Subject: 8th Annual going blue for Autism and safety event

Hi there Mr. Shuman,

My name is Luanne Helms and I am the area coordinator for the Autism society of Alabama. We host a yearly event at the Lee County Courthouse Fountain on April 2 5:15-7:15. I've spoken with Matthew Battles and he gave me your email to get in touch about needing the parking lot on the back side of the fountain closed for the event. We are having a safety event with meet and greet and touch a truck with OPD, OFD and LCSO, and we really need that space closed off for space and safety purposes! Is this doable for us??

Thank you in advance!

Thanks so much!
Luanne

Mr. Shuman,

Attached is three different potential parade routes, one of which is the route from last year's parade. The parade would be held Friday, May 31st, 2019. Like last year it would be from 6:00pm-8:00pm, giving participants time for lineup and disbursement. We don't expect it to be much larger from last year so 25-30 participants. It will consist of floats, and walking groups. Please let me know if you need any further information.

Bob I have attached a map with red marking the streets we need blocked off for the April 26, 2019 Relay for Life. In the past the barricades are dropped off by the city and we put them in place just before we start the event. There are usually around 2,000 people here throughout the 12 hour period. The kick off is at 6:00 p.m. and the event ends at midnight.

Public Hearing, Vacate Right-Of-Way - Portion of West Point Pkwy & Anderson Rd

The Petitioner is requesting to vacate a 75-foot-wide portion of right-of-way located on the north side of West Point Parkway between Anderson Road and Exit 64. The right-of-way (ROW) was originally acquired by the Alabama Department of Transportation, but the City now maintains the ROW. A hotel was approved adjacent to the ROW and the 75 foot portion would be beneficial in the hotel development. The Engineering Department has no concerns with the proposed vacation because the remaining ROW (225 feet wide) will be sufficient for any growth or roadway expansion that could occur at this location. At the October 24th meeting, the Planning Commission (PC) voted 6 to 0 (one abstain) to send a positive recommendation to City Council to vacate a portion of the West Point Parkway right-of-way; a PC report and map are attached. At the November 17, 2017 CC WS meeting, the CC approved a public hearing for the vacation request.

City of Opelika

Planning Commission Report

Action Requested:	Vacation of Right-of-Way, northeast boundary of West Point Parkway and Anderson Road
Adjacent	Exit 64, LLC.
Location of Property:	Northeast corner of West Point Parkway and Anderson Road adjacent to Exit 64
Adjacent Land Use:	vacant (proposed hotel)
Current Zoning:	C2, GC
Surrounding Zoning Districts And Land Uses:	North: C-2, GC/Vacant South: C-2, GC/Vacant East: C-2, GC/Vacant West: C-2, GC/Vacant

Proposal:

The applicant is requesting the City of Opelika vacate a portion of the northern right-of-way located on West Point Parkway between Anderson Road and Exit 64. The right-of-way was originally acquired by the Alabama Department of Transportation. They typically acquire large swaths around interstate interchanges to allow for access control and future improvements. When the City of Opelika took over maintenance of West Point Parkway, the right-of-way came under the City's purview.

The applicant who previously was approved for a hotel located at this site is requesting that 75 feet of the right-of-way on the north side be vacated. This would leave 225 feet of right-of-way and 65 feet of from the edge of road to the property line on this side. The Engineering Department does not feel that vacating this right-of-way will diminish future City projects or utility of the road. The City would request ALDOT concur with the vacation of the right-of-way.

Staff recommends the Planning Commission send a positive recommendation to City Council to approve the vacation 75 feet on the northern side of West Point Parkway between Anderson Road and Exit 64.

At the October 24th meeting, the Planning Commission voted 6 to 0 (one abstain) to send a positive recommendation to City Council to vacate a

portion of the northern ROW of West Point Parkway subject to a 20-foot easement for Opelika Utilities (10 feet each way from the centerline of the water main) for a ten-inch water main in the subject area, and no structures, parking lots, or hardscape features shall be placed on this easement. A minimum of 36" of pipe cover shall remain over this pipeline.

Engineer's Report

D6. Petition to vacate northeast boundary of West Point Parkway and Anderson Road

The Engineering Department has no concerns with the proposed vacation of ROW because the remaining ROW will be sufficient for any growth or roadway expansion that could occur at this location. It is being requested that the applicant review the proposals with ALDOT because of the proximity to ALDOT maintained ROW to make sure there is no conflicts or concerns.

The Engineering Department recommends a positive recommendation to City Council for consideration of this R.O.W. vacation.

OPELIKA UTILITIES

D6. Petition to vacate northeast boundary of West Point Parkway and Anderson Road

Opelika Utilities currently, has in place a 16" water main in the subject location. Opelika Utilities will need a 20' easement, 10' each way from center line of water main. No structures, parking lots, or hardscape features shall be placed on this easement. A minimum of 36" of pipe cover shall remain over this pipeline.

Opelika Power Services

D6. Petition to vacate northeast boundary of West Point Parkway and Anderson Road

Opelika Power Services has no objections.

Upon transfer of ownership, death, disappearance and/or annual rabies vaccination of a guard dog, each guard dog service or owner shall immediately notify the city ACO. It shall be unlawful for any owner or person in charge of any dog to fail to keep the animal under effective restraint. Proof that a dog is not being properly restrained, whether or not on or off the premises of the owner or person in charge, shall be prima facie evidence of a violation. Negligent failure to provide or maintain effective restraint shall not be a defense. Competent evidence that the failure was occasioned by an unforeseeable and independent act of a third person shall shift the burden on the City to prove otherwise.

The registration number shall be prefixed by the letter "G." Each letter and number shall be at least one-quarter (¼) inch in height.

(2) Owners of guard dogs registered with the American Kennel Club or a similar organization may elect to have the tattoo placed in the dog's ear.

(c) **Maintenance of guard dog registration record.** The city shall maintain a guard dog registration record which shall contain all data required by this chapter. Upon transfer of ownership, death, disappearance and/or rabies vaccination of a guard dog, each guard dog service or owner shall immediately notify the city ACO. Upon receipt of the information, the appropriate entry shall be made in the guard dog registration record.

If the dog has disappeared, an entry should be made to reflect the location of such disappearance.

(e) Transportation of guard dog.

Proof that a dog is not being properly restrained, whether or not on or off the premises of the owner or person in charge, shall be prima facie evidence of a violation. Negligent failure to provide or maintain effective restraint shall not be a defense. Competent evidence that the failure was occasioned by an unforeseeable and independent act of a third person shall shift the burden on the City to prove otherwise.

(b) This section shall not apply to police dogs when such dogs are engaged by a law enforcement agency in an official capacity.

Sec. 4-44 Confinement of Dogs During Estrus (Heat).

If at any time the scent from a female dog in heat is found to be causing a disturbance to dogs in the neighborhood, it shall be the duty of the owner or person in charge of the dog to confine, immediately, the dog in such manner as to avoid a disturbance.

(b) It shall be unlawful for the owner or person in charge of any dog to fail to comply fully with this section.

Tethering shall not include using a leash to walk a dog.

The registration number shall be prefixed by the letter "G." Each letter and number shall be at least one-quarter (¼) inch in height.

The registration number shall be prefixed by the letter "G." Each letter and number shall be at least one-quarter (¼) inch in height.

(c) An impounded animal shall be held for at least seven (7) days including the day of impoundment, except a sick or injured animal which poses a threat to the safety of the personnel responsible for the care of such animal may be euthanized at the discretion of the impounding agency. The depositing of a letter of notification by first class U.S. mail shall constitute adequate notification of impoundment. The owner shall also be notified by phone, if possible. This section shall not apply to animals surrendered by the owner or an agent of the owner, in which case disposition may be made as provided in this chapter without notification or a holding period. At the expiration of the holding period, during which time a diligent attempt has been made to locate and contact the owner, the animal may be disposed of in a manner provided in this chapter.

(d) A registry shall be maintained by the impounding agency. The registry shall contain identifying characteristics of each animal impounded along with the location, date and reason of each pickup.

(e) For violations of this chapter, an owner may be subject to a written warning or such penalties as prescribed in this chapter, in addition to or in lieu of impoundment.

Sec. 4-142 Redemption and Disposition.

All animals which have been impounded in accordance with the provisions of this chapter may be disposed of as provided below:

- (1) Within the holding period, animals, except dangerous dogs, may be redeemed by the owner or his agent upon the payment of those fees or costs associated with the impoundment, as established by the city council. The owner entitled to possession of an impounded dog or cat which does not have the required rabies inoculation certificate and tag shall have such animal inoculated and shall present proof of the issuance of such certificate and tag to the ACO within ninety-six (96) hours of the release from impoundment.
- (2) If not redeemed within the holding period, animals may be disposed of by humane euthanasia.
- (3) Those animals which would otherwise be disposed of by euthanasia may be offered to state-chartered nonprofit humane organizations, rescue groups approved by the Director or veterinarians for the purpose of providing adoption of such animals. Fees and costs may be waived for the disposition of animals in this manner. All dogs and cats placed with this organization shall be vaccinated and sterilized before said organization offers each animal for adoption. The adopter may enter into a written agreement that sterilization will be performed within thirty (30) days or prior to the age of six (6) months. Written document must be returned to the organization by the adopter of said sterilization. Failure to comply with the requirements of this subsection within the specified time shall constitute a violation of this section, and the ACO shall have the right to impound the animal.
