4. Public Hearing - Demolition - 108 Ray Avenue.

Mr. Jones presented the public hearing. President Smith opened the public hearing and asked if anyone present would like to speak for or against said demolition. Diane Harris Preston spoke to the council and let them know that after receiving notice from the city of the impending demolition, the owners have taken the building down themselves. President Smith asked Ms. Preston if the debris had also been removed from the site. Ms. Preston stated they are still in the process of removing the debris themselves. President Smith asked if this would be something the

council would need to remove from the agenda or table. Mr. Gunter suggested tabling the resolution for two weeks. Ms. Preston then asked a question about a concrete porch left over and asked Mr. Kappelman if he would be who she needed to see about that. President Smith answered by stating they would have Mr. Kappelman take a look at that, and later on in the agenda there would be a resolution they would table, at the pleasure of the council, and Mr. Kappelman would report back on if any action would need to take place in two weeks. President Smith closed the public hearing.

2. Resolution 065-21 Change Orders for Furniture Contracts Related to New Library - LIB.
 Ms. Norris asked about the difference between the bidding process and state contracts related to the purchase and the benefit of doing it one way or the other. Mr. Gunter answered that the state contracts are where the state bids the items out statewide, and usually gets a very good price for the items, and any city or county can use the state contracts to purchase items. Mr. Gunter also

explained that if the city did not use a state contract for the purchase and the amount exceeds \$15,000, the items must go out for bid. Ms. Norris then asked what the advantage would be, besides taking the time to send out the bids to all the separate vendors, and if the amount would be the same. Mr. Gunter answered it would not necessarily be the same amount based on the bids received and there may be higher prices with the bids. Mr. Gunter also stated that generally the state is dealing in bulk amounts and usually gets the best price on items that way, also a lot of the city's contracts are state contracts due to that. Ms. Norris then stated one of the advantages is to prevent the city from going over budget and Mr. Gunter agreed by stating if it was bid locally it could go over budget. President Smith added that the amount of the furniture was originally projected for \$501,000 and the state contracts totaled to be \$499,000 and some change, so the actual cost is below what was projected due to the state contracts.

Proclamation for "Cancer Doesn't Take a Holiday!" week and "Relay for Life Day".

From the Governing Body
of
Opelika, Alabama

Proclamation

WHEREAS, cancer is a group of diseases characterized by uncontrolled growth and spread of abnormal cells which, if not controlled, can result in death; and

WHEREAS, The American Cancer Society's research program was founded in 1946 and has invested \$5.0 billion in cancer research since that time; and

WHEREAS, Scientists supported by the American Cancer Society have made great contributions in establishing links to cancer, found effective tests to detect cancer early, and have developed successful treatments for many cancers; and

WHEREAS, the success of the Society's research program is exemplified by the fact that 38 Nobel Prize winners received grant support from the American Cancer Society before they were awarded the prize; and

WHEREAS, the American Cancer Society is a voluntary community-based health organization dedicated to eliminating cancer as a major health problem; and

WHEREAS, Due to COVID 19, Lee County is hosting a Drive-By Relay for Life Event, which is a "Celebration of Life" event that honors those who have survived Cancer and remembers those who fought the good fight and left us all with a valuable legacy to carry on in their name.

NOW, THEREFORE, I Gary Fuller, Mayor of Opelika, Alabama, do hereby proclaim the week of April 26-30, 2021 as "***Cancer Doesn't Take a Holiday!***" Week in the City of Opelika and encourage everyone to display their support for Relay for Life and the American Cancer Society by placing purple bows on their doors.

I ALSO DECLARE Friday, April 30, 2021, as "***RELAY FOR LIFE DAY***" in the City of Opelika and encourage all citizens to wear purple in support of the American Cancer Society's war against Cancer, and in celebration of life and victory over this disease.

IN WITNESS, WHEREOF, I have hereunder set my hand and caused the seal of Opelika, Alabama, to be affixed this the 20th day of April 2021.

MAYOR'S REMARKS (ID # 4614)

DOC ID: 4614

Proclamation for National Crime Victims' Rights Week.

From the Governing Body of
Opelika, Alabama

Proclamation

WHEREAS, being a victim of crime and navigating the criminal justice system can be a frightening and confusion experience: and

WHEREAS, progress in improving the treatment of crime victims has been made through the efforts of thousands of victims and survivors who have turned their own experiences into a force for positive change, ensuring that others can receive justice, meaningful assistance, and compassionate treatment before the law; and

WHEREAS, since the passage of the Victims of Crime Act of 1984, and through the dedicated work of advocates, lawmakers, and victim service providers, there is a growing array of services and resources available to victims and their loved ones, and

WHEREAS, honoring the rights of victims – including the rights to be heard and to be treated with fairness, dignity, and respect – and working to meet their needs rebuilds their trust in the criminal justice and social service systems; and

WHEREAS, individuals' trust in the compassion, understanding, and support of their communities is achieved through sustained, deep-rooted, and coordinated outreach; and

WHEREAS, identifying, reaching, and serving all victims of crime – especially those from groups that often have less access to healing services and avenues to justice – is essential; and

WHEREAS, our community's continued engagement with the challenges faced by victims of crime will ensure that the progress made to date is not lost, and that new ground is broken to gain greater justice and healing for all victims; and

WHEREAS, *National Crime Victims' Rights Week, April 18 – 24, 2021* provides an opportunity to recommit ensuring that accessible, appropriate, and trauma-informed services are offered to all victims of crime.

NOW, THEREFORE, I, Gary Fuller, Mayor of the City of Opelika, is dedicated to supporting victims and survivors in the aftermath of crime, building trust among our community; collaborating with other service providers, and engaging our community in response efforts.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of Opelika, AL to be affixed this the 20th day of April 2021.

Proclamation for Knee High Foundation, Inc.

From the Governing Body
of
Opelika, Alabama

Proclamation

WHEREAS, the Knee High Foundation, Inc. (the “Foundation”) is a privately funded non-profit organization dedicated to mentoring, serving and uplifting the youth of our community; and

WHEREAS, since its inception in 2017, the Foundation has inspired youth groups by emphasizing appropriate values, morals, ethics, and life skills ; and

WHEREAS, the Foundation’s two focal points in the community have been its travel and cheer programs (Opelika Dawg Pound); and

WHEREAS, the Foundation has contributed to our community in many ways, including sponsoring the annual Dawg Pound bookbag giveaway and the adopted Veterans Nursing Home program, providing turkeys to low-income families during the holidays, providing gift baskets to cancer survivors, assisting tornado victims, and providing volunteers for the Salvation Army.

NOW, THEREFORE, I, Gary Fuller, Mayor of the City of Opelika, Alabama by the authority vested in me and on behalf of the entire City Council, do hereby honor and recognize The Knee High Foundation for its contributions to the youth of the City of Opelika and commend its leaders and volunteers for their contributions to the success of the Foundation.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements herein contained, the parties hereto, intending to be legally bound, hereby agree as follows:

1. Grant of License. The Board hereby grants the City, upon the terms and conditions hereinafter expressed, a license to use those areas of the campus described in Exhibit “A” hereto, (the “Authorized Areas”) including rights of ingress and egress for the City’s Independence Day exhibition and display to be held on July 3, 2021. The City and its contractor may begin setup July 2, 2021. The City shall employ a licensed pyrotechnic operator to supervise, manage and direct the discharge of outdoor display fireworks.

2. Covenants of the City. The City hereby covenants with the Board:

- a. To obtain all necessary permits and licenses, pay all charges and fees, and give all notices necessary and incidental in connection with the event.

- b. To review the display site conditions in advance of the event and correct any deficiencies.
- c. To police, monitor and appropriately control the behavior of spectators attending the event.
- d. To provide adequate police protection, roping, fencing and/or other fire control measures.
- e. To clean up all debris in Authorized Areas after the conclusion of the event.
- f. To take all reasonable precautions to protect against bodily injury or property damages that may occur in connection with the event.

3. Indemnification. The City hereby agrees to indemnify and save the Board harmless from and against all claims, costs, liabilities, damages, and expenses, (including, but not limited to, reasonable attorney's fees) arising directly out of or in connection with

- a. Any negligence, omission, fault, strict liability or product liability in connection with the event;
- b. Any failure of the City or its contractor to comply with any applicable law, ordinance, rule, regulation, order, license, permit, and other requirement now or hereinafter in effect, of any governmental authority; or
- c. Any breach of or default under this Agreement by the City.

4. Governing Law. This Agreement shall be interpreted, construed and enforced in all respects in accordance with the laws of the State of Alabama.

5. Entire Agreement. This Agreement contains the entire Agreement of the parties and all representations, agreements and statements made previously by any party to the other, except as set forth herein, are null and void.

6. Successors and Assigns. This Agreement shall inure to the benefit of and be binding upon the successors and assigns of the parties hereto.

7. Amendments. This Agreement constitutes the full and complete agreement between the parties hereto. It may, however, be amended in writing by mutual agreement of the parties hereto.

IN WITNESS WHEREOF, the undersigned authorized officials of the parties have hereunto set their hands on the day and year first above written.

WHEREAS, the President of the City Council of the City of Opelika presided over said public hearing and opened the floor for comments from the public and any persons interested in the real property located at 108 Ray Avenue, Opelika, Alabama; and

WHEREAS, the City Council has considered all of the evidence and other matters in relation to said alleged public nuisance.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Opelika, as follows:

1. The City Council hereby finds and determines that the building or structure located at 108 Ray Avenue, Opelika, Alabama, Parcel I.D. Number: 43-10-03-08-3-000-064.000, is unsafe to the extent that it creates a public nuisance to the citizens of Opelika, Alabama, and is due to be condemned and demolished in compliance with §§11-40-30 through 11-40-36 and §§11-53B-1 through 11-53B-16, inclusive of the *Code of Alabama*, and Ordinance No. 116-15 of the City of Opelika, Alabama, which Ordinance is codified at Sections 5-221 through 5-238, inclusive of the *Code of Ordinances* of the City of Opelika, Alabama. The property referred to above is more particularly described as follows:

Lots 3A and 3B of Block 238, according to and as shown by Totten's Official

Real Estate Map of Opelika, Alabama, 1930. Said property fronting Ray Street in Opelika, Alabama.

Also being further described as Parcel Number 43-10-03-08-3-000-064.000, according to records maintained in the Lee County Revenue Commissioner's Office.

2. The Mayor is hereby authorized and directed to cause said building or structure to be demolished and removed after the expiration of twenty (20) days from the date of this resolution if an appeal has not been taken to the Circuit Court. The demolition may be accomplished by the municipality by the use of its own forces, or it may be provided by contract for the demolition. The municipality may sell or otherwise dispose of salvaged materials resulting from the demolition. All employees, contractors and duly authorized agents of the City are authorized to enter upon said property for said purpose.

3. Any person aggrieved by the decision of the City Council may, within ten (10) days hereafter, appeal to the Circuit Court upon filing with the Clerk of the Court notice of appeal and a bond for security of costs in the form and amount approved by the Circuit Clerk.

4. Upon the demolition and removal of said building or structure, the Building Official shall make a report to the City Council of the cost. The City Council shall thereafter adopt a resolution fixing the costs which it finds were reasonably incurred in the demolition and removal of said building or structure and assess the costs against said property. The proceeds of any monies received from the sale of salvaged materials from the building or structure shall be used or applied against the cost of the demolition and removal. The fixing of costs by the City Council shall constitute a special assessment against the lot or lots, parcel, or parcels of land upon which the building or structure was located and shall constitute a lien on the property for

the amount of the assessment.

5. The City Clerk is hereby directed to mail, by certified mail, a copy of this resolution to the owners and lien holders of the property as the information appears on the records of the office of the Tax Assessor and in the Office of the Judge of Probate of Lee County, Alabama.

WHEREAS, Opelika Main Street is installing approximately ten (10) historic plaques on the exterior of historic buildings in downtown Opelika modeled after a similar program in Rome, Georgia. The plaques will include the original use/name of the building's history. Opelika Main Street's goal is to have plaques installed on all downtown buildings that are on the National Register of Historic Places; and

WHEREAS, Ward 1 Councilman George Allen, President Pro Tem and Ward 2 Councilwoman Erica Norris, Ward 3 Councilman Robert Lofton, City Council President and Ward 4 Councilman Eddie Smith and Ward 5 Councilman Todd Rauch wish to appropriate \$100 each for each project (for a total of \$200 each) from their respective discretionary funds to Opelika Main Street in order to assist with the two projects.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Opelika, Alabama, as follows:

1. That the City Council hereby approves a special appropriation in the amount of \$1,000.00 to Opelika Main Street to assist with the outdoor sculpture exhibition and the installation of plaques on downtown historic buildings.
2. That the Mayor and the Controller are hereby authorized to transfer the sum of \$200.00 each from the respective discretionary fund accounts of George Allen, Ward 1, Erica Norris, Ward 2; Robert Lofton, Ward 3; Eddie Smith, Ward 4 and Todd Rauch, Ward 5.
3. That the City Council hereby declares and determines that the expenditure of said funds will serve a public purpose by making cultural artifacts available to the public and by promoting the preservation of historic buildings in the downtown historic district.
4. That the Mayor and the Controller are hereby authorized and directed to make all necessary accounting and budgetary entries to carry into effect the intent of this Resolution.
5. That the City Clerk is hereby authorized to process the necessary paperwork so that a check in the amount of \$1,000.00, payable to Opelika Main Street can be prepared and mailed.
6. That this Resolution shall take effect upon its passage and adoption by the City Council.

Opelika High School Project Graduation 2021

Plans are now underway for this year's Opelika High School Graduation Celebration. As in past years, the success of Project Graduation is dependent upon the support of parents, friends, and businesses in our community. Each graduating senior will have the opportunity to create memories of a lifetime at an alcohol and drug-free graduation environment. The celebration will include refreshments, games, entertainment, and prizes.

As you can imagine, the costs of this type of event can be tremendous. Through donations and gifts of individuals and corporations like you, we have been successful in preventing the tragic and needless loss of life to an alcohol and drug related accident on graduation night. **Because of this, you have our heartfelt gratitude for your continued support!**

If you wish to make a cash donation, any other contribution, or would like more information, please fill out and mail the attached form to us. We are so thankful to be able to celebrate with the Class of 2021; however, graduation is near, and we need your commitment now to make successful plans accordingly. Join with us in making Project Graduation 2021 the best one ever!

On behalf of the 2021 Senior Class of Opelika High School, we would like to thank you for any assistance that you can give. *"This is only their beginning...towards greatness" ~CH*

ORDINANCE NO. (ID # 4617)

Stormwater Ordinance Revision to Meet New ADEM Requirements - 1st Reading.

ORDINANCE NO. _____

**ORDINANCE AMENDING ARTICLE IV OF CHAPTER 7 OF THE
CODE OF ORDINANCES OF THE CITY OF OPELIKA, ALABAMA**

WHEREAS the regulation of stormwater run-off discharge from land development activities in order to control and minimize increases in stormwater run-off rates and volumes, soil erosion, stream channel erosion and non-point source pollution associated with stormwater run-off is in the public interest and will minimize threats to the public health and safety; and

WHEREAS regulation by means of post-construction performance standards and wastewater management will produce development compatible with the natural functions of a particular site or on an entire watershed and thereby mitigate the adverse effects of erosion and sedimentation from development; and

WHEREAS the City Council finds and determines that it is necessary to amend Article IV of Chapter 7 of the *Code of Ordinances* relating to post-construction stormwater management.

NOW, THEREFORE, BE IT ORDAINED, by the City Council of the City of Opelika, Alabama, as follows:

Section 1. Amendment to Section 7-102. That Section 7-102 of the *Code of Ordinances* (the “Code”) is hereby amended by adding the following definitions in the appropriate alphabetical order:

“City” shall mean the City of Opelika, Alabama.

“Maintenance Agreement” or “Stormwater Maintenance Agreement” shall mean a

legally recorded document that acts as a property deed restriction, and which provides for longer term maintenance of storm water management practices.

“New Development” shall mean a land development project undertaking on a previously undeveloped or unimproved site.

“Owner” shall mean the legal or beneficial owner of a site, including but not limited to, a mortgagee or vendee in possession, receiver, executor, trustee, lessee or other person, firm or corporation in control of the site.

“Person” shall mean, except to the extent exempted from this article, any individual, partnership, firm, association, joint venture, public or private corporation, trust, estate, commission, board, public or private institution, utility, cooperative, city, county or other political subdivision of the state, any interstate body or any other legal entity.

“Re-Development” shall mean the expansion, renovation, rebuilding, demolition and construction or other further improvement of any previously improved tract, lot or parcel of land, or combination of contiguous tracts, lots or parcels of land which are in one ownership, or which are owned by one or more parties, are proposed or planned as a valid subdivision, or project. “Previously improved” includes, but is not limited to, the prior placement, construction, and/or demolition of buildings, roadways, sidewalks, parking areas and other areas of concrete, asphalt, gravel, packed gravel or other material on the subject tract(s), lot(s) or parcel(s).

“Site” shall mean the parcel of land being developed, or the portion thereof, on which the land development project is located.

“Stormwater Management Facilities” shall mean constructed or natural components of a stormwater drainage system, designed to perform a particular function, or multiple functions, including, but not limited to pipes, swells, ditches, canals, wetlands, culverts, street gutters, detention basins, floodplain areas, retention basins, constructed wetlands, infiltration devices, catch basins, oil/water separators, sediment basins, natural and modular pavement.

“Stormwater Management System” shall mean the system of roadside drainage, roadside curbs and gutters, curb inlets, swales, catch basins, manholes, gutters, ditches,

pipes, lakes, ponds, sinkholes, channels, creeks, streams, storm drains, post-construction work practices and similar conveyances and facilities, both natural and manmade, located on the development site which are designated for use collecting, storing or conveying storm water, or through which storm water is collected, treated, stored or conveyed, whether owned by the authority or other person.

“Stormwater Management Plan” or “Plan” shall mean a written, detailed set of documents, narratives and maps containing the proposed design, design calculations, construction specifications, affidavits and reports of the individual and collective water drainage systems and post-construction stormwater practices on a specific, proposed land development subject to this article.

Section 2. Amendment to Section 7-104. That Section 7-104 of the Code shall be amended to read as follows:

Sec. 7-104 Post-construction requirements for new development and re-development

(a) The developer, landowner, or authorized representative shall develop and implement post-construction strategies for new development and redevelopment that include, at a minimum, a combination of structural and/or non-structural BMPs designed to require, to the maximum extent practicable, that the volume and velocity of predevelopment stormwater runoff is not significantly exceeded as determined by the authority. Said combination of post-construction strategies shall be designed to function during a rainfall with intensity up to that of a two (2) year twenty-four (24) hour storm event. This section shall require that responsible maintenance be performed, and the responsibility is assigned to the entity that develops, owns, or manages said grounds and is transferable to the next owner, tenant, or entity or HOA for responsible perpetual care. The developer or landowner is prohibited from removing, relocating or modifying the storm water facilities located on the property without the prior approval from the City. This includes all structures, improvements, vegetation, pipes, channels or other appurtenances built as part of design and function to treat stormwater before it leaves said property. The authority shall be provided a legally enforceable agreement that assigns permanent responsibility for post BMP maintenance of structural or treatment control management practices.

(b) Prior to the issuance of a permit, the developer or landowner shall

prepare and submit to the authority a post-construction stormwater management plan (the “Plan”) showing in general, how post-construction stormwater runoff will be managed on the development site. Post-construction strategies/plan may be incorporated into permittee's BMP plan filed with the authority or in a separate document. Said post-construction strategies/plan shall be reviewed, approved, and updated pursuant to the same requirements as those of the permittee's BMP plan. The preliminary or initial plan shall include strategies for post-construction inspection, operation, and maintenance and shall be incorporated into permittee's pre-project approval, with a statement of inspection/maintenance responsibilities that are transferable to subsequent owners, operators, or HOA who will be responsible for perpetual maintenance.

(c) Permittee's post-construction strategies/plan must show proposed final site conditions and describe how the volume and velocity of stormwater leaving the site will be managed after construction is complete to require, to the maximum extent practicable, that it does not significantly exceed the volume and velocity of pre-construction stormwater runoff.

Before a developer/owner/entity shall give/transfer or legally hand over day-to-day maintenance or operations of roadways, sidewalks common areas, detentions or stormwater device(s), the active performance security and maintenance bond(s) shall cover incomplete items stated above. This stipulation is also enforced in the Opelika Subdivision Regulations. This Performance Security shall be 125% of the actual cost of the remaining items as determined by a certified and/or licensed professional for a term of two years.

(d) Upon completion, permittee shall file with the authority a certified copy of as-built drawings of any permanent post-construction practices implemented at the site. Such filing shall demonstrate, to the maximum extent practicable, that final post-construction site conditions comply with subsection (a). The authority may also require permittee to provide a method of funding to be established or provided to ensure the long-term maintenance of any post-construction BMPs.

(e) Maintenance of all stormwater facilities shall be ensured to the creation of a formal maintenance agreement that must be approved by the authority and recorded in the Lee County Probate Office. The maintenance agreement shall include the following information:

(1) Identification by name or official title. The person(s) for responsible for carrying out the annual inspection and maintenance.

- (2) A statement containing the responsibility for maintenance of the stormwater management system unless assumed by the authority.
- (3) A provision stating that, if portions of the development site are sold or otherwise transferred, legally binding arrangements shall be made to pass responsibility for the operation and maintenance of the stormwater management system to the appropriate successors in title; these arrangements shall designate for each portion of the stormwater management system the person(s) to be permanently responsible for inspection and maintenance.
- (4) A maintenance schedule stating when and how often routine inspection and maintenance will occur to ensure proper function of the stormwater management system.
- (5) Plans for annual inspections to ensure proper performance of the stormwater management system between scheduled maintenance activities.
- (6) The agreement shall provide for access to the stormwater management system and the land it serves at reasonable times for **annual** periodic inspection by the authority or authority's designee and for regular or special assessments of property owners to ensure the stormwater management system is maintained in proper working order to meet the authority's stormwater requirements.

If the responsible party named in the recorded maintenance agreement is a homeowner's association or other owner's association, such as a unit owner's association, the responsible party shall submit to the authority a copy of a recorded declaration that provides:

- (1) That the stormwater management practices are part of the common elements of the development site and shall be subject to the requirements of the stormwater management system maintenance agreement and annual inspection plan.
- (2) That membership in the association shall be mandatory and automatic for all homeowners or unit owners of the development site and their successors.
- (3) That the association shall have a lien authority to ensure collection of all dues from members.
- (4) That the requirements of the maintenance agreement and plan shall receive the highest priority for expenditures by the association except for any other expenditures that are required by law to have a

higher priority.

(5) That a separate fund shall be maintained by the association for the routine maintenance, reconstruction and repair of the stormwater management system and kept in an account insured by the Federal Deposit Insurance Corporation or another entity acceptable to the authority.

(6) That the routine maintenance, reconstruction and repair fund shall contain at all times the dollar amount reasonably determined from time-to-time by the authority to be adequate to pay for the probable reconstruction and repair cost (but not routine maintenance cost) of the stormwater management system for a three-year period.

(7) That to the extent permitted by law, the association shall not enter into voluntary dissolution unless responsibility for the stormwater management system is transferred to an appropriate successor. The permittee shall require the developer/owner/operator to keep records of post-construction BMP inspections, maintenance activities for a period of five (5) years and make them available to the authority upon request.

Section 3. Amendment to Section 7-104.1. That Article IV of the Code is hereby amended by adding Section 7-104.1, which section shall read as follows:

Sec. 7-104.1 Existing locations and developments.

(a) Requirements for all existing locations and developments. The following requirements shall apply to all locations and developments in which land disturbing activities have occurred subsequent to the enactment of this article.

(1) Denuded areas must be vegetated or covered under the standards and guidelines specified in the BMP Manual and on a schedule acceptable to the authority.

(2) Cuts and slopes must be properly covered with perennial or permanent vegetation and/or retaining walls constructed.

(3) Drainage ways shall be properly covered in vegetation or secured with rip rap, channel lining, etc., to prevent channel or outfall erosion.

(4) Trash, junk, rubbish, etc., shall be cleared from drainage ways

(5) Stormwater run-off shall be controlled to prevent pollution of local waters. Current control measures may include, but are not limited to the following:

(i) Ponds.

- (a) Detention pond
 - (b) Extended detention pond
 - (c) Wet pond.
 - (d) Alternative or underground storage methods.
- (ii) Constructed wetlands.
- (iii) Infiltration System.
 - (a) Infiltration/percolation trench
 - (b) Infiltration basin.
 - (c) Drainage (recharge) well.
 - (d) Porous pavement.
- (iv) Filtering Systems.
 - (a) Bioretention area/rain garden
 - (b) Catch basin insert/media filter.
 - (c) Sand filter.
 - (d) Filter/absorption bed
 - (e) Filter and buffer strips.
- (v) Open Channel:
 - (a) swales, diversions.

(b) Requirements for existing problem locations. When the authority becomes aware of a problem location, the authority shall, in writing, notify the owners of existing locations and developments of specific drainage, erosion or sediment problems affecting such locations and developments and the action required to correct those problems. The notice shall also specify reasonable time for compliance.

(c) Inspection of existing facilities. The authority may, to the extent authorized by state and federal law, establish inspection programs to verify that all stormwater management facilities, including those built before as well as after the adoption of this article, are functioning within design limits. These inspection programs may be established on any reasonable basis, including but not limited to: routine inspections; random inspections; inspections based on complaints or other notice of possible violations; inspection of drainage basins

or areas identified as higher than typical sources of sediment or other contaminants or pollutants; inspections of businesses or industries of a type associated with higher than usual discharges of potential contaminants or pollutants or with discharges of a type which may more likely than the typical discharge to cause violations of the authority's NPDES stormwater permit and joint inspections with other agencies inspecting under environmental or safety laws. Inspections may include but are not limited to, reviewing maintenance and repair records; sampling discharges, surface water, groundwater and material or water drainage control facilities; and evaluating the condition of drainage control facilities and other BMPs.

(d) Correction of problems subject to appeal. Corrective measures imposed by the authority under this section are subject to appeal.

Section 4. Amendment to Section 7-105. That Section 7-105 of the Code shall be amended to read as follows:

Sec. 7-105. - Inspections.

(a) As described in the current Opelika SWMP, all stormwater management facilities must undergo, at a minimum, an annual inspection to document maintenance or repair needs to ensure that post-construction BMP's are functioning as designed. The permittee must carry out all applicable inspection requirements set out in ADEM's applicable regulations and NPDES construction general permit. The permittee shall require the developer/owner/operator to keep records of post-construction BMP inspections, maintenance activities for a period of five (5) years and make them available to the authority upon request.

(b) The authority or its designated agent retains the right to enter property upon which any land disturbing activities are being conducted to carry out its own inspections, investigations, monitoring, observations, sampling, enforcement, and/or to address any complaint. Furthermore, the authority or its designated agent retains the right to enter property upon which any post-construction strategies have been implemented pursuant to the requirements of this article to carry out its own inspections, investigations, monitoring, observations, sampling, enforcement, and/or to address any complaint in ascertaining whether practices are maintained. Prior to conducting any of the aforementioned activities, the representative(s) of the authority will notify the permittee or an authorized representative at the site, of their presence and anticipated activities on the site. The authority will conduct any such inspection activities at reasonable times, provided however that if the authority has reasonable cause to believe that discharges from land disturbing activities to the MS4 may cause an imminent threat to human health or the environment, inspection of a site may take place at any time and without notice to the

permittee, or an authorized representative at the site.

Whenever information from a permittee, site owner, and/or an authorized representative at a site is requested by the authority, said parties may identify certain documents, materials, and/or processes that contain trade secret(s), the inspection of which could potentially jeopardize such trade secret. If the authority has no clear and convincing reason to question the proprietary assertion, omission of such materials, documents and/or processes will be noted by the authority. To the extent practicable, the authority will protect all information which is designated as a trade secret by the permittee, site owner or an authorized representative.

(c) The authority may seek appropriate legal remedies from any court with competent jurisdiction over the site for any wrongful refusal by a permittee, site owner, and/or authorized representative to allow the authority to enter and/or continue an inspection on a site. If a court grants a remedy to the authority, the site owner must reimburse the city all costs and expenses incurred in obtaining such a remedy.

Section 5. Amendment to Section 7-106. That Section 7-106 of the Code shall be amended to read as follows:

Sec. 7-106. - Post-Construction Maintenance and Integrity.

- (a) It shall be the responsibility of the owner(s) of land developments to:
 - (1) at all times operate and maintain individual and collective stormwater drainage systems and post-construction stormwater practices located on their land development, whether or not such systems and practices are identified on the property's plat, in proper and functional condition as defined by the approved stormwater management plan.
 - (2) at all times protect said systems and practices from alteration that adversely impacts their function as indicated by the approved stormwater management plan.
 - (3) perform corrective actions when conditions that can or do occur adversely impact the function of said system and practices, whether said actions are undertaken voluntarily by the owner or required by the City Engineer.
 - (4) keep records of maintenance activities for a period of at least five
 - (5) years and make them available to the City Engineer upon request.
 - (5) take all reasonable steps to remove, to the maximum extent practicable, pollutants deposited off-site or in an MS4 conveyance structure.
- (b) Removal of said systems and practices or the alteration in any way that

adversely impacts their approved function and performance standard, without the prior approval of the City Engineer, is expressly prohibited.

(c) The responsibilities stated herein shall continue for the owner(s) of land developments until such time as ownership of the property is transferred upon which these responsibilities are immediately transferred to the subsequent owner.

Section 6. Amendment to Section 7-107. That Section 7-107 of the Code shall be amended to read as follows:

Sec. 7-107. Enforcement, Generally

(a) This article authorizes the following stormwater and non-stormwater discharges: Discharges authorized by, and in compliance with, any separate NPDES permit, discharges from fire-fighting activities; fire hydrant flushing's; waters used to wash vehicles where detergents are not used; water used to control dust; potable water including uncontaminated water line flushing's not associated with hydrostatic testing; routine external building wash down associated with construction that does not use detergents; pavement wash waters where spills or leaks of toxic or hazardous materials have not occurred (unless all spilled material has been removed) and where detergents are not used; uncontaminated air conditioning or compressor condensate associated with temporary office trailers and other similar buildings; uncontaminated ground water or spring water; foundation or footing drains where flows are not contaminated with process materials such as solvents; and landscape irrigation. Furthermore, the use of non-phosphate soap is required by the authority.

(b) All discharges not explicitly authorized by this article are prohibited. Any discharge to the MS4 made in violation of this article or of any condition of a permit issued pursuant to this article shall be subject to correction and/or abatement in accordance with applicable law.

(c) The state's phase II MS4 NPDES permit allows the authority to rely upon ADEM for the enforcement of certain violations of this article. The authority hereby expresses its intent to rely upon ADEM for enforcement of violations of this article, as allowed [in] the state's phase II MS4 NPDES if and only if the enforcement by the authority becomes futile and a not effective method of resolving a violation of the current ordinances, and thus agrees to promptly notify ADEM upon observing evidence of any known or suspected violations. Furthermore, no enforcement action will be taken by the authority for a violation of the terms of this article if any of the following has occurred:

(1) ADEM has issued a notice of violation with respect to the same alleged violation and is proceeding with an enforcement action with respect to such alleged violation.

(2) ADEM has issued an administrative order with respect to the same alleged violation and is proceeding with an enforcement action with respect to such violation; or

(3) ADEM has commenced, and is proceeding with, an enforcement action, or has completed any other type of administrative or civil action, with respect to such alleged violation.

Any determination or resolution made by ADEM with respect to an alleged violation shall be final, and the alleged violation will not be made the subject of any additional enforcement action by the authority for any alleged violations of this article and/or provisions of any permit issued pursuant to this article. However, for violations that have not been appropriately corrected and/or abated pursuant to ADEM's enforcement action, an enforcement action may be pursued by the authority.

(d) Notwithstanding any other provision in this article to the contrary, in the event of an immediate threat to the public health or welfare, the authority may take all appropriate measures to remove or alleviate such threat.

(e) In the event of any accidental discharge of a hazardous substance or a significant spill of a hazardous substance to the MS4 which could constitute a threat to human health or the environment, the permittee of the site shall give notice to the authority and the local emergency management authority in the same manner and within the same time as is required by state regulations for notice to ADEM.

Absent a compelling public interest to the contrary, it shall not be a defense for the permittee in an enforcement action that it would have been necessary to halt or reduce the business or activity of the site, or any project or facility thereon, to maintain water quality and minimize any adverse impact that the discharge may cause.

(f) Whenever the authority finds that any person is in violation of any provision of this article and fails to take corrective action within the specified time, the authority may proceed with the following enforcement action:

(1) *Stop-work order, revocation of local approvals.* No person shall

construct, enlarge, alter, repair, or maintain any grading, excavation, or fill, or cause the same to be done, contrary to or in violation of any terms of this policy. In the event that any person holding a permit or approval pursuant to this policy violates the terms of the permit or implements site development in such a manner as to materially adversely affect the health, welfare, environment, or safety of persons residing or working in the neighborhood or development site so as to be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood, the authority may suspend or revoke the said approval.

(2) *Compliance order.* When the authority finds that any person has violated, or continues to violate, this article, it may issue a compliance order to the violator, directing that, within a specified time period, adequate structures and devices be installed, or procedures implemented, and properly operated, or other action be taken, to remedy such violation. Compliance orders may also contain such other requirements as may be reasonably necessary and appropriate to address such violation, including the construction of appropriate structures, installation of devices and self-monitoring and management practices.

(3) *Cease and desist orders.* When the authority finds that any person has violated, or continues to violate, this article or any order issued under this article in such a manner as to materially adversely affect the health, welfare, environment, or safety of persons residing or working in the neighborhood or development site so as to be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood; the authority may issue an order to such person to cease and desist all land disturbance activities immediately, and direct such person in violation of this article to:

- a. Comply with this article forthwith; or
- b. Take such appropriate remedial or preventive action as may be required to address properly a continuing or threatened violation of this article.

Section 7. Amendment to Section 7-108. That Section 7-108 of the Code shall be amended to read as follows:

Sec. 7-108. - Warning Notice.

- (a) When the City Engineer determines that any person has violated or continues to violate any provision of this article or any order issued hereunder, the City Engineer may serve upon that person a written warning notice specifying the particular violation believed to have occurred and requesting that the person immediately investigate the matter and seek a resolution whereby any offending condition will cease. The City Engineer may also include a description of the corrective action(s) he/she deems necessary to resolve the offending condition.
- (b) The notice shall set forth a deadline of (for example thirty (30) days) by which a written response to the warning notice must be received indicating the person's plan for corrective action whether said actions are designated by the City Engineer or determined by the person, and the time by which such plan shall be completed.
- (c) Investigation, corrective actions and other resolutions of the offending condition in response to the warning notice does not relieve the violator or liability for any violations occurring before or after the receipt of the warning notice. (i) Nothing in this section shall limit the authority of the City Engineer to taking any action including notice of violation, emergency action or other enforcement action without first issuing a warning notice.

Section 8. Amendment to Section 7-109. That Section 7-109 of the Code is hereby amended to read as follows:

Sec. 7-109. Notice of Violation.

- (a) Whenever the City Engineer finds a violation of a prohibition or a failure to meet a requirement of this article or any failure to comply with a warning notice, the City Engineer may order compliance by written notice of violation.
- (b) The notice of violation shall contain:
 - (1) The name and address of the alleged violator, property owner, and/or operator.
 - (2) The address of the premises when available, or a description of the building, structure, land, individual and collective stormwater drainage system and/or post-construction stormwater practice upon which the violation is occurring or has occurred.

- (3) A statement specifying the nature of the violation.
- (4) A description of the corrective actions necessary to restore compliance with this article and a deadline for the completion of said actions.
- (5) A statement of the penalty or penalties that shall be assessed against the person to whom the notice is directed.
- (6) A statement that the determination of violation may be appealed to the City Council, by filing a written notice of appeal with the City Engineer within ten (10) business days of service of notice of violation.
- (7) A statement specifying that, should violator fail to restore compliance with this article within the established time schedule, the work will be done by the authority or a contractor and the expense thereof shall be charged to the violator as allowed hereunder and collected as allowed by law. Each act or violation and/or each day upon which a violation shall occur or continue shall constitute a separate offense.

(c) Such notice shall require without limitation:

- (1) The performance of monitoring, analysis and reporting
- (2) Application for permits and payments of associated permit fees and/or the preparation of design plans.
- (3) Vegetative restoration, structure restoration, repair or other combination of individual and collective stormwater drainage systems and post-construction stormwater practices.
- (4) Vegetative stabilization, restoration, repair, enhancement or other improvement of areas that drain to individual and collective stormwater drainage systems and post-construction stormwater practices that are, or may be in the future, adversely impacted by the offending condition.
- (5) The abatement or remediation of stormwater pollution or contamination hazards and restoration of any affected system, practice or affected area.

(6) The design and installation of new individual and collective stormwater drainage systems and post-construction stormwater drainage practices.

(7) That violating discharges, practices or operations shall cease and desist.

(8) The implementation of, or repair of, systems or practices to correct the violation.

(9) Payment of an amount equal to twice any administration and remediation costs borne by the City of Opelika, including cost to administer and execute remedial actions and repair damages that have occurred on public property or on local waterways as a result of said violations.

(d) The failure of any person to comply with any lawful notice to implement corrective actions issued by the City Engineer, which has not been appealed within the time allowed herein, shall be deemed a violation of this article.

Section 9. Amendment of Section 7-110. That Section 7-110 of the Code shall be amended to read as follows:

Sec. 7-110. Variance.

(a) The City Engineer may grant a variance from the requirements of this article if there exists exceptional circumstances applicable to a site such that strict adherence of the provisions of this article will result in unintended consequences. The applicant shall prepare a written request for a variance stating the specific variance sought and the reasons with supporting data, for granting such variance. This request shall include descriptions, drawings, calculations and any other information necessary to evaluate the proposed variance. The City Engineer will review the submitted material and make a written determination to approve or disapprove the application within ten (10) working days after receipt of such a request.

Section 10. Adoption of New Section 7-111. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-111, which said section shall read as follows:

Sec. 7-111. Appeal of Notice of Violations.

All rulings, requirements, decisions or interpretations of the City Engineer shall be final and binding upon all parties thereto unless properly appealed to the City Council. Any person receiving a notice of violation and wishing to appeal the same shall file written notice in the office of the City Clerk within ten (10) days from the date of the notice of violation. Hearing on the appeal to the City Council shall be held within thirty (30) days from the date of the filing of the notice of appeal. The decision of the City Council shall be binding.

Section 11. Adoption of New Section 7-112. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-112, which said section shall read as follows:

Sec. 7-112. Enforcement Measures After Appeal.

If the violation has not been corrected pursuant to the requirements set forth in the notice of violation or, in the event of an appeal, within fifteen (15) days of an issuance of a determination by the City Council upholding the decision of the City Engineer, then the City Engineer shall enter upon the subject private property and is authorized to take any and all measures necessary to abate the violation and/or restore the property. It shall be unlawful for any person, owner, agent or person in possession of any premises to refuse to allow the authority, the City Engineer or any City-designated contractor to enter upon the premises for the purposes set forth above.

Section 12. Adoption of New Section 7-113. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-113, which said section shall read as follows:

Sec. 7-113. Cost of Abatement of Violation.

Within thirty (30) days of abatement of the violation, the owner of the property will be notified of the cost of abatement, including administrative costs. If full payment of the cost is not received within fifteen (15) days of the owner's original receipt of notification of the cost due and owing, the cost shall be presented to the City Council for assessment as a lien on the property. The City Council may assess the owner of the facility for the cost of the repair work which shall be a lien on the property.

Section 13. Adoption of New Section 7-114. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-114, which said section shall read as follows:

Sec. 7-114. Emergency Abatement.

(a) The City Engineer is authorized to require immediate abatement of any violation of this article that is reasonably believed to be an immediate threat to the health, safety or well-being of the public.

(b) When the City Engineer finds that any person has violated, or continues to violate, any provision of this article, and that person's violation(s) has (have) caused or contributed to an actual or threatened discharge of stormwater, which reasonably appears to present an imminent or substantial endangerment to the health or welfare of persons or to the environment, the City Engineer may issue an order to the violator to immediately cease and desist all such violations and to:

(1) Immediately comply with all ordinance requirements

(2) Take such appropriate actions as may be needed to properly address a continuing and threatened violation

(c) Any person notified of an emergency order directed to it under this section shall immediately take steps to comply and implement corrective actions.

Section 14. Adoption of New Section 7-115. That Article IV of Chapter 7 of the Code is amended to add a new section to be numbered Section 7-115, which section shall read as follows:

Sec. 7-115. Violations and Penalties.

It shall be unlawful for any person to violate any provision of, or fail to comply with, any requirement of this article. Any person that has violated, or continues to violate, this article shall be subject to one or more of the following enforcement actions:

(a) Upon conviction, the violator shall be subject to a fine of not greater than \$500.00 and/or imprisonment for a period of time not to exceed six (6) months

for each violation. Each act of violation and/or each day upon which any violations shall occur or continue to occur shall constitute a separate offense.

(b) All permit fees will be doubled if construction of the stormwater drainage system begins before a permit is issued. Violators shall perform corrective actions at their own expense for construction begun prior to issuance of the permit that does not ultimately conform to the approved stormwater management plan.

(c) Permit holders shall be required to perform corrective actions at their own expense if the City Engineer determines that the stormwater drainage plan does not conform to the record drawing, or is not functioning, or will not function, in proper operating condition during a precipitation event.

(d) Failure to pay permit fees may result in the withholding of a certificate of occupancy for the applicable land development or the withholding of any permit approvals or determinations on the applicable development and/or other land developments permitted in the permit holder's name.

(e) Failure to establish permanent perennial vegetation may result in the withholding of a certificate of occupancy for applicable developments. Escrow or bonds may be considered by the authority.

Section 15. Adoption of New Section 7-116. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-116, which section shall read as follows:

Sec. 7-116. Injunctive Relief and Civil Remedies.

(a) If a person has violated or continues to violate the provisions of this article, the authority may petition the appropriate court for a preliminary and/or permanent injunction restraining the person from activities which would create violations of this article or compelling the person to perform corrective action and/or remediation of any violation.

(b) The authority may also initiate civil proceedings in any court of competent jurisdiction seeking monetary damages for any damages caused to the public stormwater drainage system or any public properties by any person, including costs incurred for corrective action and remediation, and may seek other equitable relief to enforce compliance with the provisions of this article or force compliance with any lawful orders of the City Engineer.

- (c) Damages sought by the authority shall include any and all costs of such action including attorney's fees, trial expenses, court costs and damages to the public stormwater drainage system or any public properties.

Section 16. Adoption of New Section 7-117. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-117, which section shall read as follows:

Sec. 7-117. Remedies Not Exclusive; Costs Recoverable by The Authority

- (a) Remedies listed in this article are not exclusive of any other remedies available under applicable federal, state or local law and it is within the discretion of the authority to seek cumulative remedies.
- (b) The authority may seek to recover in a civil suit for damages all attorneys' fees, trial expenses, court costs and any and all other costs and losses resulting directly or indirectly from a violation of this article, or any rule, regulation, order or other provision authorized by state law. These costs or losses may include, but are not limited to, sampling and monitoring expenses, ADEM fines, EPA fines, costs associated with lawsuits of the authority by third party(s) and other costs associated with the enforcement of this article or the corrective actions or remediation stemming from violations of this article.

Section 17. Adoption of New Section 7-118. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-118, which said section shall read as follows:

Sec. 7-118. Notices.

Whenever the authority is required or permitted to give notice to any party or deliver a document to any party, such notice or document may be delivered by personal delivery, certified mail (return receipt requested), registered mail (return receipt requested), or a general recognized overnight carrier, to the address of such party which is in the record of the authority or which is otherwise known to the authority.

Section 18. Adoption of New Section 7-119. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-119, which said section shall read as follows:

Sec. 7-119. Liability.

Neither the issuance of a permit pursuant to this article, nor compliance with the provisions of this article, shall relieve any person of the responsibility for damage to any person or property otherwise imposed by law.

Nothing herein shall be construed to require the city or its officials, employees, agents or attorneys to restore or cause the restoration of property damaged by erosion or sedimentation in violation of this article or to otherwise seek or assist others in seeking compensation to private property owners for any such damage caused by a violation of this article. The city and its officials, employees, agents and attorneys shall not be liable for any condition or damages that result from any failure to observe or recognize a hazardous condition, any failure of an approved plan to prevent erosion or sedimentation, or any failure of the city to cause owners and builders to adhere to the terms of this article. Nothing herein shall be construed to expand the liability of the city or its officials, employees, agents or attorneys nor shall it create any additional, further, different or expanded claim or cause of action.

Nothing in this article shall be construed to limit the authority to enforce rules and regulations regarding:

- (1) Charges, limits and restrictions on the discharge of waste into the sanitary sewerage system of the City.
- (2) Health or sanitation ordinances of the city enforced by the county health department; or
- (3) Ordinances governing the sanitation of premises where animals are kept.

This article shall be cumulative to and in furtherance of any statutory, common law, or other legal right, duty, power, or authority possessed by the city. Compliance with this article shall not excuse any person from compliance with any other federal, state or local law, ordinance, regulation, rule or order.

It shall be unlawful for any person to provide false information to the authority when such person knows or has reason to know that the information provided is false, whether such information is required by this article or any approval granted under this article.

Section 19. Adoption of New Section 7-120. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-120, which said section shall read as follows:

Sec. 7-120. Severability.

The provisions of this article are severable. If any part of this article is determined by a court of competent jurisdiction to be invalid, unenforceable or unconstitutional, such determination shall not affect any other part of this article.

Section 20. Adoption of New Section 7-121. That Article IV of Chapter 7 of the Code is amended by adding a new section to be numbered Section 7-121, which said section shall read as follows:

Sec. 7-121. Captions.

The captions of this article in the sections are for the purpose of reference only and such captions shall not affect the meaning of any provision of this article.

Section 21. Full Force and Effect. With the exception of the amendments made herein, all other sections and portions of Article IV of Chapter 7 of the Code shall remain in full force and effect, notwithstanding the foregoing amendments.

Section 22. Effective Date. This Ordinance and the sections hereby amended and adopted shall become effective upon its passage and publication as required by law.

Section 23. Publication. The City Clerk of the City of Opelika, Alabama is hereby authorized and directed to cause this Ordinance to be published one (1) time in a newspaper of general circulation published in the City of Opelika, Lee County, Alabama.

**LEE COUNTY
STATE OF ALABAMA**

**POST CONSTRUCTION STORMWATER
MAINTENANCE AGREEMENT AND EASEMENT**

WHEREAS, The Property Owner recognizes that stormwater management facilities (hereinafter referred to as the “facility” or “facilities”) must be maintained for the development called _____, located in the jurisdiction of The City of Opelika, Alabama; and,

WHEREAS, the Property Owner (whether one or more) is the owner of real property described on Exhibit “A” (hereinafter referred to as “the Property”); and,

WHEREAS, The City of Opelika, Alabama, (hereinafter referred to as “The City of Opelika”) requires and the Property Owner, and its administrators, executors, successors, heirs, or assigns, agree that the health, safety, and welfare of the citizens of The City of Opelika require that the facilities be constructed and maintained on the property in accordance with the Post Construction Stormwater Maintenance Ordinance; and,

WHEREAS, the Post Construction Stormwater Management Plan, (hereinafter referred to as “PCSWMP”), requires a condition of permit approval, a maintenance agreement between the City and the Property Owner to ensure the Property Owner will construct and maintain the stormwater facilities identified in the site plan.

NOW, THEREFORE, in consideration of the foregoing premises, the covenants contained herein, and the following terms and conditions, the Property Owner agrees as follows:

1. The facility or facilities shall be constructed by the Property Owner in accordance with the PCSWMP, which has been reviewed and accepted by The City of Opelika or its designee.
2. The Property Owner must develop and provide the “Post-Construction BMP Maintenance Requirements”, attached here to as Exhibit “B”, which have been reviewed and accepted by The City of Opelika or its designee. The BMP Maintenance Requirements shall describe the specific maintenance practices to be performed for the facilities and include a schedule for inspection and implementation of these maintenance practices. The PCSWMP and the BMP Maintenance Requirements shall indicate that the facility or facilities shall be inspected by a professional qualified in stormwater BMP function and maintenance at least annually to ensure that it is operating properly. A written record of inspection results and any maintenance work shall be submitted by the Property Owner to The City of Opelika on an annual basis, and the inspection report kept for a period of 5 years.

3. The Property Owner, its administrators, executors, successors, heirs, or assigns, shall construct and perpetually operate and maintain, at its sole expense, the facilities in strict accordance with the attached BMP Maintenance Requirements accepted by The City of Opelika or its designee.
4. The Property Owner, its administrators, executors, successors, heirs, or assigns hereby grants permission to The City of Opelika, its authorized agents, and employees, to enter upon the property and to inspect the facilities whenever The City of Opelika deems necessary. The City of Opelika shall provide the Property Owner copies of the inspection findings and a directive to commence with the necessary repairs. The City of Opelika will require the Property Owner to provide, within seven (7) calendar days, a written response addressing what actions will be taken to correct any deficiencies and provide a schedule of repairs within a reasonable time frame. Whenever possible, The City of Opelika shall provide notice prior to entry.
5. The Property Owner, its administrators, executors, successors, heirs, or assigns, agree that should it fail to correct any defects in the facility or facilities within a reasonable time frame agreed to in the response by the Property Owner for corrective actions, or shall fail to maintain the structure in accordance with the attached BMP Maintenance Requirements and with the law and applicable executive regulation or, in the event of an emergency as determined by The City of Opelika or its designee in its sole discretion, The City of Opelika or its designee is authorized to enter the property to make all repairs, and to perform all maintenance, construction and reconstruction as The City of Opelika or its designee deems necessary. The City of Opelika or its designee shall have the right to recover from the Property Owner any and all reasonable costs The City of Opelika expends to maintain or repair the facility or facilities or to correct any operational deficiencies subject to the provisions of the immediately preceding sentence relating to negligence or intentional acts of The City of Opelika. Failure to pay The City of Opelika or its designee all of its expended costs, after sixty days written notice, shall constitute a breach of the agreement. The City of Opelika or its designee shall thereafter be entitled to bring an action against the Property Owner to pay or foreclose upon the lien hereby authorized by this agreement, against the property, or both. Interest, collection costs, and reasonable attorney fees shall be added to the recovery to the successful party. The Property Owner shall not obligate The City of Opelika to maintain or repair the facility or facilities, and The City of Opelika shall not be liable to any person for the condition or operation of the facility or facilities. The City is under no obligation to maintain or repair said facilities, and in no respect shall this Agreement impose any such obligation on the City. The Property Owner shall reimburse the City on demand the costs incurred in the maintenance of the facility.
6. The Property Owner, its administrators, executors, successors, heirs, or assigns, hereby indemnify and hold harmless The City of Opelika and its authorized agents and employees for any and all damages, accidents, casualties, occurrences

or claims that may arise or be asserted against The City of Opelika from the construction, presence, existence or maintenance of the facility or facilities by the Property Owner. In the event a claim is asserted against The City of Opelika, its authorized agents or employees, The City of Opelika shall promptly notify the Property Owner and the Property Owner shall defend at its own expense, by an attorney of the choosing of The City of Opelika, any suit based on such claim unless due solely to the negligence of The City of Opelika in which event The City of Opelika shall be required to defend any such suit at its own expense. Notwithstanding the foregoing, if any claims are made against both The City of Opelika and the Property Owner, each will be required to defend any such suit or claim against it at its own expense. Each shall be responsible for payment of any recovery to the extent determined in such suit. If any judgment or claims against The City of Opelika, its authorized agents or employees shall be allowed, the Property Owner shall pay for all costs and expenses in connection herewith except to the extent of the negligence or intentional act of The City of Opelika.

7. The Property Owner shall not in any way diminish, limit, or restrict the right of The City of Opelika to enforce any of its regulations or ordinances as authorized by law.
8. This Agreement shall be recorded at the Probate Office of Lee County, Alabama, and shall constitute a covenant running with the land and shall be binding on the Property Owner, its administrators, executors, successors, heirs, or assigns, including any homeowners or business association and any other successors in interest.
9. The Property Owner shall not transfer, assign, or modify its responsibilities with respect to this Agreement without the City's written consent.
