such other matter by such other client to the City's material disadvantage, and if screening procedures and similar measures would be insufficient to protect and maintain the confidentiality of that information. Please know that, in similar engagement letters with many of our other clients, we have asked for similar agreements to preserve our ability to represent the City.

Termination of Engagement. The City may terminate our engagement at any time by written notice. Likewise, we may also terminate this engagement at any time by written notice, subject to applicable rules of professional conduct. In the event we terminate our representation,

we will take such steps as are reasonably practicable to protect your interests in the above matter, and you agree to take all steps necessary to free us of any obligation to perform further. The City will be responsible for our fees and expenses for our entire engagement, through and including any termination.

Conclusion of Representation; Retention and Disposition of Documents.

Unless previously terminated, our representation will conclude when we complete the specific services the City has retained us to perform. At your request, we will return the City's papers and property upon our receipt of final payment. We will retain our own files pertaining to the matter, including, for example, firm administrative records, internal lawyers' work product such as drafts, notes, internal memoranda and legal and factual research.

Please retain all documents that we send you in accordance with the City's own records retention practices. All documents we retain will be transferred to the person responsible for administering our records retention program at the end of our representation. Unless we agree otherwise, documents and other materials we retain may be destroyed or disposed of within a reasonable time after termination or conclusion of this engagement.

Post-Engagement Matters. You are engaging us to provide legal services in connection with a specific matter. After the matter concludes, we may inform you from time to time of developments and changes in the law that might interest you, by newsletter or otherwise. These communications, however, do not create a new attorney-client relationship.

After this matter is concluded, changes in law or circumstances may occur that could impact the City's future rights and liabilities. Unless we are specifically engaged to provide advice on matters arising in the future, we have no continuing obligation to advise the City with respect to future developments.

If the foregoing is satisfactory, please sign a copy of this letter and return it to me. While we prefer to have a signed copy of this letter in our file before beginning work on this matter, we will begin work earlier as circumstances require. Accordingly, our performance of services with your knowledge will be deemed your consent to the terms of the letter unless we hear from you to the contrary. We look forward to working with you and other representatives of the City on this matter.

ORDINANCE NO. 022-18-ORD

Sale of City's fibre-optic television & telecom system, Point Broadband - 1st Reading.

ORDINANCE NO. _____-18

AN ORDINANCE AUTHORIZING THE SALE OF THE CITY'S FIBRE-OPTIC CABLE TELEVISION AND TELECOMMUNICATIONS SYSTEM TO POINT BROADBAND, LLC, AND DIRECTING THE EXECUTION OF ALL AGREEMENTS NECESSARY IN CONNECTION THEREWITH, AND CALLING FOR REDEMPTION AND PAYMENT CERTAIN WARRANTS OF THE CITY RELATED TO SAID SYSTEM

WHEREAS, the City has heretofore issued its \$13,500,000 principal amount Taxable Telecommunications System Revenue Warrant dated January 27, 2011 (the "Telecomm Warrant") to Regions Bank in order to finance the acquisition and construction of a fiber-optic cable television and telecommunications and information system (collectively the "System") in the City.

WHEREAS, the City has heretofore issued its \$28,590,000 Electric System Revenue Refunding Warrant, Series 2017, dated December 27, 2017 (the "2017 Warrant"), payable to Regions Capital Advantage, Inc., a portion of the principal amount of which is referable to those Warrants of the City that were refunded by the 2017 Warrant issued in order to finance a portion of the costs of acquiring and constructing components of the System.

WHEREAS, the City's Light and Power Department has operated the System since its inception.

WHEREAS, following a period of due deliberation and diligence, the City has determined that (i) it is in the best public and financial interest of the City to sell the System to Point Broadband, LLC (the "Company"), pursuant to an Asset Purchase Agreement with the Company (the "Asset Purchase Agreement") and to (ii) apply the proceeds of such to (1) the redemption of the Telecomm Warrant and the (2) redemption of such portion of the 2017 Warrant as funds remaining from the sale shall permit.

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL (the “City Council”) OF THE CITY OF OPELIKA (the “City”) AS FOLLOWS:

Section 1. The City Council hereby determines and declares that it is in the City’s best interest to sell the System to the Company for the price provided for in the Asset Purchase Agreement, viz., the sum of \$14,175,000. The City negotiated the terms of the sale and the sales price with the Company in an arm’s length transaction and believes that such sales price represents the fair market value for the System. The City is not granting anything of value or in any way lending its aid or credit to the Company as part of the sale.

Section 2. The sale of the System is necessary, advantageous, and in the best interest of the City and is hereby approved and authorized. The Mayor and the City Clerk/Treasurer are therefore authorized to execute and deliver the Asset Purchase Agreement between the City and the Company in substantially the form of such agreement presented to the meeting of the Council at which this Ordinance is adopted and approved by the Mayor, whose final approval of such document shall be evidenced by his execution thereof. The Mayor and the City Clerk/Treasurer are further authorized and directed to deliver such other closing documents, certificates, and agreements as are necessary in conjunction with the sale, including a tri-party Escrow Agreement among the City, the Company, and Southern States Bank (the “Escrow Agreement”). Any prior execution of any documents on behalf of the City by City officials in connection with the sale of the System are hereby approved and confirmed.

Section 3. The proceeds from the sale pursuant to the Asset Purchase Agreement received by the City shall be used to retire the Telecomm Warrant and, with any such remaining funds, provide for an escrow deposit pursuant to the Escrow Agreement to be disbursed as provided therein; all funds paid to the City upon termination of the Escrow Fund provided for in the Escrow Agreement shall be used by the City to redeem and pay such portion of the 2017 Warrant as such funds shall be sufficient therefor.

Section 4. The City hereby calls for redemption the Telecomm Warrant on November 8, 2018, or such other date promptly following the “Closing Date” as provided for in the Asset Purchase Agreement, and authorizes and directs the Mayor to coordinate with and provide such notice and information to Regions Bank as shall be necessary to effect such redemption on such date. The City Clerk/Treasurer is authorized to transfer to Regions Bank on such date the sum of \$13,536,352.50 from proceeds of the sale of the System realized by the City pursuant to the Asset Purchase Agreement in order to retire and pay in full the Telecomm Warrant and the interest due and unpaid thereon, to which sum shall be added any additional interest on the Telecomm Warrant that may accrue should the said Closing Date occur after November 8, 2018.

Section 5. Upon release of funds to the City as provided for pursuant to the Escrow Agreement, the City will call for redemption such portion of the 2036 principal payment due on the 2017 Warrant maturing on March 1, 2025, as the amount of such funds shall permit (the “Refunded Portion of the 2017 Warrant”), at and for a redemption price equal to the principal amount thereof to be redeemed, plus accrued interest thereon to the date fixed for redemption, without premium or penalty. The City will also at that time direct Regions Bank to disseminate a notice of redemption to Regions Capital Advantage, Inc., in accordance with the terms of the 2017 Warrant, and to take such other action as shall be necessary to effect the refunding of the Refunded Portion of the 2017 Warrant on said date.

Section 6. The City hereby approves a form of Refunding Trust Agreement with Regions Bank, the trustee for the 2017 Warrant, in connection with the escrow deposit for the Refunded Portion of the 2017 Warrant. Upon finalization of said form of Refunding Trust Agreement the Council will authorize the Mayor and the City Clerk/Treasurer to execute and deliver such agreement when funds are received from the aforesaid Escrow Fund as described hereinabove.

Section 7. A portion of the City’s proceeds from the sale of the System will remain in escrow for approximately 12 months pursuant to the Escrow Agreement. When such funds are released to the City, they will be transferred to Regions Bank without the need for any additional Council action to provide for a deposit into the Escrow Fund for the 2017 Warrant established by the Refunding Trust Agreement hereinabove referred to.

Section 8. The Mayor and the City Clerk/Treasurer are authorized to take all such action as is necessary to complete the transactions described hereinabove. The City has no obligation to proceed to effect the retirement of the Telecomm Warrant or the Refunded Portion of the 2017 Warrant unless and until the sale of the System actually occurs and funds are thereby provided to the City for such purpose.

Section 9. The City Clerk/Treasurer shall publish this ordinance in accordance with the procedures required by state law and the customs of the City.

The City Council of the City of Opelika, Alabama ordains:

STATEMENT OF INTENT AND PURPOSE

City intends, by the adoption of this Franchise, to bring about the further development of a Cable System, and the continued operation of it. Such development can contribute significantly to the communication needs and desires of the residents and citizens of City and the public generally. Further, City may achieve better utilization and improvement of public services and enhanced economic development with the development and operation of a Cable System.

Adoption of this Franchise is, in the judgment of the City Council, in the best interests of City and its residents. This Franchise is in accordance with Ordinance No. 101-00, the Wireline Telecommunications System Ordinance (WTS Ordinance) for the City of Opelika, Alabama.

FINDINGS

In the review of the request for renewal by Grantee and negotiations related thereto, and as a result of a public hearing, the City Council makes the following findings:

1. Grantee's technical ability, financial condition, legal qualifications, and character were considered and approved in a full public proceeding after due notice and a reasonable opportunity to be heard;
2. Grantee's plans for constructing, upgrading, and operating the Cable System were considered and found adequate and feasible in a full public proceeding after due notice and a reasonable opportunity to be heard;
3. The Franchise granted to Grantee by City complies with the existing applicable state statutes and federal laws and regulations; and
4. The Franchise granted to Grantee is nonexclusive.

Section 1. Title.

This Ordinance shall be known and cited as the Point Broadband Wireline Telecommunications System Ordinance (PBWTSO) for the City of Opelika, Alabama.

This Ordinance is granted pursuant to the terms and conditions contained herein. Failure of Grantee to provide a System as described herein or meet the obligations and comply with all provisions herein, shall be deemed in violation of this Franchise.

Section 3. Scope

This Ordinance is granted for the corporate boundaries of City, as they exist from time to time. Access to Cable Service shall not be denied to any group of potential residential cable Subscribers because of the income of the potential cable Subscribers or of the area in which such group resides.

Section 4. Severability.

If any term, condition or provision of this Franchise or the application thereof to any Person or circumstance shall, to any extent, be held to be invalid or unenforceable, the remainder thereof and the application of such term, condition or provision to Persons or circumstances other than those as to whom it shall be held invalid or unenforceable shall not be affected thereby, and this Franchise and all the terms, provisions and conditions hereof shall, in all other requests, continue to be effective and complied with provided the loss of the invalid or unenforceable clause does not substantially alter the agreement between the parties. In the event such law, rule or regulation is subsequently repealed, rescinded, amended or otherwise changed so that the provision, which had been held invalid or modified is no longer in conflict with the law, rules and regulations then in effect, said provision shall thereupon return to full force and effect and shall thereafter be binding on Grantee and City.

4. City may issue reasonable policy guidelines to all grantees to establish procedures for determining how to control issuance of engineering permits to multiple grantees for the use of the same Rights-of-Way for their facilities. Grantee shall cooperate with City in establishing such policy and comply with the procedures established by the City Administrator or his or her designee to coordinate the issuance of multiple engineering permits in the same Rights-of-Way segments.
5. Grantee shall first obtain the written approval of City prior to commencing any construction or reconstruction on the Rights-of-Way and public places of City.
6. Failure to obtain permits or comply with non-discriminatory permit requirements shall subject Grantee to all enforcement remedies available to City under Applicable Laws or this Franchise.
7. Grantee shall be notified in writing and meet with developers and be present at pre-construction meetings to ensure that the newly constructed Cable System facilities are installed in new developments within City in a timely manner. City will make provisions in new development permits to require developer or contractor to notify Grantee ten (10) days in advance of open utility trenches for the opportunity of Grantee's cables to be placed within such trenches at the same time as other utilities.
8. Grantee, upon written request, shall hold an annual meeting with City to coordinate construction plans of both parties for the upcoming year.

- B. Ongoing Construction. Grantee shall notify City at least ten (10) days prior to the commencement of any construction in any Rights-of-Way. Grantee shall provide to City a detailed site plan of any proposed construction or excavation. Grantee shall not open or disturb the surface of any Rights-of-Way or public place for any purpose without first having obtained a permit to do so in the manner provided by law. All excavation shall be coordinated with other utility excavation or construction so as to minimize disruption to the public. Any excavation shall be backfilled without delay and lawns, gardens, shrubs, and flower beds returned and restored in as good a condition as before work involving such disturbance was done. Any excessive or loose dirt, gravel, mud or sand shall be removed from the property and deposited at an approved disposal site.
- C. Use of existing poles or conduits.
1. Grantee shall utilize existing poles and/or replacement poles, conduits and other facilities whenever commercially reasonable and shall not construct or install any new, different or additional poles, conduits or other facilities on public property until the written approval of the City is obtained. No location or any pole or wire-holding structure of Grantee shall be a vested interest, and such poles or structures shall be removed or modified by Grantee at its own expense whenever City determines that the public convenience would be enhanced thereby.
 2. The facilities of Grantee shall be installed underground in those areas of City where existing telephone and electric services are both underground at the time of construction by Grantee. In areas where either telephone or electric utility facilities are installed aerially at the time of System construction, Grantee may install its facilities aerially; however, at such time as the existing aerial facilities are placed underground, Grantee shall likewise place its facilities underground at its sole cost. If City requires utilities to bury lines which are currently overhead, and the City financially participates in said undergrounding, then the City will provide the same reimbursement to the Grantee as other utilities.
- D. Minimum Interference.
1. Grantee shall use its best efforts to give reasonable prior notice to any adjacent private property owners who will be negatively affected or impacted by Grantee's significant work in the Rights-of-Way.
 2. All transmission and distribution structures, lines and equipment erected by Grantee shall be located so as to cause minimum interference with the unencumbered use of Rights-of-Way and other public places and minimum interference with the rights and reasonable convenience of property owners who adjoin any of the Rights-of-Way and public places at the time of placement.
- E. Temporary Relocation.
1. At any time during the Term of the Franchise, Grantee shall, at its own expense, protect, support, temporarily disconnect, relocate or remove any of its property

when, in the opinion of the City, (i) the same is required by reason of traffic conditions, alteration to or establishment of any Rights-of-Way construction, alteration to or establishment of any Rights-of-Way or any facility within the Rights-of-Way, sidewalk, or other public place, including but not limited to, installation of sewers, drains, waterlines, power lines, traffic signal lines or transportation facilities; or (ii) a City project or activity makes disconnection, removal, or relocation necessary or less expensive for City. Notwithstanding the above, if City has funds, or can obtain funds, to reimburse other utilities for temporary or permanent relocation, then Grantee will be reimbursed in the same manner as other utilities.

2. Grantee shall, on request of any Person holding a permit to move a building, temporarily raise or lower its wires to permit the movement of such buildings. The expense of such temporary removal or raising or lowering of wires shall be paid by the Person requesting the same, and Grantee shall have the authority to require such payment in advance. Grantee shall be given not less than ten (10) days advance notice to arrange such temporary wire alterations under normal operating conditions.
- F. **Emergency.** Whenever, in case of fire or other emergency, it becomes necessary in the judgment of the City Administrator, police chief, fire chief, or their delegates, to remove or damage any of Grantee's facilities, no charge shall be made by Grantee against City for restoration, repair or damages.
 - G. **Tree Trimming.** Grantee shall comply with all applicable provisions of the Code of Ordinances of the City regarding the trimming of any trees on public property or in the Rights-of-Way.
 - H. **Protection of facilities.** Nothing contained in this section shall relieve any Person from liability arising out of the failure to exercise reasonable care to avoid damaging Grantee's facilities while performing any work connected with grading, regrading or changing the line of any Rights-of-Way or public place or the construction or reconstruction of any sewer or water system.
 - I. **Installation records.** Grantee shall keep accurate Installation records of the location of all facilities in the Rights-of-Way and public ways and furnish them to City upon request. Grantee shall cooperate with City to furnish such information in an electronic mapping format, if possible compatible with the then current City electronic mapping format. Upon completion of new or relocation construction of underground facilities in the Rights-of-Way and public ways, Grantee shall provide City with Installation records in an electronic format, if possible compatible with the then current City electronic mapping format, showing the location of the underground and above ground facilities.
 - J. **Locating facilities.**

1. If, during the design process for public improvements, City discovers a potential conflict with proposed construction, Grantee shall either: (a) locate and, if necessary, expose its facilities in conflict or (b) use a location service under contract with City to locate or expose its facilities. Grantee is obligated to furnish the location information in a timely manner, but in no case longer than thirty (30) days.
2. City reserves the prior and superior right to lay, construct, erect, install, use, operate, repair, replace, remove, relocate, regrade, widen, realign, or maintain any Rights-of-Way and public ways, aerial, surface, or subsurface improvement, including but not limited to water mains, traffic control conduits, cable and devices, sanitary or storm sewers, subways, tunnels, bridges, viaducts, or any other public construction within the Rights-of-Way of City limits.

K. City's rights.

1. When City uses its prior superior right to the Rights-of-Way and public ways, Grantee shall move its property that is located in the Rights-of-Way and public ways, at its own cost unless the relocation is for beautification purposes or utility relocation funds are available, to such a location as City directs. In such instance Grantee will be reimbursed in such a manner as other utilities.
2. Nothing in this Franchise shall be construed to prevent City from constructing, maintaining, repairing or relocating sewers; grading, paving, maintaining, repairing, relocating and/or altering any Right-of-Way; constructing, laying down, repairing, maintaining or relocating any water mains; or constructing, maintaining, relocating, or repairing any sidewalk or other public work.

L. Relocation delays.

1. Subject to Grantee's compliance with Section 3.12 above, if Grantee's relocation effort so delays construction of a public project causing City to be liable for delay damages, Grantee shall reimburse City for those damages attributable to the delay created by Grantee. In the event Grantee should dispute the amount of damages attributable to Grantee, the matter shall be referred to the City engineer for a decision. In the event that Grantee disagrees with the City engineer's decision, the matter shall be submitted to the Mayor for determination, whose decision shall be final and binding upon Grantee as a matter of City review, but nothing herein waives any right of appeal to the courts.
2. In the event City becomes aware of a potential delay involving Grantee's facilities, City shall promptly notify Grantee of this potential delay.

M. Interference with City Facilities. The Installation, use and maintenance of the Grantee's facilities within the Rights-of-Way and public ways authorized herein shall be in such a manner as not to interfere with City's placement, construction, use and maintenance of its Rights-of-Way and public ways, Rights-of-Way lighting, water pipes, drains, sewers,

traffic signal systems or other City systems that have been installed, maintained, or used by City.

- N. Interference with Utility Facilities. Grantee agrees not to install, maintain or use any of its facilities in such a manner as to damage or interfere with any existing facilities of any utility located within the Rights-of-Way and public ways of City and agrees to relocate its facilities, if necessary, to accommodate another facility relocation. Nothing in this section is meant to limit any rights Grantee may have under Applicable Laws or this Franchise to be compensated for the cost of relocating its facilities from the utility that is requesting the relocation.
- O. Collocation. To maximize public and employee safety, to minimize visual clutter of aerial plant, and to minimize the amount of trenching and excavation in and along City Rights-of-Way and sidewalks for underground plant, Grantee shall make every commercially reasonable effort to collocate compatible facilities within the Rights-of-Way subject to the engineering requirements of the owners of utility poles and other facilities.
- P. Safety Requirements.
 - 1. Grantee shall at all times employ ordinary and reasonable care and shall install and maintain in use nothing less than commonly accepted methods and devices for preventing failures and accidents which are likely to cause damage or injuries.
 - 2. Grantee shall install and maintain its System and other equipment in accordance with City's codes and the requirements of the National Electric Safety Code and all other applicable FCC, state and local regulations, and in such manner that they will not interfere with City communications technology related to health, safety and welfare of the residents at the time of Grantee's placement of facilities.
 - 3. Cable System structures, and lines, equipment and connections in, over, under and upon the Rights-of-Way of City, wherever situated or located, shall at all times be kept and maintained in good condition, order, and repair so that the same shall not menace or endanger the health, safety or property of City or any Person.

Section 31. Design Provisions

- A. System Upgrade/Construction: Minimum Channel Capacity.
 - 1. Grantee shall operate and maintain for the term of this Franchise a System providing a minimum of 150 channels (750 MHz). Design specifications found in Exhibit D attached hereto are hereby incorporated as part of this Franchise.
 - 2. All final programming decisions remain the discretion of Grantee in accordance with this Franchise, provided that Grantee notifies City and Subscribers in writing thirty (30) days prior to any Channel additions, deletions, or realignments, and further subject to Grantee's signal carriage obligations hereunder and pursuant to

47 U.S.C. § 531-536, and further subject to City's rights pursuant to 47 U.S.C. § 545.

- B. **System Construction.** On or about ten (10) days prior to any system construction, except for maintenance, affected Subscribers will receive a notification, which notification shall include Grantee's telephone number that Subscribers can use to contact Grantee with any questions or concerns they may have. No less than forty-eight (48) hours before construction, all affected houses will receive written notification regarding Grantee's construction schedule which will also include the scope of work to be performed and Grantee's telephone number. Nothing shall prohibit Grantee from consolidating the notices required in this subparagraph.
- C. **Interruption of Service.** Grantee shall interrupt Service only for good cause and for the shortest time possible. Such interruption shall occur during periods of minimum use of the System. If Service is interrupted for a total period of more than twenty-four (24) continuous hours in any thirty (30) day period, Subscribers shall be credited pro rata for such interruption upon request.
- D. **Emergency Alert Capability.** Grantee shall at all times comply with the Emergency Alert System standards pursuant to Title 47, Section 11, Subpart A-E of the Code of Federal Regulations, as may be amended or modified from time to time.
- E. **Technical Standards.** The technical standards used in the operation of the System shall comply, at minimum, with the technical standards promulgated by the FCC relating to Cable Systems pursuant to Title 47, Section 76, Subpart K of the Code of Federal Regulations, as may be amended or modified from time to time, which regulations are expressly incorporated herein by reference. In addition, Grantee is subject to the technical standards outlined in Exhibit D attached hereto.
- F. **Special Testing.**
 - 1. City shall have the right to inspect and test all construction or Installation work performed pursuant to the provisions of the Franchise. In addition, City may require special testing of a location or locations within the System as desired at any time during the term of this Franchise. Demand for such special tests may be made on the basis of complaints received or for routine verification of Grantee's compliance with FCC technical standards. City shall endeavor to so arrange its request for such special testing so as to minimize hardship or inconvenience to Grantee or to the Subscribers caused by such testing
 - 2. Before ordering such tests, Grantee shall be afforded thirty (30) days advance written notice. City shall meet with Grantee prior to requiring special tests to discuss the need for such and, if possible, visually inspect those locations which may be the focus of concern. If, after such meetings and inspections, City wishes to require special tests and the thirty (30) days have elapsed, the tests shall be conducted by Grantee at the party requesting such testing and may be observed by a qualified engineer agreed upon by the Grantee and City. Grantee shall participate

and cooperate in such testing and Grantee's employees shall be the only persons allowed to manipulate the plant for testing.

- G. **FCC Reports.** The results of any tests required to be filed by Grantee with the FCC shall, upon request of the City, also be filed with City or its designee within ten (10) days of the date of request.
- H. **Interconnection.** At the request of the City, Grantee shall make commercially reasonable efforts to interconnect with adjacent Cable Systems to facilitate the two-way distribution of PEG Access Channels and/or Institutional Network. All decisions regarding whether to interconnect and the terms and conditions of any such interconnect shall be a matter of agreement between the cable/video operators involved to include technical and financial feasibility.
- I. **Annexation.** Upon the annexation of any additional land area by the City, if the annexed area is not currently served by a cable operator it will be subject to the other provisions of this Section 4. If the annexed area is served by a cable operator, Grantee has the option to extend its Cable System to the newly annexed area if Grantee determines that it is economically feasible to do so. Upon the annexation of any additional land area by the City, the annexed area shall be subject to all the terms of this Franchise upon ninety (90) days of written notification by the City to Grantee. A cable operator other than Grantee whose Cable System already passes homes in an annexed area shall not extend its Cable System beyond those homes which it passes at the time the annexation occurs unless it otherwise obtains a franchise from the City.
- J. **Lockout Device.** Upon the request of a Subscriber, Grantee shall make available, by sale or lease, a Lockout Device allowing Channels on the System to be blocked.

Section 32. Description of System

- A. The Cable System shall be designed, constructed, routinely inspected, and maintained to guaranty the Cable System meets or exceeds the requirements of the most current additions of the National Electrical Code (NFPA 70) and the National Electrical Safety Code (ANSI C2).
- B. **General Requirements.** Grantee shall use equipment used in high-quality, reliable, modern Cable System of similar design.
- C. **General Description.** The Cable System shall provide Subscribers with a technically advanced and reliable Cable System. The System shall operate with the capability of delivering a minimum of one hundred fifty (150) Channels of programming. The design will provide the benefits of proven one hundred fifty (150) Channel electronics while positioning the System for expansion of Channel capacity as technology and future services develop.

- D. Technical Specifications. The system shall meet or exceed FCC requirements. In no event shall the System fall below the following standards:
1. The System shall be designed such that at a minimum all technical specifications of this Franchise Agreement are met.
 2. The System shall be designed such that no noticeable degradation in signal quality will appear at the Subscriber terminal.

Section 33. Extent of Grant of Franchise; Wireline System and Service.

- A. The Grantee shall have the right and privilege, subject to the permitting and other lawful requirements of City ordinance, rule or procedure, which does require a separate pole attachment agreement for attaching to any City owned poles, to construct, erect, and maintain, in, upon, along, across, above, over and under the Rights-of-Way in City a Cable System and shall have the right and privilege to provide Cable Service. The System constructed and maintained by Grantee or its agents shall not interfere with other uses of the Rights-of-Way. Grantee shall make use of existing poles and other above and below ground facilities available to Grantee to the extent it is technically and economically feasible to do so.
- B. Notwithstanding the above grant to use Rights-of-Way, no Right-of-Way shall be used by Grantee if City determines, in its sole discretion, that such use is inconsistent with the terms, conditions, or provisions by which such Right-of-Way was created or dedicated, or with the present use of the Right-of-Way.
- C. This Franchise shall be nonexclusive, and City reserves the right to grant use of said Rights-of-Way to any Person at any time during the period of this Franchise for the provision of Cable Service.
- D. The Grantee acknowledges and agrees that the City reserves the right to grant one (1) or more additional franchises or other similar lawful authorization to provide Cable Services within the City; provided, If the City enters into any such contract, license, agreement, or similar authorization with a cable or video system operator (without regard to the technology used to deliver such services), which is not an affiliate of Grantee, the terms of that contract, license or agreement shall be on substantially equivalent terms and conditions contained in this agreement or such terms and conditions equitably modified to reflect any differences between the License and any additional license, contract or agreement in terms of benefit to the respective cable or video system, including, but not limited to, such considerations as (i) length of term; (ii) extent of service area; (iii) system design and construction specifications; (iv) the payment of any franchise fees; (v) any payments for the support PEG access programming; (vi) any grants for capital equipment for PEG access programming; (vii) the provision of any service or service connections to schools or public buildings; (viii) the construction of an I-Net; and (ix) customer service standards. To the extent that the terms of the License are less favorable and more burdensome to the Grantee than those of the provision of such subsequent or additional license, contract, or agreement

when such terms are taken as a whole, the City, upon written request of the Grantee, after providing public notice, shall hold a public hearing to afford Grantee the opportunity to demonstrate the disparate nature of the terms of the additional license(s) and, following said hearing, the City shall take actions to rectify said differences, including, but not limited to, amending the additional license, contract, or agreement so that they are not on more favorable or less burdensome terms than the terms of the License or amending this License so that its terms are not less favorable or more burdensome than those of any additional license, contract, or agreement when taken as a whole. In devising an appropriate remedy, the City shall consider that, in certain instances, eliminating ongoing obligations after the implementing construction has been undertaken may be inadequate to provide meaningful relief.

- E. If the Grantor fails to make modifications consistent with this requirement, Grantee's Franchise shall be deemed so modified thirty (30) days after the Grantee's initial written notice. As an alternative to the Franchise modification request, the Grantee shall have the right and may choose to have this Franchise with the Grantor be deemed expired thirty (30) days after written notice to the Grantor. Nothing in this Franchise shall impair the right of the Grantee to terminate this Franchise under the terms of this Section and, at Grantee's option, negotiate a renewal or replacement franchise, license, consent, certificate or other authorization with any appropriate government entity.
- F. Notwithstanding any provision to the contrary, should any non-wireless facilities based entity provide Cable Service within the Franchise Area during the term of this Franchise without a Franchise granted by the City and the City has the legal authority under State and Federal law to impose a Franchise on such entity, then Grantee shall have all rights which may be available to assert, at Grantee's option, that this Franchise is rendered "commercially impracticable," and invoke the modification procedures set forth in Section 625 of the Cable Act.

Section 34. Term of Franchise.

This Franchise shall be in effect for a period of ten (10) years from the date of execution by City, unless sooner extended, renewed, revoked or terminated as herein provided.

Section 35. Franchise Renewal.

Any renewal of this Franchise shall be performed in accordance with Applicable Laws. The term of any renewed Franchise shall be limited to a period not to exceed ten (10) years.

Section 36. Amendment of Franchise Ordinance.

Grantee and City may agree, from time to time, to amend this Franchise. Such written amendments may be made subsequent to a review session pursuant to Section 7 or at any other time if City and Grantee agree that such an amendment will be in the public interest or if such an amendment is

required due to changes in federal, state or local laws; provided, however, nothing herein shall restrict City's exercise of its police powers.

Section 37. System or Service Expansion.

- A. Grantee shall construct and operate its Cable System so as to provide Service to any area of the City where the housing density is thirty (30) housing units or more per mile of cable plant. City Council may grant relief from this requirement for one or more unserved areas within the City if the Grantee provides an explanation acceptable to the City as to why a particular area can not be served.
- B. Where the density is less than that specified above, Grantee shall inform Persons requesting Service of the possibility of paying for Installation or a line extension and shall offer to provide them with a free written estimate of the cost, which shall be provided within fifteen (15) working days of such a request. The charge for Installation or extension for each Person requesting Service shall not exceed a pro rata share of the actual cost of extending the Service.
- C. Any residential and/or commercial unit located within one hundred twenty-five (125) feet of the Grantee's System shall be connected to the System at no charge other than the Standard Installation charge. Grantee shall, upon request by any potential Subscriber residing in City beyond the one hundred twenty-five (125) foot limit, extend Service to such Subscriber provided that the Subscriber shall to pay the net additional Drop costs.
- D. Under Normal Operating Conditions, if Grantee cannot perform Installation within the times specified in applicable customer standards, the Subscriber may request and is entitled to receive a credit equal to the charge for a Standard Installation. For any Installation that is not a free Installation or a Standard Installation, Grantee shall provide the Subscriber with a written estimate of all charges within seven (7) days of a request by the Subscriber. Failure to comply will subject Grantee to appropriate enforcement actions. This section does not apply to the introduction of new products and services when Grantee is utilizing a phased introduction.

Section 38. Occupational Tax.

- A. If the Grantee's office is not located in the City, the Grantee agrees to pay to the City an additional payment which shall be determined by multiplying the City's occupational tax rate by the wages of employees who work in the office and who do not pay the City occupational tax. The base wage used in calculating this payment shall be the same base wage used by the City in calculating its occupational tax.
- B. This payment shall be made on a quarterly basis. The City reserves the right to audit Grantee's books, if City deems it necessary.

Section 39. Franchise Fees.

- A. During the term of the Franchise, Grantee shall pay quarterly to City a Franchise Fee in an amount equal to five percent (5%) of its quarterly Gross Revenues or such other amount allowable by federal law.
- B. Any payments due under this provision shall be payable quarterly. The payment shall be made within forty-five (45) days of the end of each of Grantee's fiscal quarters together with a report showing the basis for the computation in form and substance substantially the same as Exhibit E attached hereto. In the event that a Franchise Fee payment or other sum due is not received by the City on or before the date due, or is underpaid, Grantee shall pay in addition to the payment, or sum due, interest from the due date at an annual rate of prime plus one percent (1%).
- C. All amounts paid shall be subject to audit and recomputation by City and acceptance of any payment shall not be construed as an accord that the amount paid is in fact the correct amount. In the event the City should conduct a review of Grantee's books and records pursuant to Section 7.6 of this Franchise and such review indicates a Franchise Fee underpayment of five percent (5%) or more in an annual period, the Grantee shall assume all reasonable documented costs of such audit and pay same upon demand by the City. City also agrees that an audit of Franchise Fees shall not be conducted more than for a latest five (5) year period from the date of the request by the City as per state law.
- D. Discounted Rates. If Grantee's Subscribers are offered what is, in effect, a discount for bundled services (i.e. Subscribers obtain Cable Services and some other, non-cable goods or services) then, for the purpose of calculated Gross Revenues, the discount shall be applied proportionately to cable and non-cable goods and services subject to the limitations of the billing system employed by Grantee, in accordance with the following example:

Assume a Subscriber's charge for a given month for Cable Service alone would be \$40, for local telephone alone would be \$30, and for high-speed service alone would be \$30, for a total of \$100. In fact, the three (3) services are offered in effect at a combined rate where the Subscriber receives what amounts to a twenty percent (20%) discount from the rates that would apply to a service is purchased individually (i.e. \$80 per month for all three (3) services). This discount (here, \$20) for Gross Revenue computation purposes would be applied pro rata so that Gross Revenues for Cable Service are deemed to be \$32 (\$40 less 20% of \$40). The result would be the same if the Subscriber received a \$20 discount for telephone service on the condition that he or she also subscribes to Cable Service at standard rates.

In no event shall Grantee be permitted to evade or reduce the applicable Franchise Fee payments required to be made to City due to discounted bundled services.

- E. Not Franchise Fees.

1. Grantee acknowledges and agrees that the Franchisee fees payable by Grantee to City pursuant to this section shall take precedence over all other payments, contributions, services, equipment, facilities, support, resources or other activities to be provided or performed by Grantee pursuant to this Franchise and that the Franchise Fees provided for in this section of this Franchise shall not be deemed to be in the nature of a tax, and shall be in addition to any and all taxes of general applicability and other fees and charges which Grantee shall be required to pay to City and/or to any other governmental authority, all of which shall be separate and distinct obligations of Grantee.
2. Grantee shall not apply or seek to apply or make any claim that all or any part of the Franchise Fees or other payments or contributions to be made by Grantee to City pursuant to this Franchise shall be deducted from or credited or offset against any taxes, fees or assessments or general applicability levied or imposed by City or any other governmental authority, including any such tax, fee or assessment imposed on both utilities and cable operators or their services.
3. Grantee shall not apply or seek to apply all or any part of any taxes, fees or assessments of general applicability levied or imposed by the City or any other governmental authority (including any such tax, fee or assessment imposed on both utilities and cable operators or their services) as a deduction or other credit from or against any of the Franchise Fees or other payments or contributions to be paid or made pursuant by Grantee to City under this Franchise which shall be deemed to be separate and distinct obligations of Grantee.

Section 40. Assignment, Transfer or Sale.

- A. The Franchise granted hereunder shall not be assigned, other than to an entity controlling, controlled by, or under common control with the Grantee, without the prior consent of the Grantor, such consent not to be unreasonably withheld or delayed. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Grantee in the Franchise or Cable System to secure indebtedness. Within thirty (30) days of receiving a request for transfer, the Grantor shall notify the Grantee in writing of any additional information it reasonably requires to determine the legal, financial and technical qualifications of the transferee. If the Grantor has not taken action on the Grantee's request for transfer within one hundred twenty (120) days after receiving such request, consent by the Grantor shall be deemed given.
- B. In no event shall a sale, transfer, corporate change, or assignment of ownership or control pursuant to subparagraph (a) or (b) of this section be approved without the transferee becoming a signatory to this Franchise and assuming all rights and obligations hereunder, and assuming all other rights and obligations of the Grantee to the City including, but not limited to, any adequate guarantees or other security instruments required by the City.

- C. No Franchise may be transferred if City determines Grantee is in noncompliance of the Franchise unless an acceptable compliance program as been approved by the City. The approval of any transfer of ownership pursuant to this section shall not be deemed to waive any rights of City to subsequently enforce noncompliance issues relating to this Franchise even if such issues predated the approval, whether known or unknown to City.

Section 41. Default of Franchise; Revocation, Termination or Cancellation of Franchise.

- A. In addition to all other rights which City has pursuant to law or equity, City reserves the right to commence proceedings to revoke, terminate or cancel this Franchise, and all rights and privileges pertaining thereto, if it is determined by City that after notice and an opportunity to cure as reordered herein;
1. Grantee has violated material provisions(s) of this Franchise and has not cured; or
 2. Grantee has attempted to evade any of the provisions of this Franchise; or
 3. Grantee has practiced fraud or deceit upon City.
- B. City may revoke this Franchise without the hearing otherwise required herein if Grantee is adjudged a bankrupt.

Section 42. Notice of Violation or Failure to Comply; Hearing.

- A. City shall provide Grantee with written notice of a Franchise violation consistent with Section 8 of this Franchise and shall allow Grantee thirty (30) days subsequent to receipt of the notice in which to correct the violation or to provide adequate assurance of performance in compliance with the Franchise.
- B. Should City determine to proceed with a revocation proceeding, Grantee shall be provided the right to a public hearing affording due process before the City Council prior to the effective date of revocation. City shall provide Grantee with written notice of its decision together with written findings of fact supplementing said decision.
- C. Only after the public hearing and upon written notice of the determination by City to revoke the Franchise may Grantee appeal said decision with an appropriate state or federal court or agency *de novo*.
- D. During the appeal period, the Franchise shall remain in full force and effect unless the term thereof sooner expires or unless continuation of the Franchise would endanger the health, safety and welfare of any Person or the public.

Section 43. Compliance and Performance Evaluations.

- A. City may require evaluation sessions at any time during the term of this Franchise upon fifteen (15) days written notice to Grantee.

- B. Topics which may be discussed at any evaluation session may include, but are not limited to, application of new technologies, System performance, programming offered, access Channels, facilities and support, municipal uses of cable, Subscriber rates, customer complaints, amendments to this Franchise, judicial rulings, FCC rulings, line extension policies and any other topics City deems relevant.
- C. As part of any periodic evaluation proceeding, the City shall have the right to visit and/or inspect the Grantee's headend facility, customer service center and any other facilities of Grantee whether or not located in the City to the extent such facilities are in any way related to Grantee's ability to provide Cable Services to the City.
- D. As a result of a periodic review or evaluation session, upon written notification from City, Grantee shall meet with City and undertake good faith efforts to reach agreement on changes and modifications to the terms and conditions of this Franchise which are both economically and technically feasible as measured over the remaining life of the Franchise.

Section 44. Specific Public, Educational, and Governmental Access Channel Rules for Grantee.

- A. Grantee shall provide to the City at its own expense:
 - 1. one dedicated twelve (12) hour public access channel; and
 - 2. one dedicated twelve (12) hour educational access channel; and
 - 3. one dedicated twelve (12) hour governmental channel.
- B. The requirements detailed in subsection (A) of this Section do not require either separate channels or a specific channel for the City, rather only sufficient channel capacity to accommodate the minimal requirements for PEG access, so long as there is no substantial or on-going scheduling conflict due to lack of capacity or available channel time. In the event there develops such a conflict, Grantee shall provide suitable capacity to alleviate such conflict within sixty (60) days notification.
- C. Both City and Grantee shall review use after every twenty-four (24) months, including the percentage of use of every PEG channel. At the end of each twenty-four (24) month period, the City shall evaluate the response and actual use of such channels.
